## Message From The C.M.

We are starting to see the affects of the new construction on the Clubhouse. With the project about 75% complete, the new paint and stucco are starting to gives us a glimpse of what is to come. We anticipate being finished with the first two phases by mid-April, then

we will be starting on the expansion of the front (Wood Shop, Large Meeting Room & offices).

We installed security cameras behind the bar. As we leave the bar open at night, we can see if anyone goes behind the bar to get a free drink. We also upgraded the back gate cameras and the front gate cameras.

As always, please feel free to contact me for assistance with any association issues.

Bill Berthold, CHA, CCM, CAM –  
Chief Operating Officer/GM

### Environmental Issues Committee

How to water during a drought?

What an interesting question. It got me thinking about what seems like an impossible task.

Wrong, you can now purchase rain barrels to catch your water from the rain we are so blessed with. You store it and use it as needed for your gardens. This is something we get quite a bit in the summer months, a time when our water restrictions are in place.

A rain barrel will save most homeowners about 1,300 gallons during the peak summer months per the EPA newsletter of August 2009. Rain barrels can help save up to 40% of our household use of water for lawns and gardens, car washing, window cleaning, etc. I'm sure you'll be able to come up with a few more. You can purchase a rain barrel at most hardware stores, home centers and numerous internet sites.

Before installing please check what you need to do to fulfill our community standards. As an environmental friendly aid, rain barrels are allowed in order to help meet Florida Friendly Landscaping Guidelines.

To share more environmentally friendly hints with our friends and neighbors email me: [eoportunity@aol.com](mailto:eoportunity@aol.com), Kathy Hendrickson or call 862-2394.

Your Environmental Committee is always looking for ways to help our neighbors have a friendlier and safer planet. Together we will do it for our children and grandchildren.

### Thank You Heritage Pines

The Humane Society of the Nature Coast would like to thank all residents that participated in the donation of items after the garage sale. Your generosity was very much appreciated. It will make a very big impact in being able to make sure the animals of our area are cared for until a Forever Home is found for them. We are a NO KILL shelter and rely on your donations. Thanks again.

### Architectural Review Committee

"April hath put a spirt of youth in everything."

- Wm. Shakespeare

By the time you read this article, the property inspections and the followups will have been completed. We started the inspections in late February, due to cold weather. This will still give ample time for our residents who go north, to take care of any non-compliance issues. The committee will not be giving out any extensions, so it is very important if you are leaving your property for any length of time, that you submit an "Away Notification Notice." If the name of the individual taking care of your property is different from the person to notify for emergencies, put their name on the form also.

At our last meeting March 3, 2011, we decided that we will e-mail the infractions to the residents. The residents who do not have e-mail will continue to receive letters in the mail.

In our inspections we noticed quite a few name plates that are not hanging correctly. In most cases it only involves a missing ring. Please check. The American flag, according to flag etiquette can not touch the ground, no matter what size the flag is. Also quite a few mail posts did not have the residents' house numbers on them. As stated in the policy manual: Section 3.2.23, Page 21, "House Numbers shall appear on the mail post in the same size, color, style and material used throughout the community."

The ARC would like to thank the residents who cooperated in taking care of their infractions. I'm sure that most of us moved in here not only for the beautiful golf course, but because it was "Deed Restricted" and understood that there were rules that needed to be followed. We found many of the violations were due to residents not familiarizing themselves with the ARC Policy Manual, or not understanding them. Any violation we bring to your attention is in the manual. As we have said many times, if there is anything that you need to have clarified, contact a committee member, we are more than willing to help. There will be mistakes made on this volunteer committee, we are human. If you received a letter and you feel you do not deserve it, please call a committee member and calmly explain.

Mary Gruber, Co-chairman

## CDD

### What is a CDD?

#### Community Development District (CDD)

A CDD is a governmental unit created to serve the long-term specific needs of its community. Created pursuant to Chapter 190 of the Florida Statutes, a CDD's main powers are to plan, finance, construct, operate and maintain community-wide infrastructure and services specifically for the benefit of its residents.

CDD's are not unlike other forms of local government, such as cities or counties; however, similarly to other special taxing districts, their powers are limited solely to the provision of infrastructure and representatives of the developer for master planned developments.

CDD responsibilities within our community include storm water management, sewer and wastewater management, street lighting and landscaping. The districts maintenance includes mowing along lake banks and dry retention pond banks throughout the district as well as sod replacement in these areas. The service is handled through a high quality contractor.

#### How does a CDD operate?

A CDD is governed by its Board of Supervisors consisting of five members. Initially, Board Members are elected by property owners and usually composed of representatives of the developer. Thereafter, the Board of Supervisors is elected by the majority vote of the electors within the district. Like all municipal, county, state, and national elections, the Office of the Supervisor of Elections oversees the vote, and the CDD Supervisors are subject to state ethics and financial disclosure laws.

With certain exceptions specified by law, the CDD's business is conducted in the "sunshine," which means all meetings and records are open to the public. Public hearings are held on CDD assessments and the CDD's budget and financial records are subject to annual independent audit.

#### Relationship with homeowners' associations (HOA's)

The CDD complements the responsibilities of community homeowners' associations (HOA's). Many of the maintenance functions handled by these associations in other communities may be handled by the CDD. However, the associations have other responsibilities such as operating amenities and ensuring that deed restrictions and other quality standards are enforced. The CDD may contract with the master homeowners' association to perform maintenance functions.

#### Benefits to Residents

Savings are realized because a CDD is subject to the same laws and regulations that apply to other government entities. The CDD is able to borrow money to finance its facilities at lower tax-exempt, interest rates, the same as cities and counties. Many contracts for goods and services, such as annually negotiated maintenance contracts, are subject to publicly advertised competitive bidding.

## Community/Memorial Tree Program

The Community/Memorial Tree Program provides the opportunity for our residents to purchase a tree in memory of a loved one or friend. Trees may also be purchased to honor a person or because you wish to donate one in your name to beautify our community. Prices vary according to the type and size of tree. Residents may choose a general location for a donated tree which can be on the golf course, along the main boulevard or in other areas of the community. The final placement of each tree will be approved by our golf course superintendent, Tommy Land. Trees will be planted during the months of March/April and October/November. Please plan your purchase during the preceding months.

A map showing the location of all donated trees is located in the hallway by the Magnolia Room. The Community/Memorial Tree Program is headed by Linda O'Leary. Please contact Linda at 819-9207 for pricing information.

A book is being kept at the front desk of the Clubhouse in which residents can look through for the many trees planted throughout the community. Each page includes the name of the honoree(s), sponsor(s), tree location, and type of tree. This book will remain at the front desk for all of the community to view.

## Featured Resident of the Month

**Marcia Gerber**

Marcia Gerber is a born organizer and she has used that talent to the advantage of Heritage Pines. If you have ever attended a theatrical or musical production at Ruth Eckerd Hall, the Straz Center for the Performing Arts or the Show Palace Dinner Theatre, Marcia probably had a major role in

making the arrangements.

One of the first of fifty families to move into Heritage Pines, Marcia and hubby Gene have taken an active role in the community since they arrived in 1999 from Illinois. They spent the initial 52 years of marriage in New York, New Jersey, and throughout the Midwest states living in a mobile home while Gene was teaching at various Air Force bases. Finally settling in Illinois to raise her son and daughter Marcia became a fan of stage and theatre productions. Gene used that love of the performing arts as an inducement to get Marcia to make the move from the Chicago area to Florida promising that he would take her to any show she wanted to see. "And I have held him to it," she explains.

Marcia is also one of the original players of the Dick Starkey Radio group and has performed "Baby Snooks" and "Gracie Allen" for many shows at Heritage Pines and other retirement communities. She says, "I guess I love the theatre and stage too."

She believes her expertise in organization came from her past career as a manager with the Internal Revenue Service. Besides her regular duties, she was asked to teach taxes and also arranged award ceremonies for the employees. She also credits her years as a Den Mother. "I figured if I could take care of 12 very active boys, I could certainly handle a senior population," says Marcia.

The theatre trips have become almost a full-time job for this industrious and indefatigable lady. She has booked trips for anywhere from 15 to 150 people. Currently, she has arranged for a group of 130 to attend "42<sup>nd</sup> Street" at the Show Palace and 150 are attending "Jersey Boys." Putting a show package together to aid residents includes booking the bus and making dinner plans. Marcia estimates that she handles trips to about

30 shows per year.

And she says she couldn't do it without the help of the HP Theatre Club officers and other volunteers spread throughout the villages who help with telephone calls and distribute the tickets. While at Ruth Eckherd Hall, she secured tickets for the Senior Idol show and over 80 residents are going to cheer on Carla Becker when she performs on April 6<sup>th</sup>.

In addition to organizing show trips, Marcia initiated a Bunco game that she played in the Midwest. Also Mah Jongg benefited from her involvement. Starting the club over 12 years ago, she has taught over 150 residents this game free of charge.

With lots of help, she found that some residents had items they were willing to donate for use. The Village Attic was formed and now has cribs, strollers and air mattresses to help residents when company arrives.

Marcia has been a 30-year member of Hadassah and was named "Woman of the Year" just a few years ago. She is very active in their fundraising activities supporting their "children at risk" programs. Organizing Jewish holiday celebrations at the Clubhouse has brought many together and the Passover dinner planned for April 18<sup>th</sup> is open to everyone.

Asked what motivates her involvement in the community, Marcia responds simply, "You've just got to keep going and look out for each other. Many of us are closer to the people in Heritage Pines than we are to our own relatives. It's just a great place to live."

Still single and increasingly attuned to the cacophony of her biological clock, 40-something Kassie (Jennifer Aniston) decides that if she can't find a mate she'll still pursue motherhood with the

help of a sperm sample that's not quite as anonymous as she thinks. As the baby grows up, Kassie's best friend, Wally (Jason Bateman), agonizes over whether to reveal that he secretly replaced the donor sample with his own DNA.

## Flag Etiquette

Red, white and blue, stars and bars, old glory, just a few names that our beloved flag is known as. We collectively believe that this piece of cloth that flies throughout our country is the greatest symbol of freedom on this planet. Countless men and women have fought bravely in defense of

and/or for what she represents. (please note that I mean nothing sexist by referring to our beloved flag as "her or she").

Those of you that know me know that I bleed red, white and blue. I gave 26 years of my life protecting and defending the world-wide freedom that she represents. In so doing I have been asked to bring to attention a few flag etiquette items for all Heritage Pines residents. I will only address pertinent items that pertain to our community. First of all, according to the Florida Statutes & Constitution Chapter 720 Homeowners Associations, it says that "any homeowner may display one portable, removable United States flag or official flag of the state of Florida in a respectful manner etc, etc." "Any homeowner may erect a freestanding flagpole no more than 20 feet high on any portion of the homeowner's real property, etc, etc."

That being said, I will address a few most frequently asked questions.

**Can I fly my flag at home 24 hours a day?** Yes, provided it is "properly illuminated."

Section 6a: "It is the universal custom to display the flag only from sunrise to sunset on buildings and on stationary flagstaffs in the open. However, when a patriotic effect is desired, the flag may be displayed twenty-four hours a day if properly illuminated during the hours of darkness."

The Flag Code offers no additional guidance on what "properly illuminated" means. We interpret it to mean that there should be either a light directly upon the flag or that there be sufficient local lighting to make the flag visible at night.

If you cannot "properly illuminate" your flag, we recommend that you retire it at sunset, as the Flag Rules specify. The American Legion defines *proper illumination* as a "light specifically placed to illuminate the flag (preferred) or having a light source sufficient to illuminate the flag so it is recognizable as such by the casual observer."

### **When do I fly the flag at half-staff?**

May 15 — Peace Officers Memorial Day: half-staff from sunrise to sunset

Last Monday in May, Memorial Day: the flag should be displayed at half-staff until noon

September 11 — Patriot Day: half-staff from sunrise to sunset

First Sunday in October — Start of Fire Prevention Week: half-staff from sunrise to sunset.

December 7 — National Pearl Harbor Remembrance Day: half-staff from sunrise to sunset

Upon reliable information that a past or present President, Vice-President, Chief Justice, or Speaker of the House has died, or

Upon Presidential proclamation or proclamation from your state's governor

### **Saluting the flag by citizens, those in uniform, and non-citizens?**

According to the Flag Code, Americans should stand at attention facing the flag with the right hand over the heart. When not in uniform men should remove any non-religious headdress with their right hand and hold it at the left shoulder, the hand being over the heart. Persons in uniform should remain silent, face the flag, and render the military salute. Those who are not U.S. citizens should stand at attention.

Public Law No: 110-181 (Sec. 594) "Allows members and veterans who are present but not in uniform during the hoisting, lowering, or passing of the flag to render the military salute."

### **Where should the flag be mounted as it relates to the front of a house?**

It is traditionally flown either to the right or the left of the front door. It can be on either side. When there is a choice, find a position of prominence. Sometimes that is the left of the door, sometimes the right, sometimes away from the door, but centered on the house (when you have a porch, for example). Use your best judgment to find a nice position for the flag. However, if you fly a second flag, then the US flag must be on the viewer's left of the other flag, as you approach the house.

### **Is it okay to display the flag upside down to protest the direction of government, the economy, the war, high crime rates, your bar's liquor license, etc.?**

The Flag Code states, "The flag should never be displayed with the union down, except as a signal of dire distress in instances of extreme danger to life or property."

We feel it is a far stretch to argue that political purposes constitute the "dire distress in instances of extreme danger to life or property" the Flag Code speaks of. An instance is a single event not an extended duration of time. The clear intent is as a call for immediate emergency assistance

*continue to next page*

## Flag Etiquette continued

(danger at sea, or perhaps during a kidnapping in progress, for example).

We recommend that people who wish to express their political dissatisfaction find a way to do so that is respectful of the flag ("The flag represents a living country and is itself considered a living thing." Section 8j).

### On Memorial Day, should we place small flags at gravesites?

Yes, it is customary to honor fallen soldiers every Memorial Day by placing a small flag at the gravesite. At Arlington Cemetery, on the Thursday before the Memorial Day weekend, small flags are placed at every burial site in a ceremony called "Flags In." The small flags are removed at the end of the Memorial Day weekend.

Memorial Day is the last Monday of May and the flag should be displayed at half-staff until noon and then raised to full-staff. Full staff shows that the nation lives, for the flag is the symbol of the living nation.

Memorial Day began after the Civil War to honor the fallen Union soldiers. Over time it expanded to memorialize those who served from all branches of the military and in all wars. It was traditionally celebrated on May 30. In 1968, it was changed to the last Monday in May, traditionally kicking off the unofficial beginning of the summer season. At 3:00 p.m. a minute of silence is observed across the nation.

### My flag is old and ready to be retired. What should I do?

Section 8k of the Flag Code states, "The flag, when it is in such condition that it is no longer a fitting emblem for display, should be destroyed in a dignified way, preferably by burning."

Please contact me by email ([buckeyeben@verizon.net](mailto:buckeyeben@verizon.net)), phone (727) 868-4261 and I will come to your home to pick it up, or leave it at the front desk at the Clubhouse. I assure you that she will be retired in the honor that she deserves.

Most sincerely and with dedication, Benjamin "Ben" Bell

## Congratulations, Carla!!!

Just as we hoped, Carla made us all very proud as she was one of three extremely talented contestants to continue on to the Finals of The Bright Star Senior Talent Show at Ruth Eckerd Hall in April. Carla wowed the crowd and received thunderous applause after singing an inspiring rendition of

"Where The Boys Are". What was especially heart-warming and encouraging was seeing such a great turnout from Heritage Pines.

So, on behalf of Carla, thank you so much for your support. More info about the Final round will be forthcoming.

## *AARP Driver Safety Program*

(NO DRIVING REQUIRED)

The class is a total of six hours which will be broken up into two days:

Monday, April 11<sup>th</sup> 1:00 p.m. – 4:00 p.m.

Tuesday, April 12<sup>th</sup> 1:00 p.m. – 4:00 p.m.

The class will be held by our own HP resident, Ray Miller. The purpose of the class is to refresh your skills and perhaps qualify for low insurance rates. Cars have changed, so have the traffic rules, driving conditions, and the roads you travel everyday. Some drivers, age 50+, have never looked back since they first got their license, but even the most experienced can benefit from brushing up on their already existing skills.

For more information, visit <http://www.aarp.org/home-garden/transportation/info-03-2010/take-aarps-drivers-safetycourse.html>

The class will be limited to the first 25 people who sign up at the front desk and pay the cost associated with the class. The cost is:

AARP Members \$12.00

Non-Members \$14.00

We ask any individual interested, please come to the front desk and sign up. At the time you will be asked to pay via member charge for the class.

## Ask The Techie

**Q: I have been a paid subscriber to AOL for many years having used their dial services for Email and Internet access. Several years ago, I switched to high speed Internet services with Verizon FIOS and no longer dial AOL for Internet. I continue to have AOL charges on my credit card while paying Verizon too. I want to retain my AOL email address but no longer am using AOL dialup. Can I cancel my AOL paid subscription but still keep AOL email?**

**A:** Yes, I'd suggest you contact AOL customer service and ask that they switch your account from the paid to the free service. The free AOL plan does not include an Internet connection, live technical support or security software.

You already have the Internet connection from FIOS. Since you have your email setup there is little or no need for live support. You should already have installed Microsoft Security Essentials or other antivirus software on your computer making the security software unnecessary.

Be advised that if you call AOL they will try to convince you not to switch from the paid to free plan. You can do this online via the only AOL Help system (help.aol.com). Enter CONVERT AOL PLAN TO FREE. This should give you a list of links to make the change. The AOL Account Services phone number is 800-827-6364. It may take 1-2 months for the charges on your credit card to stop, but if you are persistent you will be saving \$5-15/month.

**Q: Can you provide some guidelines to help me know when it is safe to open email messages? A neighbor received a message they thought was from a friend and when she opened it her computer got infected with a virus that was difficult to remove.**

**A:** Even using the best antivirus protection program available, one has to be careful opening email. I suggest you pay attention to the **Sender** and **Subject** information before you even open an email. If you see a message from a source you don't recognize, delete and don't open it. Another clue that a message may not be safe is the wording in the email **Subject**. If the **Subject** contains misspellings, doesn't make sense or is inconsistent with what you'd expect from the sender be wary.

If you decide to open an email, again, think about whether the message is consistent with the sender. If there is not text just a link, clicking could result in a download that will infect your computer. Recently, I've had clients receiving messages from friends with no subject and just a link in the email body. Several clicked on the link and their computers were infected requiring my assistance to remove the infection. Upon investigation, these emails were never actually sent by the friends. In one case, the friend's computer was infected sending out virus emails without their knowledge.

As an email sender you should always enter appropriate information in the **Subject**. If you're including a link to a web site, put in some descriptive text so the recipient will know it's from you. I always include some sort of a signature, too.

## *Heritage Pines Ladies Niners' Golf*

Finally, some great golf weather and the Niners have taken advantage of it on Tuesday afternoons! We have all enjoyed great golf and wonderful friends. On March 15th we played golf at HP and then had a "Ladies Night Out". Over 40 of us met at Beef O'Brady's enjoying good food, good drinks, good company and even some more golf, using their driving range and putting green.

**Member/Member Tournament** - By the time you read this the first part of our two-part member/member tournament will have been completed. March 29th the Niners began the tournament with the theme "Rock Your Roots". On that day we all dressed in costumes showing something about our "home" state. On April 5th your eyes will not be deceiving you when you see golf carts decorated showing "home state pride". Who knows maybe there will be an ear of corn for the state of Nebraska or a surfboard for the state of California!

**Niners' Picnic** – The Niners are having a Potluck Picnic on Friday, April 8th for the members and their guests near the bocce courts. The members will supply a dish of their choice and games will be arranged for those who wish to participate. The chairladies tell us this will be a fun time for all. We will begin with conversation and games around 3 p.m. and then eat around 5 p.m. Beverages are being provided, but bring a chair. There is a sign-up sheet in the Pro Shop.

**Migration Celebration** – Glow Ball On April 12th; we are having our Migration Celebration to bid a fond farewell and hurry back to our seasonal members. Glow Ball will be the game for that night so we will NOT play at the usual 1:00 p.m. We have scheduled a complete "Soup & Salad Bar" meal before golf. Cocktails will begin at 5:30 p.m. and dinner from 6 to 7 p.m. This is open to all members and one guest. We have a limit of 120 golfers. Cost of the golf will be \$7.00pp plus any regular fees you normally pay on Tuesday. Cost of the Soup & Salad Buffet is \$7.95pp. plus tax. When you sign up for golf you MUST pay your \$7.00pp and PLEASE tell Cathy Stoehs if you are coming to the Soup & Salad before golf so we can give Mark & Paul an accurate count. We hate to see our members head back north, but we will use any excuse to have a celebration!

### **Outside Play**

May 17th and June 21th, both Tuesdays, our course is closed for golf. The Niners' committee has arranged for outside play at:

Hernando Oaks on May 17th - 9:30 shot-gun 18 holes + lunch to follow for \$35.00.

Brooksville Golf Club on June 21st - 10:00 shot-gun 18 holes + lunch to follow for \$32.00.

A sign-up sheet will be in the pro-shop in April. Pick your own foursome and make checks payable to HPNLGA upon sign-up. You will also need to check your lunch choice. Deadlines are one week prior to play dates.

Maximum # of Clubs is 14. Put your name on clubs to help prevent loss.

Don't move, talk or stand close to the player that is making a stroke.

When marking your ball on the green, mark behind the ball, not to the side. Place your marker and then pick up your ball.

## Featured Member of the Month

Marcia Letterer originally from "Blizzard Town" Buffalo, NY moved to Heritage Pines in 2002 with Husband Mel and have been happily married 42 years this April. They are blessed with four children, two daughters two sons, four grandsons and a granddaughter scheduled to arrive in June.

Needless to say Marcia is a VERY proud grandmother and VERY excited about the new arrival!

Marcia became an RN specializing in Surgical Nursing for most of her career. She found the medical profession very fulfilling and decided that working with the Hernando/Pasco Hospice was the best way to end a most rewarding career, working two shifts a week keeps her busy along with her other activities. Marcia and Mel had been coming to Florida for many years enjoying their New Port Richey Condo. Mel was ready to move down permanently way before Marcia, until one day a horrible snow storm shut down Buffalo leaving Marcia in soaking wet clothing, hungry, cold and tired. It took her until the next day to get home from work! Right then she decided going south was a great idea and she was ready! They packed up with Marcia's Mom, their two Orange Tabby cats, "Chester & Riley" and arrived in Florida in June of 2002. She says this was definitely the best move she ever made! (And we agree!)

Marcia is a member of the Ladies Nine Hole Association and the HPLGA. She assisted with Rally for the Cure, HPLGA Birdies/Chip-ins and is always willing to help on any committee. She is also a member of the Heritage Pines Tennis Club acting as the Ladies Director for 3 years. She belongs to the Ladies Bible Study meeting every Monday and is Secretary of the Kitty Coalition. Mel and Marcia belong to the Drama Club and have been in 7 plays together, and incidentally are very good actors, such fun to watch them! Marcia feels "so very blessed to be living here with so many wonderful people!" She is a great asset to our community and we feel very blessed having her here. Thanks Marcia!

*Canadian Golf Tournament*

We Canadians had a fantastic day on Sunday, March 13<sup>th</sup>. Twenty-two residents, okay snowbirds, enjoyed a great day of golf, dinner and camaraderie. Not only did we play golf well we even had some prizes for the sandbaggers, oops we meant lucky winners. A special thank you to Kevin Burnsworth and the Pro Shop staff for their help and ensuring we had enough golf carts, as well to Kent & Nancy for loaning a golf cart. The golf course, particularly those aerated greens, provided us a good challenge. Speaking of challenges how about a Canada-US challenge/tournament next year, EH?

Elaine & Mike

*Congratulations!*

Congratulations to Carl and his son Victor Chiofolo for winning the 2011 Heritage Pines Member Guest. This is their fourth victory!!

### Library News

Our library is maintained by volunteers from the H.P. Book Club. Any one interested in volunteering can call Jocelyn at 869-9461. We gratefully accept donations of POPULAR hard back books and GENTLY USED paperbacks. Fiction books are on the right hand wall in alphabetical order by author. Non-fiction books are on the left hand wall by subject category. Paperbacks are found in the lower four corners in alphabetical order by author. Large Print books are on the left hand wall of the library. Leave donations and returns on the book cart. Since space is of a premium, we can only keep books of wide appeal. Paperbacks do not need to be returned. **The library does not accept magazines, games, puzzles, technical books or other non-book items.**

### Theatre News

The hectic and very busy theatre season is slowly ending. We completed the March schedule at Show Palace and saw "42ND STREET" and at Ruth Eckerd Hall, "THE RAT PACK IS BACK". The April offering is "GREASE", "THE BEACH BOYS" and finally "JERSEY BOYS". We have 150 residents and friends attending "JERSEY BOYS" on 2 separate dates. If you would like to be on stand-by, please call me. It's nice to have a list of residents that can attend at the last minute and it helps those unable to see the show.

The theatre book will have updates, prices and sign up sheets. We should have the final information for the shows that are booked. It looks like a very busy February 2012 already. The snowbirds are here to make the shows a financial success. I'll try not to have any conflicts, but it may be hard not to have the busy weekends with these shows.

- HAIRSPRAY • MEMPHIS
- THE MAN WHO WOULD BE KING
- LES MISERABLES • LA CAGE • COME FLY AWAY

As soon as the contracts are confirmed, we will need your \$25 per ticket to reserve the seats. With the announced shows, "LES MISERABLES" and "LA CAGE" may have a bus package.

There's still time to book "SHREK, THE MUSICAL" on May 7th, and "HAIR" on May 28th at the Straz Ctr. We must return the unsold tickets 30 days before the performance. Our May offering at Show Palace will be "SENTIMENTAL JOURNEY" on May 14th and "LITTLE SHOP OF HORRORS" on July 16th. That's still \$40.50 a ticket for show, buffet dinner and tax. Gratuities are extra. Finding quality theatre in our backyard has been great and we look forward to more exciting shows.

I filled the order for 90 residents to cheer our own Carla Becker in her Ruth Eckerd Hall appearance in the Bright House Senior Idol show on April 6th at 7 p.m. Call the box office if still interested in tickets.

Again, I thank all my volunteers for their help with calls and ticket delivery.

## Sportsman's Club

The next meeting of the Heritage Pines Sportsman's Club, which is always held on the second Thursday of each month will be on April 14th, 2011 at 11:00 a.m. in the Magnolia Room. All interested residents are invited to join us at the meeting and to learn about our many Club outdoor activities. We are an active and growing club.

The Wards report that there was a wonderful group of members who attended our first quarterly 'coffee & cake' get together at their house. So please check in the future for our next gathering.

The Sportsman's Club has run a very successful series of fishing trips. With trout season having opened on March 1<sup>st</sup>, expect an e-mail from Roger with new dates. Call Roger Keplinger (379-6571 or send email to: [RKeplinger@tampabay.rr.com](mailto:RKeplinger@tampabay.rr.com)) if interested in a fun fishing trip.

The Sportsman's Club goes trap and skeet shooting on Wednesdays and Saturdays at the Silver Dollar Shooting Club in Odessa, FL. Once in a while we go north to Crystal River and shoot at the Robinson's Ranch range. Transportation is provided and we gather at 9:00 a.m. in the parking lot across from the Clubhouse to organize the carpools. If you don't own a gun and would like to try this sport, you can rent a gun at Silver Dollar for the day at a very reasonable rate. Along with our members we also have about ten people from Timber Pines attending. We are looking to organize a tournament with Timber Pines and possibly other sister developments. As previously reported they are still giving lessons at the Silver Dollar for Trap shooters for \$40.00 per person. There are two instructors for each group of five shooters. One of the nice things that this group does is to enjoy a meal together after each shooting session. We also have six members that have shot Skeet. Skeet is a different game than Trap and requires a different set of shooting skills. The Sportsman's Club Coordinator for Trap and Skeet shooting is Thom Johnson at 863-7724.

Pistol and Rifle Shooters also can go to Hernando County Sportsman's Club which is on the left about 20 miles as you drive north on Highway 19. Shooting is done on Wednesdays where non-members pay on a pay-as-you-go basis. If you become a member of the Hernando Club, you can shoot for lower cost. You should contact Bob Hunter at 863-9911 if you wish to go to the Hernando Club to do your shooting. We are also looking into going to the Phoenix Gun Club on the edge of Brooksville. A group of members have recently shot at the Phoenix Gun Club for the first time on March 18<sup>th</sup>. You must be a member. Costs are reasonable with a \$25.00 annual fee with an additional \$10.00 per day to shoot. There is a family plan for \$200.00 a year with no additional charge to shoot. As we know more about them we will let you know.

Harry Koerner advised us that the next Gun Show in Tampa will be on April 16<sup>th</sup> & 17<sup>th</sup>.

Organized Bocce Ball play has resumed. Players are attending but we are in need of more players if a tournament is to be playable. Please contact Leon Silberman at 862-2394 if you're interested in joining the fun.

Howard Stringer and Lorna Colton report until the weather warms up their monthly kayak adventures are on hold. Interested in getting together?? Call for further info at 819-8059.

Please join us at our next meeting of the Heritage Pines Sportsman's Club and find out all about the outdoor fun we are all enjoying. After each monthly meeting many of us get together for food and good conversation at a local restaurant. For more information on the club contact our President, Thom Johnson at 863-7724 or Vice President, Harry Koerner at 378-5667.

## Book Club

### Discussion And Nominations

The Heritage Pines Book Club meets on the 4<sup>th</sup> **Wednesday of each month. On Wednesday, April 27**, we'll meet in the **Magnolia Room at 10:30 a.m.**

For our reading selection this month, we have chosen **Little Heathens** – Hard Times and High Spirits on an Iowa Farm during the Great Depression – a “wise, rich memoir” by Mildred Armstrong Kalish. For many of us, this book will open the door to a past we knew, or one we heard of from parents and grandparents. “Whether you are of farm origins or not, *Little Heathens* is an endearing bit of our country's history. In clear, clean prose we are offered the grit, struggle and also the joy of hard work on a farm. It tells of a time, a place, and a way of life long gone but still indelible in our memories.”

In addition to the discussion, members will submit their book **nominations for the 2011-2012 reading year**. A completed submission form will be required for each nomination. If you failed to obtain the form at the March meeting, they can be found in the **Book Club binder** in the Library, and while anyone in the community may submit a nomination, he/she must be present at the April meeting for a brief oral synopsis of the book. Ballots will be prepared after the meeting, and in May the Book Club will begin our “summer meetings” at an area restaurant, where the ballots will be tabulated.

Following the meeting, members will adjourn to the Dining Room for lunch and more “book talk”.

Everyone in the community is welcome in the Book Club, so please come and join our stimulating and insightful discussions. If anyone has any questions about the Book Club, please call Judith Chase at 862-4545. Happy reading!

## Drama Club News

Ever heard that "Life Imitates Art"? Your Drama Club is living that saying as it prepares to put on "Lend Me A Tenor", a hilarious comedy about the tribulations of an opera company trying to put on a show despite egos, broken equipment, prima donnas, etc. Putting on a play faces many challenges but the cast, consisting of your friends and neighbors, is coming through. This is a full scale performance with a beautiful set, music, costumes, props and dialogue that we have worked on for up to four months. We perform Friday and Saturday, April 8th and 9th at 7:00 p.m. and Sunday April 10th at 2 p.m. All performances are in our PAC. Opening night will feature a cake and coffee reception with the actors. Dinner in the restaurant (optional) will be available on Friday and Saturday evenings. Ciao!!

## New Outlook Singles Club

The next monthly meeting of the Heritage Pines New Outlook Singles Club will be on April 4, 2011. We will dine at noon in the HP Clubhouse restaurant and then meet in the Magnolia Room after lunch. Please call 861-1677 ASAP to reserve your seat for lunch.

ALL singles living in Heritage Pines are invited.

Also, note that Singles-only tables are available for many of the ticketed events held at the Clubhouse. ANY HP single is welcome to purchase a ticket for seating at one of the Singles tables. IF you don't find a Singles table listed, start one on your own! Both the Singles monthly luncheon/meetings and group seating for ticketed events (Friendly Feud, Trivial Pursuit, etc.) offer a wonderful opportunity to meet other singles who live in Heritage Pines.

The HP Singles will be playing miniature golf together at Congo River Golf in Port Richey the afternoon of April 8, 2011. Information about any additional outings planned at our April 4 meeting or during the rest of the month will be shared via our contact list.

If you would like to have your name added to the New Outlook Singles Club contact list, please contact Donnie Skuja at [dskuja@yahoo.com](mailto:dskuja@yahoo.com) or 727-868-3617.

## Angels in the Pines

We meet the 1st and 3rd Sundays for the month of April at 1 p.m. in the Craft Room. All are welcome. Bring your talents and share techniques with your friends and neighbors as we help to touch the lives of the residence of the domestic violence house in Hudson.

If you feel you can't help because crafting isn't your talent, stop by and see that every hand is welcome. You'll be hooked by the good works we, as a group, have accomplished and the hundreds of lives we have helped. As noted by the thank you letter shown below for our vet's project.

## Jazz Squares

It's not too late to join this class! It is led by experienced dancer and teacher, Debbie Castelline. The lessons have changed a bit to suit those who are not interested in performing but like to exercise while dancing. Many different moves are taught with exhilarating music. They meet on **Wednesdays** at the PAC at 10:00 a.m. **There will be no class on April 6 and April 13.**

## Investment Club

The Investment Club met on March 9 to discuss the portfolio, focusing on the commodities funds.

We decided on splitting the investments into three different funds: the precious metals and mining fund, the energy fund, and the materials fund. The first two are mutual funds, and the last one is an ETF.

Inflation as reported by the U.S. government is very low. Inflation that we see when we buy food, insurance, health care, and commodities is high. We expect inflation to become much worse, forcing bond values to erode. Our national debt (total accrued) and deficit (current debt addition) almost ensures long-term inflation, if not economic instability or failure. Consider that according to a TV report on Saturday, March 12, the damage in Japan due to the earthquake will be between 18 Billion and 43 Billion dollars. By comparison, the U.S. deficit for the **month** of March was \$223 Billion dollars, or almost 10 times higher than the cost of the devastation in Japan. More recent reports adding tsunami and nuclear reactor costs are estimated to be about 100 Billion dollars. Our monthly deficit was only a little over twice that horrific devastation. This monthly deficit is about 17 times the entire deficit for the **year** 2007. The investment club doesn't own any treasury bonds, but if we did we would sell them; if we were more aggressive we would short them. Our national leaders are apparently in hiding (although they are still campaigning), so it doesn't look like we will have a beneficial solution, at least not soon.

We will meet next on Wednesday, April 6 at 9:30 a.m. We'll try to find the most quiet and least dark and dreary corner of the Restaurant. If anyone can suggest a more suitable meeting environment, please let us know. Gerry Hopkins, 697-1664.

Find out what is being done now and what can be done to assure victorious local, state and national Democratic candidates in 2012. **YES WE CAN!!**

We meet the third Thursday of every month, 4 - 6 p.m., Magnolia Room, Heritage Pines Clubhouse. All Democrats in Heritage Pines are welcome. Come see what we're all about!

RSVP: Dr. Lynn Lindeman, President - 697-3052; Paula Storch, Vice-President - 868-0113; Judith Chase, Secretary - 862-4545; Oma Spain, Treasurer - 863-3962; Sandi Harrison, Parliamentarian - 808-9299

Never doubt that a small group of thoughtful citizens can change the world. Indeed it is the only thing that ever has."

## Friendship Quilters

Pictured Front Row Left to Right: Joan Chandler, Linda Fernandes, Kathie Reichert, Marcia Andres, Terry Carlucci, Pat Horning, Diane Irvine

Back Row Left to Right: Thelma Guay, Doris Myers, Rita Curtin, Diane Rericha, Jan Salmon, Betty Williams, Dyanna Gasse, Eva Dreuding

In the Spring of 2010 the talented and industrious ladies of the Friendship Quilters decided, as a service project, to create quilts for the girls at Hope Ranch. Many, but not all, of those who participated are pictured above. Whenever a girl is cycled out of their program, she is given a quilt to take with her. The quilts are meant to be comforting and inspirational. Each quilt has a label part of which reads, "Never let what you cannot do stand in the way of what you can do." In addition, an "ugly block" (we prefer to think of it as a block that is out of character with the quilt's design) is sewn on the back to remind the girls to put the ugliness they have known behind them and go forward to better things. To date eleven quilts have been delivered and twelve more will soon be ready for delivery. That's a tremendous accomplishment in just a year's time. Special kudos go to Doris Myers and Diane Rericha who do all of the quilting on their wonderful long arm quilting machines. We couldn't do this without their efforts.

Friendship Quilters meet on the second Friday of the month from Noon until 4:00 p.m. and on the Fourth Friday from 1:00 to 3:30 p.m. in the Craft Room. All skill levels are welcome and we love visitors.

## Pet of the Month

Phantom is a black and white cat that was rescued and adopted by Bill and Vicki Hoffman.

In 1996 Bill noticed a cat in the warehouse behind his office. Every evening Bill and others fed the wild cats outside the shop. Then one morning Bill noticed one of the cats inside the warehouse. That night Bill wanted to see what would happen if he whistled and he saw the cat peeking around a corner. Eventually, the phantom cat came to him, Bill picked him up and took him to the vet. This beautiful frightened cat was coming home with him.

He must have been lost or abandoned because he was already declawed. We had two other cats at the time and he fit in just like he was always a part of our family.

He is now our only cat and at age 17 his favorite thing to do is sleep on Bills' lap ...or Vicki's (if Bill isn't available).

The interesting thing about Phantom is his built in alarm clock. Bill has never needed an alarm clock because Phantom is always there to make sure he is up and out of bed by 5 a.m. So it should come as no surprise that he is sitting in front of his food dish at 7:30 a.m. and 4:30 p.m. waiting for his treats. Most cats don't come when they are called but Phantom is more like a dog at times than a cat.

## Tuesday Ladies' Bible Study

We only have a few more weeks left in our study of the Book of Esther. Our last lesson is May 3rd. If you have never read the story of Esther it is a real page-turner like no other book that God breathed. Esther differs from anything else you'll ever study. Every word is read aloud in synagogues during Purim. And we won't complete our study until we have looked at the whole Megillah. We welcome all women in our Community to join us on Tuesday mornings in the Magnolia Room at 9:00 a.m. for this Beth Moore study. For information call either Pat Hepler at 819-2355 or Evie Clark at 868-3454. Looking forward to studying with you.

## The Kitty Coalition

### Mr. Kitty's Adventure

On January 30, a dog broke free from its owner's control and chased one of the Kitty Coalition ferals, named "Mr. Kitty", up a pine tree. His caretaker, Lee Gebhardt, was terrified. Attempts to climb a ladder to rescue him only made him climb higher. As we know,

slash pines have very few branches, and they are usually fragile or brittle. By eight o'clock that evening, he was estimated at around 50-55 feet up the tall tree, gingerly balanced on a slender branch. The fire department refused to come, saying they don't do that. Mr. Kitty was still up there on Monday morning.

A cat's claws are designed to climb forward, not backward. Normally, they don't go very high and can jump to the ground. If a cat jumps or falls from a great height, it is pure chance as to whether or not they will land safely. Just as many cats are severely injured from such a fall as are those who land without injury.

If you ever see a cat in such a predicament, here is what to do: Usually, they will be okay for up to two days, so give them a chance to calm down and get down themselves. After that, hunger and thirst may make them dizzy and weak, and they could fall. It also depends on the expected weather; too hot, or too cold, may shorten the time they are safe in the tree.

If two days pass and the cat is still in the tree, do not attempt to 'rescue' it yourself. Fear makes the cat climb higher or worse, jump or fall. Attempts to rescue a cat may only make things much worse, not to mention be unsafe for you. If possible, the cat's owner or feeder should call the cat, rattle the food, etc. The circumstances that will make a cat find a way down are variable. Kittens and young cats, or indoor cats, do not have the experience to get themselves down. Older outdoor cats, especially ferals, are usually able to get down if the stress that drove them up the tree is gone and the cat feels reasonably safe.

If, however, there is some factor that makes it urgent to get the cat down quickly, do not call the fire department. Call an arborist, or a tree climber. Call around until you find one that is experienced with cats, or who has gotten a cat down before. To the extent that you can, gather some neighbors with blankets all around the tree to catch the falling cat, just in case something goes wrong.

As for Mr. Kitty, when Lee called him on Monday morning, he managed to get safely down on his own, saving everyone, especially Lee, a lot of stress and worry.

Joyce Johnson has taken the remaining seven cookbooks for our Community and she will be distributing them to welcome new home owners moving into Pines Glen. Happy to say the cookbooks are now all sold out thanks to the hard work of Carol Donahue and Toni Arevalo who orchestrated the entire project.

In May we will have a social event at Pine Island, more information will go out as soon as it is confirmed that the pavilion is available. We are also looking into going to see a Ray's game this summer since the games are indoors and the weather would not be a problem. These two events are in the planning stages.

Linda Langevin did a terrific job with our Social Club garage

sale. Thank you to all the volunteers who helped make this a success and who donated items and thank you Linda and Paul for letting us use your house for this event.,

Laura Newkirk had an open house for some friends and neighbors and gave us a tour of the renovations done, needless to say it was done with good taste and an enhancement to our community. We wish her the best in the years to come and thank her and Tom for their hospitality.
