**NOT ALL VIEWS ARE READY YET**

**1001. 1862 Norfolk Rifled Musket. Cal. 58. NSN.** Overall condition is very good. Bore is very good showing some dirt around the muzzle and little dark in the grooves. Shows bright finish with very little corrosion on lock plate and barrel and just a slight bit of discoloration around the nipple. All proofs legible and intact. Bayonet is fair with pinprick pitting throughout. No scabbard present. Bands are very good, bright with no pitting. Trigger guard assembly shows just a little patina as does the buttplate assembly. Buttstock is in very good plus condition with a few minor scars and is embossed "WW Welch Norfolk Connecticut" opposite the lockplate. All government acceptance proofs are present. (was 01-903/01-1194 / BK / BS) Antique. Est. \$ 1800 - 2500. [\*\*VIEW PHOTO\*\*](#)

**1002. Springfield 1862 Rifled Musket dated 1862 with Bayonet. Cal. 58. NSN.** Overall condition is good. Bore is bright and shiny with no corrosion. Slight very fine pitting the length of the barrel. 3 bands also show very light fine pitting on the top. Lockplate shows some patina, mostly bright, as does the hammer. Trigger guard shows bright and appears lightly cleaned. Buttplate is good with mellow patina and a bit of pitting on high edges. Buttstock is fair to good with patches of moderate

scarring present but no cracks or dents. Bayonet shows heavy surface residue with no scabbard present. All proofs are present. (was 01-902/01-1193 / BK / BS) Antique. Est. \$ 800 - 1200. [VIEW PHOTO](#)

**1003. 1862 S.N. & W. T. C. Contract Rifled Musket dated 1863 with "For Massachusetts" on lockplate with Bayonet. Cal. 58. NSN.** Overall condition is very good to near excellent. Bore is bright and shiny with very good lines and grooves. Exterior finish is very good showing bright with very limited amount of corrosion most of which will clean. Ramrod is present and in very good condition. Bands are very good plus. Lock is patinaed with some varnish on it and showing a little light scattered corrosion. Buttplate is good with light corrosion and a little fine pitting. Trigger guard is very good with one or two spots of corrosion. Bayonet is fair to poor with scabbard and frog which is very dry. All proofs are present. A nice contract musket. (was 01-901/01-1192 / BK / BS) Antique. Est. \$ 1000 - 2000. [VIEW PHOTO](#)

**1004. Springfield 1855 Rifled Musket Dated 1860 with bayonet. Cal. 58. NSN.** Overall condition is good condition Bore is good, has good rifling with frosting. Has a coat of varnish or shellac on metal to keep from eroding anymore. It would show bright with scattered fine pitting throughout reaching moderate around the percussion cap. Buttplate shows good with small patches of fine pitting. Ramrod present but slightly bent. Wood shows very good with few nicks or dings but has no inspector marks. One area on right side of stock appear to have had something removed, possibly tape. The finish here is slightly lighter. Has remnants of a primer tape in the rifle. Bayonet is good with a few patches of light pitting. All proofs are present. Fair example of an 1855 musket. (was 01-900/01-1191 / BK / BS) Antique. Est. \$ 1000 - 1700. [VIEW PHOTO](#)

**1005. LG & Y, Windsor, Vermont, 1863 Contract Rifled Musket. Cal. 58. NSN.** Overall condition is fair to good. Bore has some light corrosion and moderate pitting. Showing patina and fine pitting on all metal parts. VP present on barrel. Light semblance of a cartouche, faint but there, on left side of stock. Pitting is moderate around percussion cap. Some small dings on front half of barrel. Bayonet and scabbard are present and are in fair condition as is ramrod. Has only very light scuffs throughout and one small chip approx. 1 1/2" long under the front barrel band. All proofs are present. (was 01-904/01-1195 / BK / BS) Antique. Est. \$ 800 - 1200. [VIEW PHOTO](#)

**1006. Amoskeag 1863 Contract Rifled Musket with Bayonet and Scabbard. Cal. 58. NSN.** Overall condition is good plus. Bore is good with a little corrosion toward the muzzle. Shows bright finish on breechblock and barrel assembly and a few scattered areas of pitting. Rear sight is blued. Lockplate shows good with some very fine pitting toward the front half and some moderate around the nipple. All proofs are present and musket is NJ marked on the left of barrel and stock. Wood shows very good with a few moderate nicks here and there, the heaviest being a 1" scratch in front of the buttplate and below the tang. Bayonet is fair with some scattered pitting. Scabbard is dry. All proofs are present. Overall a very nice NJ Contract musket. (01-905/01-1196 / BK / BS) Antique. Est. \$ 1000 - 1500. [VIEW PHOTO](#)

**1007. Springfield 1863 Rifled Musket with Bayonet, Scabbard and Muzzle Plug. Cal. 58. NSN.** Overall condition is fair. Bore is fair to good with some corrosion present but mostly bright. Shows heavy oxidation on rear half of barrel and side plate. Rear sight assembly appears blue, finish lightens toward front half of musket showing patches of fine pitting throughout. Cleaning rod is present showing patina finish as with bands. Appears to have a varnish or dried oil coating covering all metal except buttplate applied as a preservative. Wood is fair to good showing only minor nicks mostly along ramrod channel and some fine to moderate pitting on the bottom of the trigger guard. Buttplate shows heavy oxidation but no significant pitting. All proofs are present. (was 01-906/01-1197 / BK / BS) Antique. Est. \$ 800 - 1200. [VIEW PHOTO](#)

**1008. US Springfield Model 1872 Rolling Block Musket (Remington's Patent) with Bayonet. Cal. 50 CF. NSN.** Overall condition is good. Bore is near excellent, bright and shiny. Shows patina on receiver with just a bit of fine pitting present. Barrels are bright with freckling and fine pitting throughout. Barrel bands show good with "e" stamped in the rear one. Bayonet is fair with light and moderate pitting present. Cleaning rod very good plus. Stock is very good showing minor bruising along cleaning rod channel with no cracks or breaks. Buttstock shows very good plus with a couple of minor bruises and a prominent "EAA" cartouche. A nice rare Springfield made rolling block. (was 01-909/01-1200 / BK / BS) Antique. Est. \$ 2000 - 2500. [VIEW PHOTO](#)

**1009. US Springfield 1864 Rifled Musket with Bayonet. Cal. 58. NSN.** Overall condition is fair to good. Bore is good with a large patch of pitting about 8" from the muzzle All proofs present on the barrel. Lockplate shows good with some fine pitting and the balance being bright. Receiver and tang show moderate pitting. VP proofs are very legible. From the rear sight forward, the barrel shows areas of fine pitting. Bayonet is very good with hardly any pitting and still retains blue where it goes on the barrel. Bands show good with a bright finish and very little finish present. Trigger guard and buttplate shows good with some pitting. Buttstock shows fair to good with mostly minor nicks and a few moderate ones between the rear band and the trigger guard. Inspector marks are present but faint. (was 01-910/01-1201 / BK / BS) Antique. Est. \$ 1000 - 1400. [VIEW PHOTO](#)

**1010. PS Justice Mississippi Rifle Model 1841 Dated 1842 Musket. Cal. 69. NSN.** Overall condition is very good. Bore is bright with light scattered pitting, a little dark in the grooves. 42" round barrel secured by 3 brass barrel bands. Bright barrel with very little scattered fine pitting with a blued rear sight and brass hardware. Side plate is very good with nominal fine pitting present and all brass parts of rifle, bands, trigger guard, buttplate, etc. Show a nice patina. Ramrod present and in good condition. Stock shows very good with a small chip behind the nose cap, approx. 1" x 1/4" and the balance showing very fine dings. Wood to breech block fit has slight gaps towards the rear. Most probably from wood shrinkage. Patch box shows very good plus with no corrosion and a nice patina. Overall a really nice Mississippi rifle.

(was 01-911/01-1202 / BK / BS) Antique. Est. \$ 2000 - 2800. [VIEW PHOTO](#)

**1011. Maynard 2nd Model Sporting Rifle. Cal. 42. S# 27344.** Overall condition is fair to good. Bore is bright and shiny with dark grooves. Shows a plum color to the receiver and action bar with a bit of scattered corrosion within. Rear peep sight is very good with some surface rust. Barrel assembly is blue with just some very fine pinprick pitting scattered throughout. Buttstock very good with a couple light scratches and no significant bruising. **1012. Gallagher Civil War Carbine. Cal. 54. S# 11025.** Overall condition is fair. Bore is fair with moderate pitting. Surface rust blended with patina throughout. Mechanically sound. Action tight and serviceable. Receiver shows patina with scattered rust and fine pitting throughout. Barrel blued also with scattered spotting throughout. Cocking lever is patina with some scattered corrosion. Buttplate and patch box show bright with moderate amounts of pitting. Buttstock is good with a couple nicks and a small crack from the front of the saddle bar to the rear of the receiver. (was 01-898/01-1189 / BK / BS) Antique. Est. \$ 500 - 700. [VIEW PHOTO](#)

**1013. Winchester Hotchkiss 1883 3rd Type Bolt Action Rifle with Bayonet. Cal. 45-70. S# 66993.** Overall condition is good. Bore is lightly frosty with strong rifling. Receiver shows 50% patina, 50% spotting. Barrel is bright with spotting throughout. Bands are brown. Front wood shows very good with just a few slight marks from removing the bands and buttstock is also very good with one or two slight dings. Bayonet shows bright and near new. (was 01-897/01-1188 / BK / BS) Antique. Est. \$ 750 - 1500. [VIEW PHOTO](#)

**1014. S. North Percussion Carbine Hall's Patent. Cal. 54. NSN.** Overall condition is poor to fair. Bore is rough with very little rifling and has seen much use. Short rifle or carbine version of the Halls Patent breech loading musket that is mechanically sound. Receiver shows scatter of bright metal and brown patina with fine pitting mixed in. Barrel shows more patina than it does bright with small spots of scattered pitting around barrel band. Stock shows medium to severe nicking and denting. Gets slightly better further back. Has initials "PM" scratched into left side cheek piece. Saddle bar and ring are good. Buttplate is bright with a little corrosion on the edges. (was 01-896/01-1187 / BK / BS) Antique. Est. \$ 300 - 500. [VIEW PHOTO](#)

**1015. Antique Evans Repeating Lever Action Cartridge Carbine. Cal. 44 Evans Rimfire. S# 331 (inside receiver halves)** Overall condition is good. Bore is frosty with scattered light pitting. Later model with gate cover over cartridge opening. 21 3/4" bbl. Evans rifle and carbine were ahead of it's time and not very well received with its stamped receiver halves which are much more common in today's society. Receiver shows blue mixed with brown and scattered patches of light pitting equaling about 50%. Barrel has no finish and just patina turning slightly browner as it reaches the muzzle. Front barrel band and band retaining clip are brown with significant rust. Front hand guard good showing a few scattered moderate dents. Upper buttstock shows no abuse at all while the lower has a couple minor chips. Buttplate assembly shows nice blue brown patina. (was 01-895/01-1186 / BK / BS) Antique. Est. \$ 500 - 700. [VIEW PHOTO](#)

**1016. U.S. Navy Model 1879 Remington-Lee Bolt Action Military Issue Repeating Magazine Rifle, Second Contract. Cal. 45-70. S # 865.** Overall condition is good. Bore is bright and shiny, a little dark in the grooves. Shows approx. 65% blue overall. Bolt is bright with blued extractor. Receiver shows about 70% original blue mixed with patina. Barrel turning plum brown shows about 60% finish as does the barrel bands. Cleaning rod and magazine present. Trigger guard assembly shows mottled corrosion throughout. Buttplate is bright with scattered rust. Buttstock is overall good with a repaired crack at the wrist extending about 4" diagonal up to the cone. (was 01-894/01-1185 / BK / BS) Antique. Est. \$ 800 - 1200. [VIEW PHOTO](#)

**1017. Burnside Model 4 Saddle Ring Carbine. Cal. 54. S# 11775.** Overall condition is fair to good. Bore is bright and shiny with very little wear and minor pitting. No finish left and a fair amount of spotting rust present. Receiver and breech block assembly show patina with a significant amount of rust on left in and around the saddle ring area. Rear and lower portion of barrel also exhibit a significant amount of rust spotting and patina. Barrel band shows slightly brighter with no rust present. Front wood exhibits good condition with small nicks and dent and varnish still present. Rear buttstock also shows fair to good with minor nicks and scarring and a barely legible cartouche and no varnish left. Buttplate assembly is bright with scattered patina. (was 01-893/01-1184 / BK / BS) Antique. Est. \$ 600 - 800. [VIEW PHOTO](#)

**1018. Sharps New Model 63 Conversion Carbine. Cal. 50. S# C1866.** Overall condition is fair to good. Bore is fair without much rifling. Heavy wear and use as it was both a Civil War and Indian War Carbine. Some binding in the cocking mechanism on closing. Front barrel band has a split approx. halfway through it. Receiver and breech block assembly show approx. 50% patina with significant spotting and light pitting. Hammer and side plate assembly shows approx. 70% with less spotting than receiver. Barrel has light surface rust mixed with heavy patina. Front wood shows good with only light scuffing and 7 notches present. Buttstock assembly shows a semblance of a cartouche toward the rear and is in overall good condition with light nicks. Buttplate is patina with scattered corrosion. (was 01-892/01-1183 / BK / BS) Antique. Est. \$ 500 - 800. [VIEW PHOTO](#)

**1019. British Powell / Albani & Beaendlins Conversion Rifle. Cal. 577. S# 52 on breech.** Overall condition is good. Bore is bright and shiny, a bit dark in the grooves. Breech block exhibits about 75% strong case colors. Barrel shows 85-90% original brushed military blue finish with a brass front sight cover. Cleaning rod is patina and the barrel bands exhibit about 10-15% of a bright polished blue that has turned to plum. Stock with brass hardware shows good with only light to moderate

scattered nicking and a heavy coat of varnish. Leather sling is soft and pliable and shows one small hole directly below the trigger guard. (was 01-891/01-1182 / BK / BS) Antique. Est. \$ 500 - 700. [VIEW PHOTO](#)

**1020. Sharps New Model 63 Saddle Ring Carbine. Cal. 54. S# C16803.** Overall condition is fair to good. Bore is bright with significant wear. No finish left on this civil war carbine, just light, scattered pitting and dried grease throughout. These were pretty much the bread and butter gun of the Civil War Cavalry troops and this one shows its use. Barrel band shows just a bit of blue with corrosion present and a little surface rust. Front hand guard shows light to moderate nicks and a crack from the screw to the breech approx. 2 1/2" long. Buttstock slightly better with no inspector marks and has just light scattered nicks, almost moderate. Buttplate shows no finish left with just scattered corrosion. (was 01-890/01-1181 / BK / BS) Antique. Est. \$ 700 - 900. [VIEW PHOTO](#)

**1021. Spencer 1865 Civil War Carbine. Cal. 50. S# 20490.** Overall condition is very good. Bore is fairly bright with light scattered pitting. Receiver exhibits a nice colored look but with some of the roll die missing on the top, may have been refinished, possibly in the update to 1865. Barrel shows nice plum brown with no corrosion present and the barrel band is slightly brighter with some light scattered corrosion. Front hand guard shows good with a couple of scratches and some small nicks around the band. Buttstock shows slightly better with no inspector marks present and a small letter "h" carved directly 2" behind the saddle bar. Magazine tube is good and early stabler cut off is present. (was 01-889/01-1180 / BK / BS) Antique. Est. \$ 1200 - 1800. [VIEW PHOTO](#)

**1022. Peabody Civil War Saddle Ring Carbine. Cal. 45-70. NSN.** Overall condition is fair to good. Bore is bright and shiny and slightly dark in the grooves. Receiver shows about 60% browning. Barrel assembly and band show better than 80% of brown finish. Floor plate and cocking handle shows 65-70%. Buttplate shows wear on high edges, otherwise shows better than 65-70%. Front hand guard show moderate to heavy scoring with a single chip missing that extends from below the rear sight to the receiver on the right hand side measuring about 3 1/2" by 1/4". Buttstock shows better with very visible inspector stamps and light to moderate nicks that are slightly less in quantity and has a stamp or unit marking 101 in the right side. Good example of a Peabody Civil War Carbine. (was 01-888/01-1179 / BK / BS) Antique. Est. \$ 400 - 600. [VIEW PHOTO](#)

**1023. 1861 Joslyn Civil War Carbine. Cal. 52RF. S# 2606.** Overall condition is good. Bore is bright and shiny. Good mechanics. Retains little to no finish as far as bluing, but has a nice patina on visible metal. Brass trigger guard, barrel band and buttplate are nicely mellowed. Wood appears lightly cleaned and inspector marks are missing but only a few light scattered nicks. (was 01-887/01-1178 / BK / BS) Antique. Est. \$ 1000 - 1500. [VIEW PHOTO](#)

**1024. Maynard 2nd Model Civil War Carbine. Cal. 50. S# 13921.** Overall condition is good plus. Bore is bright with minor to moderate pitting toward the breech. Has 45 stamped on left side of barrel below rear sight and in the left side of buttstock between 2 inspector marks although gun appears to be 50 cal. Receiver retains some case color with a lot of brown speckling within. Barrel retains 80-85% original blue with some light scattered speckling and what appears to be some varnish on the top. Buttstock good with prominent inspector marks and one small gouge by the upper tang, the rest of which is just minor bruising. Buttplate show good with strong blue and a dent in the bottom resulting in a crack in the stock running about 2 1/2" in front of the buttplate in front of the toe. Overall a nice Maynard Civil War carbine. (was 01-886/01-1177 / BK / BS) Antique. Est. \$ 1100 - 1700. [VIEW PHOTO](#)

**1025. Evans Sporting Rifle. Cal. 44. NSN.** Overall condition is good to very good. Bore is dark with fine pitting throughout. No external serial number showing. Receiver shows 80% brown finish with fine scattered pitting throughout. Barrel has approx. 80% brown finish with patches of fine to moderate pitting. Front wood shows fair with several cracks present and some minor dents. Buttstock slightly better with no cracks and only minor dings and scuffing present. (was 01-914/01-1205/ BK / BS). Antique. Est. \$ 500 - 700. [VIEW PHOTO](#)

**1026. Navy Arms Reproduction of a Remington Zouave Rifle with Bayonet. S# 1960.** Overall condition is very good externally. Bore shows significant use with moderate pitting. Case hardened receiver and hammer show 95% finish while barrel assembly shows better than 90% military type blue. Brass furniture presents very well with a nice patina. Spare nipples and tools are in the patch box. Stock shows very good with no dents or dings just light surface scratches. (was 01-915/01-1206 / BK / BS) Antique. Est. \$ 300 - 500. [VIEW PHOTO](#)

**1027. Springfield 1888/92 Trapdoor Ramrod Bayonet Rifle. Cal. 45-70. S# 536936.** Overall condition is very good. Bore is bright and shows moderate use. Metal is slightly better than the wood. Breech block 85-90% strong case colors. Corrosion on left flat toward the rear. Breech block tang shows 98% of nice mellow case colors. Barrel assembly shows better than 90% of a nice military blue with just a bit of corrosion up toward the muzzle. Ramrod bayonet is good and functions well. Bands are good with just a little bit of surface corrosion started. Trigger guard assembly and rear swivel are very good with one slight spot near the front of the trigger guard itself. Buttplate shows brown with slight pitting on high edges. Wood is good with light to moderate dings and a rack number 12 over 242 stenciled on right hand side. Overall a really nice 88 trapdoor. (was 01-916/01-1207 / BK / BS) Antique. Est. \$ 900 - 1200. [VIEW PHOTO](#)

**1028. Springfield 1888/91 Trapdoor Ramrod Bayonet Rifle. Cal. 45-70. S# 503726.** Overall condition is good. Bore is bright and shiny. Rifle shows blue turning towards plum but with good coverage. Upper hand guard is a newer replacement and has a repaired break. Front hand guard assembly shows good with only light nicks and scuffs primarily on the right hand side. Buttstock is good with only minor nicks. Sling is dry but has no tears, has some slight cracking. Bayonet is fair to good showing scattered fine pitting with the wood on the handle showing good. Cleaning rod is a possible replacement. (was 01-477/01-1157 / BK / BS) Antique. Est. \$ 300 - 500. [VIEW PHOTO](#)

**1131. British Lee-Enfield Carbine Mark I Military Issue Bolt Action Repeating Service Carbine Royal Irish Constabulary Issue. Cal. 303. S# 1675.** Overall condition is good plus. Bore is slightly frosting. Shows better than average use and retaining most finish. Receiver and dust cover show 95% original blue with high edge wear and slightly pluming. Dust cover shows some very fine scattered spotting. Barrel assembly shows better than 95% with the exception of the muzzle where the bayonet slides on and off, which has turned brown. Upper hand guard shows very little abuse and one slight crack about 1 1/2" long which doesn't detract and should be easily repairable. Lower hand guard shows modifications by an arsenal but are just faint line with very little light denting between the rear sight and the receiver where it appears that the rifle was laid on it's side. Buttstock shows light and moderate scarring. Birmingham proof still very readable. Buttplate starting to patina. Trap contains a pull through. Bayonet fair with light scattered pitting and patina on handles. (was 01-476/01-1156 / BK / BS) Antique. Est. \$ 500 - 700. [VIEW PHOTO](#)

**1132. British Lee-Enfield Carbine Mark I\* Military Issue Bolt Action Repeating Service Carbine Converted to use by Royal Irish Constabulary with Bayonet. Cal. 303. S# 8741A.** Overall condition is fair to good. Bore is slightly frosting. Has lots of blue. Receiver shows about 85-90% with high edge wear and turning plum. Barrel assembly also shows 85-90% blue except the muzzle where the bayonet goes on and off. Upper hand guard is in fair to good condition showing minor nicks throughout. There is an arsenal repair of a crack approx. 1 - 1 1/2" behind the front barrel band. Lower hand guard assembly shows modification to the front for the bayonet adapting and shows moderate with some slightly heavy scarring on the left hand side, while the right hand side shows only light. Buttstock shows good with mostly minor scarring and just a bit of moderate. Birmingham cartouche in the buttstock is very prominent. Bayonet shows good with very little light pitting and the wooden handles are in good condition. (was 01-475/01-1155 / BK / BS) Antique. Est. \$ 500 - 800. [VIEW PHOTO](#)

**1249. Russian Model 1895/1915 Moisin Nagant Revolver. Cal. 8mm. S# 52147.** Overall condition is good as reworked. Bore is bright and shiny. This import marked revolver shows approx. 90% of an arsenal finish with the grips worn almost to smooth and a lanyard loop present. (07-1986 / BK / BS) Curio. Est. \$ 150 - 300. [VIEW PHOTO](#)

**1250. Ruger Bearcat Revolver. Cal. 22. S# 77950.** Overall condition is near excellent. Bore is bright but dirty. This early production Ruger shows approx. 98+% original condition and is accompanied by original box, wax paper, instruction sheet, parts list, and sleeve that held the box. Everything is just the way this little gun was made. These are rarely encountered with this much providence. (07-1993 / BK / BS) Modern. Est. \$ 450 - 650. [VIEW PHOTO](#)

**1251. Argentine Model 1891 Mauser Carbine. Cal. 8mm. S# B5348.** Overall condition is fair. Bore is good with moderate wear. Has a full length stock with straight grip, front sight protectors. A very clean Argentine carbine, complete with original bayonet and scabbard. Receiver, front and middle barrel band may possibly be refinished. Receiver shows 98% of a bright blue that does not quite match the barrel. Barrel shows 98% of a duller more military type blue with some that is beginning to plum. Front sight and rear barrel band match the barrel and finish while the front and middle bands match the receiver and floor plate. Buttstock and upper hand guard show very good with virtually no abuse, however the front of the lower wood. Front of stock shows some significant scratches in the finish which cannot be explained because in removing the barrel bands it appear to be one stock, not 2 pieces that were fitted together. Bayonet is fair showing some scattered fine pitting throughout. (was 01-375/01-1073 / BK / BS) Antique. Est. \$ 150 - 250. [VIEW PHOTO](#)

**1252. Argentine Remington Rolling Block Model 1874 Rifle. Cal. Approx. 43. NSN.** Overall condition is very good. Bore is bright and shiny. With sling and bayonet. Rifle retains better than 80% original military blue. Wood is in very good condition showing no scratches and a minimum of scuffing. Slight nick in hand guard between middle 2 bands on bottom where ramrod goes in. Sling in near excellent condition, a bit dry but no cracking. Brass buckle has nice patina. (was 01-376/01-1074 / BK / BS) Antique. Est. \$ 300 - 600. [VIEW PHOTO](#)

**1253. Unknown European 3 Band Musket with Bayonet. Cal. Approx. 58. S# 860.** Overall condition is fair to good. Bore is fairly good. Barrel starts out octagonal and goes to round. Finish is patina with some significant dents behind the rear sight. Wood in fairly good condition with a couple moderate dents on the cheek piece. Sling is very dry but still intact. (was 01-377/01-1075 / BK / BS) Antique. Est. \$ 300 - 500. [VIEW PHOTO](#)

**1254. Bruwith Bolt Action Carbine. Cal. Approx. 40. NSN.** Overall condition is near excellent. Bore is dark in grooves but otherwise bright and shiny. Shows nearly 100% vivid case hardening on receiver and about 70% (mellowing) on the trigger guard. Rear sight also shows significant case colors. Barrel shows about 85% original blue with the wear being toward the front with some light scratching and rub marks. Front buttstock cap also shows about 80% mellow case hardening. Buttstock shows very good with just the lightest of bruising here and there. Buttplate shows about 90% mellowing case colors. All screws other than the 2 receiver screws show nitride blue finish. Sling is dry and cracking with some loss of stitching. (was 01-378/01-1076 / BK / BS) Antique. Est. \$ 700 - 900. [VIEW PHOTO](#)

**1255. Austrian Cewg Straight Pull Military Short Magazine Rifle. Cal. 11mm. S# 3932.** Overall condition is good. Bore is bright and shiny. Has stamping in butt as follows "79 L.St.B.242" in top tang of butt. Rifle retains most of it's blue, approx. 95%. Only significant wear being the front 3" of the barrel and the front barrel band.

Cleaning rod maybe a replacement. Wood is good plus with fairly sharp finger grooves and only a couple of moderate bruises. The rest being very minor. Bolt is bright as is the magazine follower. Overall a nice example of a pretty rare rifle. (was 01-379/01-1077 / BK / BS) Antique. Est. \$ 300 - 500. [VIEW PHOTO](#)

**1256. Mauser Model 1891 Military Rifle with Bayonet and Sling . Cal. 8mm. S# 9.** Overall condition is very good. Bore is bright and shiny. Mechanics quite crisp. Very little finish loss throughout. Retains about 95% of the original dull military finish on the receiver, barrel and bands. Bolt release shows about 80% nitride blue finish as does the magazine release and follower. Trigger guard and floorplate assembly shows 85% with the most loss being on the bottom of the floorplate itself. Bands very good. Wood shows good with moderate bruising about halfway down and no cracks or significant dents. Sling is near new as is bayonet and frog. Scabbard is very good. (was 01-380/01-1078 / BK / BS) Antique. Est. \$ 800 - 1200. [VIEW PHOTO](#)

**1257. Remington (Argentine) Model 1879 Rolling Block Rifle with Bayonet and Sling. Cal. 43. NSN.** Overall condition is good. Bore is bright and shiny and shows no corrosion. Shows 60% mellowing case colors on receiver. Assembly pins, hammer and breech block itself have been at some point removed and polished. They now show bright. Barrel retains about 65-70% of pluming blue with some very fine spotting blended in. Bayonet has turned patina with fine pitting throughout. Leather scabbard shows good. Front hand guard assembly shows good with just very minor scuffing throughout. Buttstock shows fair with a couple significant dents on right cheek piece and 4 holes from a plaque apparently being removed. Scabbard dry but complete with no tears. (was 01-381/01-1079 / BK / BS) Antique. Est. \$ 300 - 500. [VIEW PHOTO](#)

**1258. Model 1891 Spanish Mauser Carbine. Cal. 7.65. S# 1350.** Overall condition is good. Bore is good but a little dark in the grooves. Full stock with lanyard loop attached behind the trigger guard. Shows moderate wear but not abuse. Metal surfaces show about 85% pluming dull blue with the bolt turning patina. Wood is in good plus condition showing only minor scuffs throughout. No cracks or gouges. Buttplate retains about 80% blue. Overall nice example of an 1891 Argentine. (was 01-382/01-1080 / BK / BS) Antique. Est. \$ 300 - 500. [VIEW PHOTO](#)

**1259. Argentine Model 1891 Short Rifle. Cal. 8mm. S# A9740.** Overall condition is good. Bore has strong rifling and some pitting throughout. Shows same as an 1891 Carbine with the exception of having sling swivels. Shows strong blue approx. 85% with some wear spots on barrel. Barrel also shows some speckling of oxidation toward the front. All numbers appear to match. Equipped with a brass muzzle cap that is not seen very often. Bayonet is good, and though it has been sharpened, it shows little corrosion. Buttstock and hand guards are good with a minimum of bruising on matching numbered buttstock. Trigger guard and floorplate show better than 80% original blue and are matching numbers also. Buttplate shows about 75% with some surface rust. Nice little 1891 short rifle. (was 01-383/01-1081 / BK / BS) Antique. Est. \$ 300 - 500. [VIEW PHOTO](#)

**1260. Incomplete Remington Experimental Magazine Bolt Action Rifle. Cal. 45. NSN.** Overall condition is very good. Bore is bright and shiny. No markings with the exception of a brass tag that is nailed into the lower buttstock with the number 126 on it. Rifle is missing parts. Receiver retains about 98% of blue with the bolt being bright but turning patina. Barrel and barrel bands show better than 95% of original blue with some high point edge wear on bands. Front nose cap has turned plum but retains better than 90% of it's finish. Trigger guard shows about 80% with one wear spot behind trigger guard where ones finger would go. Checkered buttplate is very good and shows some 80% of it's finish with nitride blue screws. Rear sight is missing. Cleaning rod and magazine missing. Wood shows very good with light handling marks throughout and one small chip about 1/4" behind upper tang. (was 01-392/01-1090 / BK / BS) Antique. Est. \$ 500 - 1000. [VIEW PHOTO](#)

**1261. British (T. Wilson & Co.) Straight Pull 3 Band Musket. Cal. 450. S# A173.** Overall condition is fair to good. Bore shows strong rifling but dark in the grooves. Experimental rifle retains 70-75% blue with a lot of very fine pitting. Action tight, crisp and works well. Three bands are bare metal turning patina. Wooden buttstock is fair with one or two moderate dents and an approximate 3" crack on the right rear of the receiver extending from the bolt down towards the trigger guard. The rest is minor bruising. (was 01-393/01-1091 / BK / BS) Antique. Est. \$ 500 - 700. [VIEW PHOTO](#)

**1434. Imperial German Navy Officer's Sword by E & F Horster.** Beautiful triple engraved blade with Navy motif is in near excellent condition with no lifting, bubbling or pitting. The leather scabbard with brass fittings and double swivel rings is also in near excellent condition for its age. The leather is actually quite remarkable. The solid brass hilt with lion's head, having the fore and aft eyes (red and green), has excellent detail. The white celluloid grip retains the double strand wrap and has no chips or cracks. Overall condition of this specimen is near excellent. (BS / BSS27). Est. \$ 750 - 950. [VIEW PHOTO](#)

**1435. German WWII Police Officer's Sword by Emil Voos.** The matte finish on the blade is text book and rates very good with only minor wear. The black painted steel scabbard with nickel fittings retains 95% of the original paint. The plated fittings on the scabbard and "D" guard show light to moderate use. The black wooden handle with steel grip wrap has lost some of its color but has sustained no damage. The proper copper grip eagle is intact but retains no nickel finish. Complete with a very worn sword knot but also a very good black tear drop hanger. Overall condition is very good. (BS / BSS15). Est. \$ 675 - 800. [VIEW PHOTO](#)

**1436. German WWII Army Officer's Sword by Eickhorn.** This is the Prinz Eugen Model from the Field Marshall Series. Blade rates near excellent with no distractions. The black paint on the steel scabbard retains 75% finish and has one dent down towards the boot. The gilding on the "P" guard shows light to moderate wear but the handle, made of black celluloid with triple wire grip, is not damaged in any way. This is a desirable sword with the stylized eagle on the languet and a second eagle with closed wings in the pommel area. Complete with original sword knot. Overall condition is very good. (BS / BSS16). Est. \$ 500 - 650. [VIEW PHOTO](#)

**1437. WWII German Luftwaffe Officer's Sword by E & F Horster.** The blade rates very good with a few slight nicks on the edge. There is a waffenamt on the reverse of the blade near the maker's logo. This is an uncleaned nickel version. The fittings show some discoloration and use. The blue Moroccan leather on the scabbard does have some scuffing and a small portion is missing in a few areas. The leather on the handle rates very good with minor scuffing. The double stranded brass grip wrap is intact. This example is complete with the leather hanger. Overall condition is good. (BS / BSS6). Est. \$ 550 - 650. [VIEW PHOTO](#)

**1438. German WWII NCO Police Sword by Clemen & Jung.** The blade is as near to excellent as you can get and has the matte finish. The leather buffer is intact underneath the crossguard. The scabbard retains 90% of the original black lacquered paint. The nickel plated hilt has never been cleaned and thus has a very dull appearance. The black ribbed handle with zinc police eagle emblem is in very good condition but the eagle retains none of the original nickel finish. This is complete with an Army dagger knot. Overall condition is very good. (BS / BSS17). Est. \$ 375 - 500. [VIEW PHOTO](#)

**1439. 19th Century French Officer's Saber.** The steel blade with fuller is in very good condition with light pitting and minor discoloration. It is stamped with a crown on the reverse of the blade which we presume designates the manufacturer. The steel scabbard with single swivel ring has no finish but is devoid of any major dents or distractions. This has a full basket guard combined with a black wooden ribbed handle. Overall is very good. (BS / BSS11). Est. \$ 350 - 450. [VIEW PHOTO](#)

- 1440. Imperial Prussian Officer's Saber by F. Horster.** This features a triple engraved blade retaining nice detailing with the military motif. The blade itself is overall good with some old sharpening and dark spots. The steel scabbard with double swivel rings has a light coat of rust and 2 significant dents. This has an open full basket guard and black wooden handle. Overall condition is good. (BS / BSS4). Est. \$ 250 - 325. [VIEW PHOTO 1](#) [VIEW PHOTO 2](#)
- 1441. Model 89 Prussian Officer's Sword with Folding Guard by Weyersberg & Co..** This is a double engraved sword as used by the "2. Bad. Drag. Regt. No. 21" (Second Company Badden Dragoon Regiment No. 21). The blade is in near excellent condition with fine detailing and no distractions. The black steel scabbard with single fixed ring retains the majority of it's black anodized finish. It does have one dent. The nickel plated folding basket guard has the Prussian eagle. The black celluloid handle is near excellent. Overall condition is very good. (BS / BSS2). Est. \$ 275 - 350. [VIEW PHOTO](#)
- 1442. Prussian Artillery Officer's Sword by E & F Horster.** This is a German manufactured sword made for export to Switzerland. The blade has a cross in a circle stamped into the ricasso along with a stamping on the brown leather frog indicating Swiss export. The slightly curved steel blade has light discoloration and minor pitting but is overall in very good condition. There is also an issue number stamped on the blade but we did not find a corresponding number on the scabbard. The black leather scabbard with anodized steel fittings shows moderate use but is overall in sound condition. The steel "P" guard hilt is sound and the sharkskin grip retains the brass wire wrap. This is complete with a nicely marked brown leather frog and appropriate knot. Overall condition is very good. (BS / BSS13). Est. \$ 275 - 350. [VIEW PHOTO](#)
- 1443. WWII German Army Officer's Sword by Anton Wingen.** The nickel plated blade is in near excellent condition with no damage. The black painted steel scabbard retains 85% of it's original paint. The highly detailed "P" guard hilt has a stubby winged political style eagle on the langet. This has the red glass eyes but one is missing. Complete with bayonet knot. Overall condition is very good. (BS / BSS26). Est. \$ 275 - 350. [VIEW PHOTO](#)
- 1444. Model 89 Imperial German Officer's Sword by Clemen & Jung.** Nickel plated blade rates very good with some minor lifting and discoloration. The straight steel scabbard retains 60% of it's original paint and has one dent down towards the bottom. The solid brass hilt has a folding guard with the Imperial Eagle. The black celluloid handle with triple wire wrap and the brass monogram for Wilhelm II is intact and as a matter of fact is in very nice condition. Interior of hilt retains the leather finger guard. This example is complete with a good leather sword knot and a nice set of fabric hangers. Overall is in very good condition. (BS / BSS19). Est. \$ 225 - 300. [VIEW PHOTO](#)
- 1445. Imperial Vintage Officer's Saber made by Waffenfabrik in Newhausen.** Outstanding example with blade rating near excellent. The anodized finish on the steel scabbard is virtually intact. This has a single swivel ring on the scabbard to which a leather strap hanger is attached. The basket guard hilt has grooved thumb button and leather finger guard. Black wooden handle is intact with no significant damage. Overall very good. (BS / BSS3). Est. \$ 250 - 325. [VIEW PHOTO](#)
- 1446. Imperial Cavalry Saber.** Heavy duty sword with curved steel blade which rates near excellent with no damage whatsoever. The steel scabbard retains approx. 50% of the anodizing and has one fixed ring. The hilt has a steel "P" guard which retains not finish and has some light discoloration. The handle is made of a ribbed brown wood. Overall condition is very good. (BS / BSS9). Est. \$ 250 - 325. [VIEW PHOTO](#)
- 1447. Imperial Vintage Officer's Saber.** Made by Weyersberg Kirschbaum & Co. and for export as the reverse of the blade is stamped with a crest and says "Modelo Sable" and other words we could not make out. This is an issue sword which has the numbers "1965" stamped on the blade and also on the scabbard. The blade has some very slight sharpening but overall grades very good. The steel scabbard is anodized and retains nearly 95% of the finish. The scabbard is set up with a single swivel ring. The steel hilt has a full basket guard including a crest which we were not able to identify. This is an oval with a pair of shaking hands and a stick with a floppy hat. Above the oval is a rising sun. it has a black celluloid handle with ribbed thumb groove which has one age crack. Overall very good condition. (BS / BSS12). Est. \$ 200 - 275. [VIEW PHOTO](#)
- 1448. British Commonwealth Officer's Sword.** The blade is stamped "Made in England" and has a maker's monogram on the reverse of the blade that resembles the Star of David. The double engraved blade has the Royal Crest and is engraved "GR VI" for King George VI. Blade has no damage and rates near excellent. The brown pebbled leather scabbard has minor scuffing but overall rates near excellent. The leather frog is a large configuration with double belt straps. The huge nickel plated basket hilt is deeply engraved with a filigree design. The sharkskin wrapped grip still retains the single strand wire wrapping. Overall condition is very good. (BS / BSS10). Est. \$ 150 - 225. [VIEW PHOTO](#)
- 1449. Swiss Officer's Saber made by Speyer Behm & Co. in Bern.** This has a nickel plated triple engraved blade with a large cross in the center with rays emanating from the sides of the cross. The blade is in very good condition with minor lifting and discoloration. The nickel plated steel scabbard retains the majority of the plate and rates very good. There is an engraving which translates to "Through Struggle to Victory". This is on the upper portion of the obverse of the scabbard. The basket guard has the Swiss Cross and has nice engraving and detailing. The handle is made of shark skin with triple wire wrap. It also has a leather finger guard.

Complete with ornate appropriate sword knot. Overall condition is very good. (BS / BSS5.). Est. \$ 175 - 250. [VIEW PHOTO](#)

**1450. Model 89 Prussian Army Officer's Sword.** No maker on the blade. Blade rates good with some lifting and overall discoloration. The black painted steel scabbard has 50% of the paint intact. The plated steel "D" hilt with folding guard has approx. 50% of the finish intact. The black plastic handle with triple wire wrap and the monogram for Wilhelm the Second is intact. Overall condition is good. (BS / BSS18). Est. \$ 150 - 200. [VIEW PHOTO](#)

**1451. Imperial Vintage Cavalry Officer's Sword made by Alex Coppel.** This is the heavy weight style with nickel plated steel blade which rates near excellent with only minimal wear for it's age. The steel scabbard has a single swivel ring and some portions have a light coat of rust but otherwise is in solid condition. The fixed full basket hilt retains the majority of it's finish. This sword has the grooved thumb grip and leather finger grip. Overall condition is very good. (BS / BSS25). Est. \$ 250 - 325. [VIEW PHOTO](#)

**1452. Swiss Officer's Cavalry Saber made by Waffenfabrik in Newhausen.** Standard issue saber with nickel plated blade and scabbard showing the usual amount of wear and lifting. The nickel plating on the hilt is about 50% intact. This has an open basket guard with leather finger grip. The black wooden handle shows moderate wear. Overall condition is good. (BS / BSS7). Est. \$ 175 - 250. [VIEW PHOTO](#)

**1453. Pair of Swiss Army Officer's Swords.**

**1. Heavy Weight Cavalry Style with Plain Blade.** Rates very good with minimal wear. The blade is maker marked but the stamping is very light and illegible. The nickel plated scabbard has a few light dings and some minor lifting so rates as very good. This has a full basket guard with shark skin handle. The triple wire wrap is still intact. This example is complete with an appropriate sword knot and combined fabric and leather hanger. (BSS1)

**2. Standard Officer's Style with Straight Blade.** Made by Alcoso. It also has a distributor's mark that reads "Bommer Rabus and Co., Bern". Nickel plated scabbard rates near excellent as does the full basket hilt. The sharkskin handle is complete with triple wire wrap and leather finger guard. This example also comes with an appropriate knot. (BSS8)

Overall condition of the lot is very good. (BS / BSS1&8). Est. \$ 450 - 550. [VIEW PHOTO 1](#) [VIEW PHOTO 2](#)

**1454. Imperial Vintage Artillery Short Sword made by Weyersberg Kirschbaum & Co.** The single edged steel blade is in very good condition with only minor wear and use. The massive steel scabbard is stamped with 2 or 3 sets of numbers. These do not match any of the numbers on the hilt. This utilitarian sword has a steel "P" guard and handle which show light wear. Overall condition is very good. (BS / BSS20). Est. \$ 175 - 250. [VIEW PHOTO](#)

**1455. Swiss Short Sword made by Waffenfabrik by Newhausen.** This is a single edged blade with matte finish that shows minimal wear and no damage. The blade is stamped with manufacturer's information and the Swiss cross indicating it was made for export to Switzerland. Steel "P" guard with sharkskin grip and triple wrapping shows light honest wear. Sword is complete with an appropriate knot and well marked brown leather hanger. Overall very good condition. (BS / BSS14). Est. \$ 175 - 250. [VIEW PHOTO](#)

**1456. Swiss Pioneer Short Sword made by E & F Horster in Solingen, Germany for Export to Switzerland.** The steel plated blade is very good and has the very distinctive sawback serrated edge. The blade is stamped with the Swiss Cross in a circle indicating it was manufactured for export. The steel scabbard retains no finish and has light areas of pitting. The handle consists of 2 wooden grip plates. This example is complete with a large brown leather frog that is maker marked and also has the Swiss Cross with a "B" underneath the cross. Overall condition is very good. (BS / BSS21). Est. \$ 250 - 325. [VIEW PHOTO](#)

**1457. Swiss Model of 1833 Short Artillery Sword for Pioneer.** Made by F. Horster in Solingen for export to Switzerland. The massive single edge blade has a sawback for pioneer/engineer issue. The blade shows some discoloration and rates at very good. In addition to the manufacturer's identification, the blade is stamped with the Swiss Cross in a circle. The leather scabbard has brass fittings and shows light to moderate overall use. The solid brass hilt is in near excellent condition with very little usage. The brown leather frog is maker marked (J Muller in Frieswil) and is dated 1916. This also has the Swiss Cross in a shield stamped into the leather. (BS / BSS22). Est. \$ 275 - 350. [VIEW PHOTO](#)

**1458. Swiss Model of 1833 Short Artillery Sword For Pioneer.** Made by E. & F. Horster in Solingen for export to Switzerland. The massive single edge blade has a sawback for pioneer/engineer issue. The blade shows moderate discoloration and some light pitting and rates at good. In addition to the manufacturer's information, the blade is stamped on the opposite side with a Swiss Cross in a circle. This has a leather buffer under the crossguard. The solid brass hilt shows moderate use. Overall condition is good. (BS / BSS24). Est. \$ 225 - 300. [VIEW PHOTO](#)

**1459. Short Sword for Artilleryman, similar to the Model of 1833.** This was manufactured by the firm of Wester & Co. in Solingen. This is a double edged blade that shows light sharpening toward the tip but otherwise has a matte finish. The blade rates at very good and still has the leather buffer under the crossguard. The brown

leather scabbard has brass fittings and for it's age is in very nice condition. The solid brass hilt has a crown stamped in the center of the cross guard with the number "43.". This may be a unit designation. Overall condition is very good. (BS / BSS23). Est. \$ 250 - 325. [VIEW PHOTO](#)

**1460. Paratrooper Gravity Knife by Paul Weyersberg.** This is the non-takedown model. The blade is in exceptionally nice condition and rates at near excellent. The wooden grips show virtually no wear or discoloration. The marlin spike functions perfectly. The spring mechanism is intact. The nickel plated fittings are also choice. Overall condition is near excellent. (BS / BS24). Est. \$ 500 - 600.

[VIEW PHOTO](#)

**1461. Model 33 SS Dagger with Vertical Hanger.** This piece is being sold in "as is" condition. The blade does not have a maker mark and has been retipped. The SS motto "My Honor is Loyalty" is quite clear and deeply engraved on the obverse of the blade. The scabbard finish has been repainted. The early nickel silver fittings on scabbard and hilt are 100% uncleaned. The black ebony handle has early grip eagle and SS runic button intact. The handle itself is actually quite nice with only one visible age crack. This example is complete with a good early vintage vertical hanger. Overall condition is fair to good. (BS / BS23 ). Est. \$ 750 - 900. [VIEW PHOTO](#)

**1462. Red Cross Leader's Dagger.** This has the typical unmarked blade. The blade itself rates near excellent with virtually no wear or damage. The plated fittings on the scabbard are in near excellent condition. The fittings on the hilt show more wear and some discoloration. An interesting feature is that the cross, being held by the eagle's talons, has been painted red. The yellow grip shows no damage and there is only a slight indication that this dagger has been disassembled. It happens to come with a deluxe set of hangers, but these are for an Army dagger. Overall condition is very good. (BS / BS5). Est. \$ 750 - 950. [VIEW PHOTO](#)

**1463. Presentation German Rifle Association Dagger by Eickhorn.** The triple engraved blade with the hunting and rifle association themes is in near excellent condition. The blade also has a presentation on it and was given to a member of the rifle association on behalf of his 60<sup>th</sup> birthday. This is engraved on the lower portion of the obverse of the blade down near the tip. The ricasso on the reverse side of the blade has the 1935-1941 Eickhorn logo. The black leather scabbard with nickel plated fittings is in sound overall condition. The plated hilt fittings have never been cleaned and have taken on a matte appearance. The enameled logo for the rifle association is clearly visible on the clamshell. The very thin white celluloid handle has one crack which extends around the circumference of the handle. The brass crossed rifles are intact on the front of the handle. Complete with black leather frog. Overall condition is very good. (BS / BS Unknown #2). Est. \$ 800 - 1000. [VIEW](#)

[PHOTO](#)

**1464. Labor Corps. Hower by Eickhorn.** The blade has sharpening on the edge but otherwise is the standard Labor Corps. configuration and rates good. The fittings throughout have a very fine matte finish and have taken on a very even look. The scabbard paint rates 95%. The thick stag grip plates are in place and have no damage. This piece is complete with a brown leather hanger which is dated 1939 and is also RZM marked on the leather. Overall condition is very good. (BS / BS Unk #4). Est. \$ 600 - 700. [VIEW PHOTO](#)

**1465. Second Model Navy Dagger by E & F Horster.** This has the engraved blade with the clipper ship motif. The blade grades easily at near excellent with no detractors. The felt buffer is still present under the crossguard. The hammered brass scabbard is devoid of dents and also grades near excellent. The plated hilt fittings show light wear and the handle is loose, resulting in the pommel cap being at a slight angle. The white celluloid handle with wire grip wrap is intact. Both ends of the wire wrap are visible on the reverse of the handle. This example comes with a reproduction set of fabric hangers with aluminum fittings. (BS / BS8). Est. \$ 450 - 550. [VIEW](#)

[PHOTO](#)

**1466. Early SA Dagger by F. Dick.** Standard SA blade has heavy sharpening and moderate to heavy discoloration and rates only fair. The early solid nickel scabbard retains a nice percentage of it's original finish. The fittings on both the scabbard and the hilt are uncleaned and untouched. The brown wooden handle has the proper insignia and shows light wear. The grip, fit to the crossguard, leaves a little to be desired. This is complete with a later vintage short leather strap hanger. (BS / BS27). Est. \$ 250 - 300. [VIEW PHOTO](#)

**1467. SA Dagger.** RZM vintage with blade marked "M7/37". The standard SA blade rates very good with typical runner marks. the plated scabbard and hilt fittings have never been cleaned and show light to moderate use. Paint on the scabbard is 90% intact. The dark brown wooden handle has early grip insignia and is in near excellent condition. This example is complete with short leather hanging strap. Overall condition is very good. (BS / BS28). 300 - 375. [VIEW PHOTO](#)

**1468. SA Dagger.** RZM Vintage with blade marked "M7/19" and dated 1938. The blade is in near excellent condition with only the usual in and out marks. The plated fittings on the hilt and scabbard have never been cleaned and show light to moderate lifting. The scabbard paint is a remarkable 95% and the handle, with aluminum grip eagle, is near excellent with no damage. Complete with short leather hanger strap. Overall condition is very good. (BS / BS20). Est. \$ 375 - 450. [VIEW PHOTO](#)

**1469. Early SA Dagger by E. Packe & Sohn.** The standard SA blade rates very good with some discoloration and the usual in and out marks. The solid nickel fittings for the scabbard and hilt are uncleaned and show a minimal amount of use. The reverse of the lower crossguard is group marked "B". Anodizing on the scabbard is 25%

intact. The handle has the proper early insignia and displays an excellent fit. Overall condition is very good. (BS / BS14) Est. \$ 450 - 525. [VIEW PHOTO](#)

**1470. SA Dagger.** RZM Vintage with blade marked "M7/14". The standard SA blade is in near excellent condition with virtually no wear and nice factory cross grain. The plated fittings on the hilt and scabbard have never been cleaned. These show a very small amount of lifting and would still grade at near excellent. The scabbard paint is 95% intact and the brown wood handle with aluminum grip eagle is a very nice fit with no damage. This is complete with the 3 piece hanger but the leather strap for the handle is broken. Overall near excellent. (BS / BS19). Est. \$ 450 - 550. [VIEW PHOTO](#)

**1471. Red Cross Hewer.** Fine example with the proper single edged blade with sawback. The blade is as close to excellent as you will find. The black lacquered paint on the scabbard is 95% intact. There are a few minor dings in the scabbard. The matte finish to the scabbard and hilt fittings show light wear and have never been cleaned. The plastic grip plates are intact without damage. This fine example is complete with a textbook black leather frog. (BS / BS7). Est. \$ 450 - 550. [VIEW PHOTO](#)

**1472. First Model Luftwaffe Dagger by Alcosa.** The shiny plated plate blade has never been cleaned and rates very good with minor scratches and wear. This is a transitional plated example with an aluminum chain. The finish on the plating shows light to moderate use. The chain is intact and without damage. It is complete with a proper short style bullion knot. Overall condition is good. (BS / BS21). Est. \$ 450 - 550. [VIEW PHOTO](#)

**1473. NSKK Dagger.** RZM vintage. Blade is marked "M7/36". The standard SA blade is very good with some scratches and the usual runner marks. the plated fittings on the hilt and scabbard have never been cleaned and show honest light wear. The early style anodized finish on the scabbard is 85% intact. The brown wood handle is in near excellent condition with good fit. It does have a zinc eagle grip insignia. This example is complete with a 2 piece hanger configuration. Overall very good. (BS / BS17). Est. \$ 375 - 450. [VIEW PHOTO](#)

**1474. Second Model Luftwaffe Dagger by Gustav Spitzer.** Blade is near excellent with no detractions. The aluminum fittings on the hilt and the scabbard show light to moderate wear. The scabbard itself has a light coat of rust in a few areas. The handle is yellow but has toned in some places and almost appears orange. This set is complete with an appropriate knot and set of standard fabric hangers. Overall condition is very good. (BS / BS16). Est. \$ 350 - 450. [VIEW PHOTO](#)

**1475. Army Dagger by WKC.** Uncleaned example with blade in near excellent condition with no detractions. The plated fittings on the scabbard and hilt have some oxidation and lifting. The celluloid handle is a medium pumpkin orange. This set is complete with a short style knot and a set of fabric hangers which show moderate wear. Overall good condition. (BS / BS25). Est. \$ 325 - 400. [VIEW PHOTO](#)

**1476. Lot of 2 Hitler Youth Knives.**

**1. RZM Model Dated 1939.** The blade is stamped "M7/37" on the ricasso. The blade has light sharpening and a minor amount of damage to the tip. The scabbard retains 80% of the black enamel paint and the leather belt strap is intact but shows moderate use. The checkered grip plates are fine but there is some damage to the enamel on the HJ button. (BS12)

**2. RZM Vintage** and marked "M7/72" on the ricasso and is dated 1940. The blade has overall sharpening and rates good. The hilt fittings show heavy wear. The checkered grip plates and the enameled H button are very good. The scabbard paint shows some light rusting and rates 50%. Belt loop is intact. (BS26)  
Overall condition of lot is good. (BS / BS12 & 26). Est. \$ 350 - 425. [VIEW PHOTO](#)

**1477. Lot of 3 Bayonets.**

**1. Fireman's Bayonet.** No maker on blade. Short model. The blade has a few nicks on the edge but is otherwise very good. The black scabbard paint is 95% intact. The plated hilt fitting have never been cleaned and rate good. Complete with a brown leather frog. (BS3)

**2. Dress Bayonet by F. W. Holler.** Blade has some scratches so we will rate at very good. The scabbard paint is 50% . The plated hilt fittings are uncleaned. Complete with good black patent leather frog. (BS11)

**3. Long Model Stag Handel Dress Bayonet by Richard Herder.** Blade shows no damage and rates at near excellent. The black scabbard paint is 80% intact. The stag grip plates are uncleaned but in sound condition as are the plated hilt fittings. Comes with a standard brown leather service bayonet and frog marked and dated "43". (BS15)

Overall lot is in very good condition. (BS / BS3, BS11, BS15). Est. \$ 250 - 325. [VIEW PHOTO](#)

**1478. Lot of 2 Reproduction German Daggers.**

**1. Second Model Navy Dagger by Eickhorn.** The dagger has an overall excellent appearance but the engraved blade has the incorrect Eickhorn logo. this may be a composition dagger with some good parts as the brass lightning bolt scabbard and the hilt fittings certainly give the appearance of being original. The white composition grip however has a very thin wire wrap unlike those encountered in originals. This comes with a reproduction set of fabric hangers. Overall condition is near excellent. (BS13)

**2. NPEA Student's Dagger by Karl Burgsmuller.** Dagger will make a good display piece as overall it is a good quality reproduction. It has the proper type blade with

the motto for this organization. It happens to come with an original brown bayonet frog for a 98K rifle which is marked and dated '42. Overall near excellent. (BS18) (BS / BS13, BS18). Est. \$ 150 - 225. [VIEW PHOTO](#)

**1479. Lot of 3 Foreign Daggers.**

- 1. Model 1950 Polish Naval Dagger by Emil Voos in Solingen.** Plated blade rates near excellent. Hilt and scabbard fittings have a burnished appearance. The Polish national eagle appears on the pommel cap. Complete with a set of leather hangers. Near excellent condition. (BS4)
- 2. Yugoslavian Army Officer's Dagger.** Maker marked on the double edged blade and rates near excellent with no damage. The brass plated scabbard with raised fittings has a very fancy oak leaf design on the body of the scabbard. The Yugoslavian eagle crest appears on the upper scabbard fitting. Brown leather covered handle has single wire wrap and brass fittings. Complete with scarce leather hanger straps. These also have the Yugoslavian crest incised into the leather. Overall condition is near excellent. (BS6)
- 3. Cased Swiss Commemorative Dagger.** This has the outward appearance of a 16<sup>th</sup> Century hunting knife. This was also the configuration used for German political daggers during the Third Reich. This was to commemorate a 700<sup>th</sup> Anniversary as the blade is dated 1291-1991. The obverse of the blade translates to "For Fatherland". The antique burnished scabbard is heavily engraved with several different costumed figures from Swiss history. It also has "700" surrounded by an oak leaf design. The brown wood handle has a large brass Swiss cross. It comes in a lacquered wooden box and is in unused condition. (BS10) (BS / BS4, BS6, BS10). Est. \$ 350 - 450. [VIEW PHOTO](#)

**1480. Japanese Navy Officer's Dagger.** The short blade has the watermark and appears to be in near excellent condition with no liabilities. The brown rayskin scabbard with fancy brass fittings has the chrysanthemum motif. The locking mechanism works fine. The handle still has the sharkskin finish with original grip wrap. There is a chrysanthemum on each side of the handle. Overall condition is excellent. (BS / BS Unk#3). Est. \$ 275 - 350. [VIEW PHOTO](#)

**1481. Modern Day Eastern Block Bayonet & WWII Era Bayonet with matching numbers.** Est. \$ 100 - 200. [VIEW PHOTO](#)
