# messages from the management & BOD

## From the Board of Directors

Randy Doolittle, HPCA Board President

A cohesive management plan with able staff members has been implemented while the Board reviews our entire management structure. Your Board has taken a progressive posture to deliver a congruent mission of realignment to seat the best people possible as well as identify and possibly implement architectural management alternatives that have not been exercised in the past. We are committed to the task of putting Heritage Pines on the best rail in order to meet the current and future needs of our community.

A Board member has resigned. We are discussing our options and will adhere to the Florida statues that govern this event. I hope to have news of these proceedings by next month. In the meantime Committee Chairs have been approved and members now are being interviewed. I expect most committees will be up and running by the time this goes to print. The Board is anxious to see the audited numbers for outside events and no decisions will be made for 2015 until we have accurate numbers. Once available we will make the decision that will be in the best interest of Heritage Pines.

This is a time for all residents to refrain from asking questions of HP employees. The staff doesn't know the answers and to query them only promotes further uncertainty. Change is hard to embrace and takes courage and mindfulness. I offer this short story to better illustrate your Board's vision:

A group of people are standing at a riverbank and begin hearing the cries of a baby. Shocked, they see an infant floating near drowning. One person dives in to rescue the child. But as this is going on, yet another baby comes floating down the river, and then another! People continue to jump in to save the babies and then they see that one person has started to walk away from the group still on shore. Accusingly they shout, "Where are you going?" The response: "I'm going upstream to stop whoever's throwing babies into the river."

## ValleyCrest News

By Tommy Land, VCGCM

Even though the first day of spring was March 20<sup>th</sup> spring doesn't truly

arrive here until our night time soil temperatures reach 69 degrees consistently. We have finally arrived at that mark. It has been a long winter, especially for our winter residents as the snows continue to persist back home.

As soil temperatures continue to rise we are seeing a vast improvement to the coverage of turf on our golf course from the winter months. We knew our first year of not over seeding would be a difficult one but the rewards of doing so would be to the benefit of the health of the base turf. Again I would like to thank the committee from the Golf Advisory for bringing to the table this most difficult decision not to overseed. We will see many positives from it. Next year will not be as severe a look as it was this year and again thanks to everyone for their patience.

It is a ValleyCrest goal to make our property here at Heritage Pines the best it can possibly be. We are privileged to be a partner with all of you.

The golf course renovation that was outlined in the long range plan will begin this month. We will be working on tees at 7, 9, 12, 15 and 16 and installing a new bunker behind 16 green and resurfacing the fairway at our finishing hole at 18. We want everyone to know that there will

be minimal disruption to your play. We will have temporary tees set up adjacent to the existing tees and while hole 18 is resurfaced will play the new chipping area as our 18<sup>th</sup> hole. The process will take 6 to 8 weeks to complete pending weather and another month before we can play on them.

All of us in the golfing community would like to thank our previous co chairs of the Golf Advisory Committee Stan Ely & Mike Gallo for their service and commitment over the past few years and welcome our new co chairs Scott Taveau and Lou Zone. Hope all had a wonderful Easter with family and friends and remembers to HIT-EM STRAIGHT!

## Pool Rules Reminders

By Gary Wind,  
Facilities Maintenance Manager

With the warm weather moving in, and summer sun shining down on us – I just want to remind everyone of the associations pool rules. Residents are asked to please make their guests aware of the rules for using our pool. Listed below are some specific ones we are seeing broken most often:

- ✓ All guests must register at the front desk, at which time they will receive an arm band which must be displayed at all times.
- ✓ EVERYONE must shower AT POOLSIDE before entering the pool or spa. This will protect the filtering equipment and ensure it's running at its best.
- ✓ All food, beverages, and alcohol (except bottled water) must be purchased at the Clubhouse. A walk up window is available for such purchases. No coolers are permitted.
- ✓ ALL FOOD must be consumed on the upper deck.
- ✓ All beverages must remain 4ft from the edge of the pool deck.
- ✓ Loud voices, running, jumping, diving, or any boisterous activities are prohibited.
- ✓ Ear buds must be used with any electronic devices. For safety reasons, only battery operated devices are permitted.

For the full list of Rules & Regulations regarding the pool, please consult pages 13 & 14 of your HP Rules and Regulations Manual.

## From The US Postal Inspection Service CRIME ALERT: BEWARE OF SPAM!

### BOGUS E-MAILS SENT TO POSTAL CUSTOMERS

Some postal customers are receiving bogus e-mails about a package delivery or online postage charges. The e-mails contain a link or attachment that, when opened, installs a malicious virus that can steal personal information from your PC. The e-mails claim to be from the U.S. Postal Service and contain fraudulent information about an attempted or intercepted package delivery or online postage charges. You are instructed to click on a link, open the attachment, or print the label.

But Postal Inspectors warn: Don't do it! Like most viruses sent by e-mail, clicking on the link or opening the attachment will activate a virus that can steal information—such as your user name, password, and financial account information.

What to do? Simply delete the message without taking any further action. The Postal Inspection Service is working hard to resolve the issue and shut down the malicious program.

If you have questions about a delivery or wish to report spam, please call 1-800-ASK-USPS or email spam@uspis.gov. <https://postalinspectors.uspis.gov>

## Shingles Clinic

**Registration Deadline: Friday May 16<sup>th</sup> at 5:00 p.m.**

**Vaccination Day: Friday, May 30<sup>th</sup>**  
**from 10:00 a.m. - 2:00 p.m.**

Shingles is caused by the same virus that causes chickenpox. After you have chickenpox, the virus that caused it, called varicella, remains in your body. It's always inside you, lying dormant (or asleep) in your nerve cells. At some point later in life, your immune system may weaken, allowing the virus to resurface as Shingles. You may be feeling great, but if you've had chickenpox, the Shingles virus is already inside you. And your risk for Shingles increases as you get older. The Shingles rash usually affects only one of the parts of the body shown here.

Most often, the Shingles rash occurs in a band or strip on one side of the body. This band is called a dermatome, which is the area where one of the nerves from your spinal cord connects with the skin. Shingles usually appears along a dermatome, each of which is located on one side of the body. Shingles may also appear on a single side of the face, for example, in the area around the eye and the forehead. But Shingles can strike any dermatome on the body. If you are interested in obtaining a shingles vaccination; here is how it works:

1. You will be **REQUIRED** to register in advance:
  - a. This vaccination for shingles is very expensive, and must be kept refrigerated. Therefore, we ask that anyone interested in getting a vaccination, please fill out the registration form in advance **PRIOR TO FRIDAY, MAY 16<sup>th</sup>** at close of business (5:00 p.m.).

b. Please bring a photocopy of your health insurance card, or medicare card at the time of registration. This information will be kept confidential and will only be used by Walgreens to verify information and obtain cost of vaccination. Walgreens will maintain these documents, which will be destroyed under HIPPA laws.

**1 In 3 People  
Will Get Shingles  
In Their Lifetime.  
Could You Be  
One Of Them?**

2. You will be **REQUIRED** to obtain a prescription for this vaccination:
  - a. Unlike a flu shot, this vaccination may not be fully covered under your health insurance; therefore Walgreens will be happy to run your information ahead of time. If you cannot obtain a prescription from your doctor ahead of time, Walgreens will contact your doctor directly to get the necessary approval.
  - b. Once they have run your information, they will contact you directly to let you know the cost in advance. You will also have the opportunity to prepay for the vaccination at that time.
3. You must be over 50 years of age in order to receive the vaccination.

If you have any questions about this clinic, or want to speak to a Walgreens pharmacist/professional, please contact 727-379-9808. You can also visit [www.shinglesinfo.com](http://www.shinglesinfo.com).

All necessary registration forms can be obtained from the front desk. And again, these documents will be kept confidential at all times.

 Dudley Saunderson  
 The Heritage Pines Drama Club  
 11204 Brooklawn Drive Hudson, FL 34667

Dear Heritage Pines Drama Club,  
 Thank you so much for your more than generous donation of \$1,100.00 to K9s For Warriors.

K9s For Warriors is a non-profit, 501(03) organization that specializes in obtaining, training and placement of service dogs to our disabled American veterans who have been injured in military service to our country post 9/11. Over 500,000 of our warriors will come home disabled. There are 184 new cases of post-traumatic stress diagnosed every day and every hour a veteran will commit suicide. These brave warriors need and deserve our help.

Service canines are a proven recovery resource for these warriors. Thanks to your donation, we will graduate over 50 Warrior/K9 teams in 2013 suffering from post-traumatic stress and traumatic brain injury.

We are especially proud that 95 percent of all K9s used in the program are shelter rescue dogs. We rescue the dogs, they rescue the warriors.

If you would like to have the latest updates and news on our warriors and canines, please send an email to stayintouch@k9sforwarriors.org and we will add you to our priority e-news list.

You can also find us on our Facebook page, [www.facebook.com/K9sforWarriors](http://www.facebook.com/K9sforWarriors), follow us on Twitter, [www.twitter.com/k9sforwarriors](http://www.twitter.com/k9sforwarriors), our website is, [www.K9sForWarriors.org](http://www.K9sForWarriors.org) and our Pinterest site is, [www.pinterest.com/k9sforwarriors](http://www.pinterest.com/k9sforwarriors). ## Long Range Planning Committee Heritage Pines 2013/2014 Survey Introduction

### Background

Optimizing the quality of life for current and future residents is critical to Heritage Pines' growth and success. It is also important to remain competitive in the Florida market for 55+ active adult communities over the next five to ten years by considering new and upgraded amenities to serve and attract residents.

### Research Objectives

- Collect and share data and information for continual growth and evaluation of our community.
- Identify and integrate long-term needs into long-range plans.
- Develop and recommend actions and changes for Board consideration.
- Advise the Board of areas of issues based on the results of the survey.

### Methodology

The Long Range Planning Survey was distributed to the residents of Heritage Pines during the period from November 7 to November 18, 2013 for self-completion. The survey contained 23 questions; most single answers but some were multiple choice or multiple answers. The return period was extended to December 15 to accommodate mailing time to our out of state residents. 1 664 surveys were collected by resident volunteers in sealed envelopes. The envelopes were packaged and delivered to the Pasco/Hernando State College (PHSC).

The PHSC Office of Institutional Effectiveness under the direction of Associate Dean, Dr. Geri Cochran, entered the data into an Excel spreadsheet. The data was compiled by Mr. Ed Siegel, Director of Institutional Research and Grants. The information generated by the statistical program (SPSS) was returned to the committee in the form of tables and graphs for each question on the survey. Our committee asked to have additional data generated by using the age categories of residents within each question to see if the needs of the respondents are age related. Those tables are called "Age Differential / Cross Tabulation."

The Long Range Planning Survey Committee has created the following brief summary of each question. The complete document with all the data tables and graphs is available at the front desk for residents to review.

A workshop will be scheduled for the HP Board and residents to further explain the data and share recommendations from the Long Range Planning Survey Committee. The date of this workshop will be announced at a later time.

## Community/Memorial Tree Program

The Community/Memorial Tree Program provides the opportunity for our residents to purchase a tree in memory of a loved one or friend. Trees may also be purchased to honor a person or because you wish to donate one in your name to beautify our community. They can also be purchased as a gift, perhaps a birthday or anniversary idea. Prices vary according to the type and size of tree. Residents may choose a general location for a donated tree which can be on the golf course, along the main boulevard or in other areas of the community. The final placement of each tree will be approved by Valley Crest. Trees will be planted during the months of March/April and October/November. Please plan your purchase during the preceding months. The Community/Memorial Tree Program is headed by Linda O'Leary. Please contact Linda at 819-9207 for pricing information.

A map showing the location of all donated trees is located in the hallway by the Magnolia Room. Also, there is a book at the front desk of the Clubhouse listing information about the many trees planted throughout our community. Each page includes the names of the honoree(s), sponsor(s), tree location and type of tree. Residents may look through this book as desired.

## Audubon Sub-Committee

### Are your bluebirds happy in their home?

As a member of the Audubon Sub-Committee, I have had the pleasure of working with Herb Elliot and learning a great deal about the wildlife here in Heritage Pines. One of the things I was very interested in was all the bluebird boxes and the birds themselves. Herb has built and put up many boxes throughout Heritage Pines. There are currently more than 150 bluebird boxes located throughout our community. This winter, I was lucky enough to have one put up behind my home. I have enjoyed watching the birds come to my box. But I wondered how do I take care of the box, is there anything special I should do to ensure that the bluebirds continue to come and use my box? Then I realized that perhaps many other residents have the same questions. So, I have done a little web searching and found information that I hope will help many of you. Below is an excerpt from "Bluebird, Information and Awareness" ([www.bluebirdnews.com](http://www.bluebirdnews.com)).

### General Nest Box Tips

Make sure the box is clean and ready to go. Do not take down your boxes after just one fledging. Bluebirds breed more than once a year. After a fledging, you should clean out the box. You should leave your boxes up year-round in clean condition when not being used. The reason is that bluebirds look for nest boxes at all times of the year. If they come through your area and there is not a box up, they may pass by next summer since they had no success before.

### Remove Old Nesting Material From Your Box

Although bluebirds may use an old nest twice, this sometimes can be harmful to the birds by attracting diseases and parasites. The best action is to clean out the old nest after each breed. This will also let the bluebirds know that the box is not being used. To do so, open the box and clean out all nesting material with a screwdriver-like tool. You may want to

spray out the inside of the box with a garden hose. Another good reason to clean out old nesting material is the fact the birds will normally build at least a partial nest on top of the old one. This puts them too close to the entrance of the house and makes them easier targets for predators.

I hope that many of you find this helpful and that all who can will take part in keeping their bluebird boxes cleaned and ready for that next family. One other website that I found informational was: [www.floridabluebirdsociety.com](http://www.floridabluebirdsociety.com).

## Council of Villages Notes

### April 10, 2014

Rosie Tilton, Moderator, opened the meeting at 4 p.m. She introduced Randy Doolittle, Board President of Heritage Pines. Mr. Doolittle explained that the Board met in Executive Session on Wednesday evening and voted to terminate Mr. David H. Coe, General Manager effective April 9, 2014, based on the terms of his contract for early termination. Marcia Merle, Accounting Manager has agreed act as our interim General Manager. Mr. Doolittle also reported that Director-at-Large, Mr. Griff Givens, announced his resignation from the HPCA Board of Directors. The Board will notify the residents in a timely manner as to our plans for his replacement. Additionally, the HPCA Board has temporarily suspended the Governance Model in order to realign the management structure within our organization. The following changes have been made: Mr. Paul Chefero, Food and Beverage Manager, has been terminated. Mr. Mark Stanish will assume the duties of the Food and Beverage manager on an interim basis. Ms. Kim Norton, Property Manager, has agreed to remain in her current position.

Mr. Doolittle summarized that the aforementioned management decisions have been implemented to "allow our community to take a pause so that we may realign our goals and set our future with the assistance of the best management team available". Mr. Doolittle went on to say that he had emailed the community and has met with staff members. He said that the Board is looking to take a pause to realign the goals in order to bring "a degree of harmony to HP in the shortest time possible."

Following his comments, there were a few resident questions.

**Why did the Chef leave so quickly?** Mr. Doolittle explained that he had been following the issue with the new chef and was in support of the decision that was made by management to terminate the chef.

**Will a new GM be hired?** The Board will be meeting to go over the governance model and look at the management structure. Since we have a need for golf, food and beverage, property, maintenance and administrative, maybe one person cannot really oversee all these areas. The Board wants to look at every option available before making a decision.

**Will the dining room be given to an outside vendor?** It has been on the agenda for ten years. The Board and Audit Committee want to study the issue and look at the report that is being prepared by the committee of outside events and then the board will decide what action should be taken.

As acting General Manager, Marcia Merle, was asked to

answer the submitted questions for the Council.

**Of the staff number reported (22 full time and 34 part time) at the last meeting, what is the breakdown by Department, Administrative, F&B etc?** Marcia reported that the current breakdown is:

- Administrative: 5 Full Time 1 Part Time
- Member Services 4 PT
- Food and Beverage 10 FT 19 PT
- Pro Shop 2 FT 9 PT
- Facilities 5 FT 2 PT

**We have a terrible and unfriendly web site for Heritage Pines. When will this be updated and made more user friendly? Who is our contact person if we want to put info on our village on the web site?** Dave Coe was getting quotes from vendors. Marcia does not know what the status is.

**Occasionally, especially on Sunday's I see golfers who walk the HP golf path. I am not a golfer so I have to ask, is this a walking golf course and are these residents?**

Mark Klitzke, Golf Pro was asked to answer this question. People are not allowed to walk on the golf course except during organized events, such as the walk for cancer. That being said, golfers are allowed to walk if they can meet the time allowed as walking has always been a part of the sport. People have been observed on the golf cart paths in the evening after the course is closed. You may call the gatehouse and report this to security. With regards to trackage, Mark reported that anyone who does not pay the yearly fee, may pay trackage on a daily basis when they play.

**Who is responsible for follow up on ARC requests to see if they were done as approved or in the cases of rejections of requests, who checks to see that they were not done?** Once the requests are approved with conditions the resident must complete the work. It is not checked afterwards, but problems are reported.

**Who notifies homeowner/landlords, snowbird owners or empty homes that maintenance needs to be done on exteriors of home; such as mold or broken trim?** Kim Norton, Property Manager. If property is in violation, letters are sent to absentee property owners.

**The petitioners stated that their "fact sheet" was validated by "management". Many of the facts were not only biased but also distorted. Who in management validated the information for the petitioners? Also an "impact statement" was circulated recently. Many of the facts were incorrect. Who wrote this "statement" and why wasn't it signed? If unable to answer at this meeting, please have an answer by the May meeting.** Ms Merle was not able to answer.

**I would like security to be addressed. I would like to know if we are privy to every incident in Heritage Pines and if not how does management determine we should know what has happened or determine we should not know what has happened. And if we are not told of every incident, why, when we would be able to protect ourselves more if we are informed?** Security does not always know when the Sheriff enters the property as they do not have to stop and report. However the Sheriff does maintain a website where someone can go to look at the statistics for Pasco County subdivisions. [www.pascosheriff.com/resources/subdivisions](http://www.pascosheriff.com/resources/subdivisions)

### Heritage Pines "Will Call" Ticket Procedure

Are you out of town, traveling, or just plain busy when tickets for a major event go on sale? No worries, Heritage Pines is now proudly offering a "Will-Call" procedure for those residents who are unable to purchase tickets the day they go on sale. The events and shows at Heritage Pines have become incredibly popular. So much so, that we are booking many events and shows with back to back performances. Tickets are selling on the first day they go on sale! It goes without saying, that the Clubhouse has become the hub of social activity within our community.

Here is how it works:

1. Email [mark.stanish@heritagepines.net](mailto:mark.stanish@heritagepines.net) with the following information:
  - a. Your Name
  - b. Your Phone Number (the best one to contact you on)
  - c. Your address within Heritage Pines
  - d. The event you want tickets for
  - e. How many tickets you want
  - f. Your member number
  - g. And most importantly, you must include the following phrase in your email:  
"Through this email, I authorize Heritage Pines to charge my member account for the number of tickets requested. I understand that this charge will show on my monthly statement."
2. Click Send! – it's that easy...
3. Now, here are few follow-ups:
  - a. Will-call tickets will be purchased AFTER all residents who have "lined-up" on the day of and received their tickets.
  - b. Only ten tickets can be purchased per resident account
  - c. Tickets will be purchased in the order they are received
  - d. We cannot accommodate residents who wish to be seated with anyone else, tickets will be sold to the first available seats.
4. Tickets can be picked up at the front desk at a time that is convenient for you!

*We hope this added service comes as a benefit to you all!*

## Golf Pro

Spring is here and summer is not far behind. This is the time of year where we expect to start seeing some color and rapid growth of our golf course Bermuda grasses. Over the next few months many of the bare and thin spots will begin to grow. Valley Crest has started many practices that will aid in this recovery. They have been spraying to eradicate off varieties of grasses, slicing fairways to help stimulate growth, aeration of the greens and fertilizing the entire course to name a few. Without any competing grasses from over seeding, our Bermuda base will have free reign of sunlight and nutrients. Obviously, the residents of Heritage Pines can aid in this recovery with good cart etiquette (90 degree rule, all four tires on path and remaining on path near greens and tees), filling all divots and fixing ball marks on the greens. Starting in mid-May we will also continue the renovations to the golf course. We will be laser leveling, shaping and re-sodding the tee boxes on holes #7, #9, #12, #15 & #16. There will be a bunker installed on the back of #16 green, which will help stop golf balls from ending up in the environmental area over the green. The fairway on #18 will be completely re-sodded with Celebration Bermuda (same grass installed on #5 in 2013). For all our seasonal residents who will be heading back North, we expect for you to come back to a golf course you can be proud of and happy to play. Our annual residents should be pleasantly surprised with the rapid improvement to the course, especially compared to the same time last year.

## Golf Credits

Hey golfers... do you know you have money in an account just waiting to be spent? If you are a tournament player here at Heritage Pines, then you likely have money in your Golf Credit account. The money in this account can be used for purchases in the Pro Shop or in the Fireside Restaurant & Bar area. If you are unsure if you have golf credits or are curious about your balance, please feel free to ask a member of the Pro Shop or Food & Beverage Staff. We encourage residents to take advantage of these funds and use them throughout the Clubhouse!

## Golf Closures

The golf course will be closed on  
**Friday, May 16<sup>th</sup> All Day**  
and  
**Friday, June 6<sup>th</sup> All Day**  
for routine/scheduled maintenance.

## Heritage Pines Golf Handicap Committee

The planning is underway for the Ninth Annual Heritage Pines Village Tournament to be held Nov. 3<sup>rd</sup>. Last year's Village Champions hailed from TALL PINES. This has always proved to be a fun event. The team captains submit a list of all interested participants who are then selected by a member of the committee in a blind draw. In order to participate, all players must have a current AND accurate handicap. Last year we were able to address any problems early so that the problems could be corrected. In order to participate in events, you **MUST** have an accurate handicap.

**REMEMBER: POST YOUR SCORES!** If you play 13 or more holes, post an 18 hole score. To post a 9 hole score, you must play at least 7 holes on the front or the back. For holes not played, record par plus any handicap strokes that you are entitled to receive. If you pick up on a hole, record your most likely score not to exceed your Equitable Stroke Control (ESC or Max).

As always, if you have any questions, contact our golf pro, Mark Klitzke, or someone from the Golf Handicap Committee.

Joy Stefany, *Chairperson Handicap Committee*

## Men's Golf Association

March 31, 2014 was Jeff Edwards last day as MGA President. Jeff served two consecutive terms as President and will remain on the Board as the Immediate Past President. Jeff brought many positive changes to our association and his leadership will be missed. Thanks Jeff.

On March 28<sup>th</sup>, we had our semi-annual meeting. An election was held for new officers for the coming year. We had one individual running for the four open offices so no ballot had to be cast. Newly elected officers are: President- Scott Taveau, Vice President- Ron Burrows, Treasurer- Paul Sherwood and Secretary Brian Armstrong. In more ways than one, Scott has large shoes to fill.

Back by Popular Demand – Wing Ding Day at Hooters – Wednesday, May 28<sup>th</sup> after golf. \$10.00 Beer and Wings.

Our Member/Guest Tournament was held on March 20, 21 and 22<sup>nd</sup>. The weather cooperated and the food was good. Scott was the tournament chairperson and he and his crew put in a lot of work to put on a very successful tournament. Every participant seemed to have a good time. Special

recognition goes out to Dick Talty, our fund raising chair, who did another outstanding job and without his work we could not have put on a tournament like we did. Also special recognition goes out to Linda McCann who did most of the correspondence and advertising that Mike and I took credit for. Linda has been doing this since the tournament started. We will soon have a lessons learned meeting of the committee to go over the good, bad and ugly so we can have an even better tournament next year.

## Heritage Pines Ladies' Niner's

April showers brings May flowers...and hopefully some lush green grass to our golf course. Nothing dampens the Niner spirit however - we face the challenge of each new round and look forward to a good summer season.

Seasonal players are once again on their way to northern homes and we'll miss them. Our picnic to say "farewell" was planned in the bocce court area on April 8<sup>th</sup>, but was rained out. Don't forget to post your scores into the GHIN system even while you are away. Your member number can be found on the label of your ghin card.

Sign up to play at Silverthorn on May 6<sup>th</sup> ....we are given full access to the golf course on that day to the eighteen holers for their Lady Bug Tournament.

The Nine and Dine group will continue to meet all summer on the third Sunday of every month at 3 p.m. and the next round will be played on Sunday, May 18<sup>th</sup>. We have invited residents of Wellington to join us on this day, so it should be a lot of fun. Check with Gracie Ellis or Nancy Beckwith for further details of this event. Winners of "Thelma" and "Louise" for March were Dan and Merry McGuire and Cathy Lawson and Elmer McGuire.

On Monday May 19<sup>th</sup>, a dinner and movie evening is planned....always an enjoyable way to get together with a few friends. Contact Nancy Beckwith for more information.

Cathy Stoehs is accepting \$100 deposits for the Niner's get-away trip on October 28-29<sup>th</sup>. The rooms are \$195pp double occupancy which covers two nine-hole golf games, two lunches, one sit-down dinner and one breakfast. The Plantation Inn is a beautiful southern style hotel located in Crystal River, just off Rte. 19 and is only about an hour's drive from here. There are many different things to do during the time we're not playing golf. The pool is delightful and there are the usual hotel offerings – check out their website.

## Health: Ten Reasons to Play Table Tennis

From Greg Letts, former About.com Guide  
Edited by Francine Raggi-Collins

Just about everyone has played ping-pong (or table tennis, as it is commonly known) at sometime or another, it's one of the most popular sports in the world. But what are some of the reasons that table tennis is played by so many people? And what exactly does table tennis have to offer you? After reading this article and recognizing the benefits of ping-pong, come join the HP Ping Pongers on Tuesday evenings around 5:45 pm and Friday mornings at 9:45 am in the HP PAC room. Tables and paddles are available at other times for your convenience. Check with the Front Desk to make sure the PAC room is available at times other than noted above.

1. Health and Fitness - Table Tennis is good for your health-it's great for getting up a sweat and getting the heart rate up. Played at the higher levels, it's one of the fastest sports around. But you don't have to be a pro to get a good workout. Just a couple of hours a week hitting that little white ball around can do wonders for your fitness.
2. Gentle on Your Body - It's easy on the body. You can play ping-pong according to your own capabilities and limitations, and still be competitive.
3. Everyone Can Play - There's no age or gender barriers - it's common at clubs for 60 year old veterans to be playing 15 year old juniors, or men playing against women, and with everyone having a great time and a close match. Families can all play each other without having to worry about the bigger or stronger members dominating the game. In fact, many athletes with disabilities can compete on equal terms with able-bodied athletes at table tennis, since there is much more to the game than sheer power or strength.
4. A Sport for Life - Table tennis is a lifelong sport, that can be played competitively right up to your eighties and beyond. It's never too late to start. As you get older, better use of tactics, and technology such as long pimples or antispin paddles can compensate for slowing reflexes or waning speed.

5. Keeps You Mentally Sharp - As you get older, ping-pong is good for the brain. There is an awful lot of thinking, planning, and strategizing going on out there on the court, all of which helps keep the old grey matter active!
6. You Can Play Anytime - Table tennis is an indoor, non-seasonal sport. You can play it all year round, day or night, and you don't have to worry about bad weather or covering up to keep those harmful UV rays off you.
7. You Can Play Anywhere - It's space efficient. You don't need a huge amount of space to have fun playing ping-pong. Tables are available in the PAC room.
8. Make New Friends - Table tennis is a great social sport. You'll get to meet plenty of people here at HP.
9. You don't have to spend any money. Ping pong paddles are available at HP front desk.
10. Enjoy Yourself - It's fun! Table tennis is a wonderful sport to take up for life. It's easy to play, yet difficult to master. You'll always have another challenge to look forward to, and another mountain to climb. You can't argue with all of those reasons, can you?

### MAY – A BUSY MONTH FOR THE BOOK CLUB – LUNCH OUT, BOOK SELECTIONS AND A GUEST AUTHOR

The Heritage Pines Book Club **meets on the 4th Wednesday of each month**. In April, readers submitted their book **nominations for the 2014-2015 reading year**, and those recommendations are listed on the Bulletin Board. During the summer, all our meetings are luncheon meetings outside Heritage Pines. Ballots will be cast and tabulated at our May 28 meeting, when we'll travel to the Silverthorn Country Club for lunch. As a special treat, local author Irene Patino will join us to present highlights from A Matter of Survival, her fictional memoir, the story of four rambunctious brothers growing up in the hand-me-down farmlands of Iowa. With an abusive father and well-intentioned but battered mother, daily life for these four boys is truly a struggle for survival. Of course, she will have her books available for purchase and will be happy to sign them for you.

Details of the lunch trip and a sign-up sheet are located in the **Book Club Binder in the Library Armoire**. We plan

to car pool, so please indicate whether you can drive or will need a ride. You must sign up no later than May 26.

If for some reason you are unable to attend the May meeting, but wish your vote to be counted, absentee ballots will be available at the Front Desk after May 6. You must complete your ballot there and turn it in to a staff member, who will hold all the absentee ballots until our May 28th meeting, when they will be collected and tabulated. Ballots will also be available online for those on our mailing list.

Everyone in the community is welcome in the Book Club, so please come and join our open and insightful discussions. If anyone has any questions about the Book Club, please call Judith Chase at 862-4545 or Mary Lou Ballmann at 862-1438.

### The true meaning of Memorial Day

Memorial Day now suffers the same secular fate as Christmas -- its commercial value has far outstripped its original meaning. That fact is especially evident here in a resort area, where Memorial Day weekend is considered the kickoff to the busy summer season. Although there is nothing terribly wrong with that, and we couldn't change it anyway, we hope readers will give a few moments thought to the real meaning of Memorial Day this weekend. The trouble with evoking memories from past military conflicts is that it is like looking at a grainy black-and-white photograph or newsreel (an outdated term in itself). For many Americans who can barely remember life without color photography, looking at these black-and-white images has little impact. They represent another time, one that is hard to connect with today. But for those who lived through the past few wars, there is color in the memories, and for many of those who served in the military, the color is blood red. For them Memorial Day is not a history lesson, quickly forgotten like other lessons from our school days. For them it is the father, the brother, the son, the husband,

the pal who never came home. And for those of us living today, the war dead are our vivid connection to Memorial Day -- because it is an eerie fact that many of us would not be here today were it not for a quirk of fate that allowed our fathers to survive a war. How many of the more than 400,000 World War II dead would have fathered the geniuses, the creators, the liberators of today's generations?

How many of the 116,000 World War I dead, the 54,000 Korean War dead, or the 58,000 Vietnam War dead? How many of the 500,000 Civil War dead would have fathered children whose impact would still be felt in our lives today? Actually, many of these dead patriots were themselves only 18 or 19 years old, so they were robbed of the chance to leave us any legacy other than the memory of their sacrifice.

A wounded seaman who was taken aboard a rescue vessel during the D-Day invasion was quoted in Life magazine about the fundamental mystery of war: "(The ship) was loaded with the bodies of sailors, soldiers, airmen; the wounded and survivors. And on board was the body of my friend Pete Petersen. He was going to be 21 on June 22. One thing you always wonder is, who makes that decision: Who dies and who doesn't?"

On this holiday weekend, let's not forget the meaning, the mystery and the tragedy behind Memorial Day.

## Ball Room Dance Classes

A local dance instructor has approached Heritage Pines to see if there is interest in holding classes here at our facility. Bonnie Jordan comes with very high regards from communities in our area, as well as a glowing resume.

Bonnie started her remarkable dance career at the Washington School of Ballet at age four, and she studied with the American Ballet Company in New York, as well as with many American and international independent professionals. At age 16, she began teaching ballet for three studios, as well as ballroom dance at the Arthur Murray studio in Maryland. She spent forty years in the Washington, D.C. metro area, operating three studios and teaching children at Galludet School for the Deaf. She has many students that have gone on to become professional performers and teachers. She currently teaches in Hernando County at her studio, Heritage Springs, and Timber Pines, and at Summer Tree in Pasco County.

Performances: Bonnie has performed all over the world, on TV and in live shows. Notable performances include:

- The Nutcracker at age six, with the Washington School of Ballet
- With the Xavier Cougat Orchestra and Glen Miller Orchestra

## R.O.M.E.O.

Club of Heritage Pines Retired Old Men Eating Out  
FAMILY • FRIENDS • FUN • FOOD

WOW!! On March 29<sup>th</sup> we had our monthly breakfast meeting at the Clubhouse. This meeting, however was very special. We honored all 5 branches of the military and all veterans of all wars. We had a procession of flags from all 5 branches to the marching tunes of each branch. We recited the pledge of allegiance and then sang our national anthem. We then honored our special guest, USAF Senior Master Sergeant(ret), Jim Lackey. Jim was installed as an honorary member of the ROMEO CLUB. We thank all the people who volunteered their time to make this event a huge success. To the 80 members who attended this meeting: We thank you for your support. I was never so proud to be a ROMEO as I was on this special day.

Our picnic on April 12 was a lot of fun for all who attended. The weather was just perfect and it was just great to be outdoors. A little softball was played and enjoyed by those participating. I think the hit of the day was the game that Jeff Mariano brought to the picnic. I think it was called a bean bag toss. What a lot of fun. The people playing were laughing so hard and were so excited, jumping up and down, that we're going to have to play this game more often. We only had about 40 people in attendance, which was a little disappointing.

### SUNDAY, MAY 18<sup>TH</sup> ROMEO BOCCE TOURNAMENT

Romeo club members and their spouses or significant others are encouraged to participate. The cost to participate is \$5.00 per person. Most of this money goes for prizes to the winning teams. We need 32 people to play. We'll have 8 teams with 4 players each. We already have 16 people signed up so there's only room for 16 more. Sign up asap to insure your spot on the teams. A lot of the players will be meeting at the Clubhouse for breakfast before the game. Breakfast starts at 9AM which gives players adequate time to finish before the start of the tournament which begins at 10:30AM. We look forward to having a fun time. Call JEFF MARIANO 378-7960 or MIKE KINZLE 869 0928 for info or reservations.

### SUNDAY, JUNE 8<sup>TH</sup> A SPECIAL ROMEO DANCE OPEN TO THE COMMUNITY

Another exciting dance only event sponsored by the ROMEO CLUB, featuring the favorite band, "ALL SHOOK UP", a community favorite. Archie and his group always put on a great show with fabulous music to keep everyone on their feet dancing. The Heritage Pines community is invited to attend this event. The cost for this dance only event is \$5.00 per person. Tickets will go on sale at the front desk when announced. The Fireside restaurant will be open and serving dinner before the dance.

### MONDAY, JUNE 9<sup>TH</sup> A 1:10 P.M. MATINEE BALLGAME AT TROPICANA FIELD

Board the bus at the Clubhouse on Monday morning and arrive at the Tropicana Field entrance where we will watch an exciting game between our Rays and the Seattle Mariners. After the game, we will board the bus for our trip back to Heritage Pines. The cost for this fun filled day is only \$42.00 per person, all inclusive. Reserve your spot early as we only have space for 47 people. Our wives and significant others are invited. Call Al Sacher 862-0123 or Jeff Mariano 378-7960 for reservations and more information. Call Al Sacher 862-0123 or Kevin McCrystal 868-5627 for more Romeo information and how to join our club.

### Fun stuff to do in Heritage Pines on May 18<sup>th</sup>

It's time for our annual ROMEO Bocce tournament. ROMEO club members and their spouses or significant others are encouraged to participate. This year's tournament will be held on Sunday, May 18<sup>th</sup> at 10:30 a.m. at our Heritage Pines (H.P.) Bocce courts. The cost to participate is \$5 per person. Most of this money will go to the prize for the winning team. We need 32 participants to play since this is the number that works best for the tournament. With 32 players, we'll have 8 teams of 4 players each. We currently have 16 players who have signed up to play in the tournament; so, we only need 16 more. (These 16 ROMEO players signed up when I announced the tournament at the monthly ROMEO breakfasts.) I think these spots will fill up fast; so, please send me an Email that you want to play as soon as you can. The 16 players we need will be on a first come first serve basis. Spectators can come and watch free of charge. Bring your own chairs if you'd prefer not to sit on the Bocce

## Tennis Association cont'd from page 34

the Heritage Pines Tennis Association. With over half of our members now trained, this is becoming a popular and easy way to get in some extra time on the courts. Watch the bulletin board and check your email for future training sessions. Contact information along with a list of those who have received training is posted on the H.P.T.A. bulletin board.

The tennis court schedule can also be found on the bulletin board near the tennis courts or at the front desk of the HP Clubhouse. A copy of the rules and regulations as relates to scheduling of the courts is available in the book at the front desk and on the bulletin board. Please check the schedule and reserve your court with the front desk for all non-H.P.T.A. scheduled activity to avoid any conflict. Courts may be reserved no earlier than two weeks prior to your planned activity.

If you are not a member but are considering joining the H.P.T.A. we'd be glad to have you. To get started, please contact one of the board members. A list of those members is on the bulletin board by the tennis courts. Come out and join us to learn the game, improve your skills or just get some good exercise with players of similar interest.

## Heritage Pines Softball Team

We held two practices last month on Friday April 4th and Friday April 18th. We had 21 players and 3 spectators attend the April 4th practice. This was our largest attendance of players for the year (2014) so far. (I was not able to include the April 18th practice discussion before press time.) This was the perfect number of players since it allowed us to create two full teams of 10 players each and one common catcher used by both teams.

The Pasco County maintenance guys had raked the field and installed the pitcher's safety screen before we arrived. The next time we play, we'll need to have them shorten the base paths since they were set for baseball rules at 90 feet between them. Softball rules require the bases to be set 60 feet between each of the bases.

We held our usual short batting practice to allow the players to warm up before we began the game; each batter had at least five hits. We created the team lineups and scheduled the game for 4 complete innings. Team #2 managed by Al Grosso beat Team #1 managed by Jeff Mariano, by a score of 8 – 5. Everyone enjoyed the competition and there were no injuries.

It's very unlikely that we'll have 21 players at our next practice since there's a game at the Anderson Road field on the same day we practice and there are at least 5 of our players who will be participating in that game.

## We have 2 practices scheduled in May as follows:

Friday May 2nd at 9:30 a.m. and Friday May 16th at 9:30 a.m. We will not have another one until Friday June 6th due to the Memorial Day holiday. All practices are held at Memorial Park on Hicks Road in Hudson. Any resident of Heritage Pines is welcome to join us; so mark your calendars for some good batting and fielding exercise and a fun time with some of your neighbors. It's amazing how much good information can be gleaned from conversations with your neighbors. If you're interested and want to join the team you can email me at [jmariano@tampabay.rr.com](mailto:jmariano@tampabay.rr.com) or just show up at the park. We always look for and encourage new team members.

Tom Lumia: Co-Manager, Allen Grosso: Co-Manager and Jeff Mariano: Softball Team Coordinator.

## Tai Chi Class

**Qigong (Chee Kung) – Saturday at 8:30 a.m. in PAC**

### What is the Meaning of Yin-Yang

The Yin-Yang symbol we are all familiar with “” represents the ancient Chinese understanding of how things work. The outer circle represents “everything”, while the black and white shapes within the circle represent the interaction of two energies called “Yin” (black), and “Yang” (white), which cause everything to happen. They are not completely black or white (note the white dot within the Yin and the black dot within the Yang), just as things in life are not completely black or white; and they cannot exist without each other.

“Yin”, the black part of the symbol, signifies things that are dark, passive, downward, cold, contracting, and weak. “Yang” is bright, active, upward, hot, expanding, and strong. The shape of the yin and yang sections of the symbol actually gives you a sense of the continual movement of these two energies; Yin to Yang and Yang to Yin, causing everything to happen; just as things expand and contract, and temperature changes from hot to cold.

Traditional Chinese Medicine considers illness as a disturbance in the balance of Yin and Yang energy within the body. Tai Chi & Qigong are tools that help us to maintain or regain this energy balance that is crucial to good health. Join us as we strive to balance our energy and our lives at our weekly classes. Tai Chi & Qigong can be integrated with other types of more aerobic or strengthen exercises (running, walking, weight training, yoga, water aerobics), or used by itself to help us age in a healthy manner.

## Ask The Techie

**Q: As you predicted on April 8<sup>th</sup>, I received a popup notice from Microsoft that Windows XP support has ended. I also noticed that the Microsoft Security Essentials Icon on the taskbar is RED. So far, my computer seems to be working fine. The notice from Microsoft is confusing and the red Icon disturbs me. Please explain what is going on and what I need to do to continue using my computer. I would prefer to not purchase a new computer at this time.**

**A:** As of April 8, 2014, Microsoft support and updates for Windows XP are no longer available. The only exception is for any XP system that has **Security Essentials** already installed, antivirus updates will be provided until July 2015. Even though the Icon is red updates will continue.

Your computer will continue to operate and any software you use should continue to function as it does now. However, any updates or new versions of existing programs may not function properly on **Windows XP**. Typically, one begins to see this happen approximately, six months after Microsoft support stops. In addition to the current Windows version **Windows 8**, Microsoft will continue supporting **Vista** and **Windows 7**.

If your computer is working fine and you aren't one who wants the latest and greatest software, you can continue to use your current system as long as it meets your needs. My advice is that if you aren't already backing up your personal documents, pictures etc. you start doing so as soon as possible. As with any electronic device the likelihood of failure increases significantly once a computer's age exceeds 5 years. If the component that fails is the hard drive your precious photos and documents are likely lost forever.

Note if you are currently using **Microsoft Security Essentials** and plan to keep your system after July, 2015, I would suggest uninstalling and replacing it with another program. If you don't, **Security Essentials** may not be able to identify or resolve any new viruses not previously identified in its database.

**Q: I have recently purchased a new High Definition TV. The picture is impressive but I find that the sound quality does not appear to be as good as it was on my old TV. The sales person recommends I purchase a sound bar to improve sound quality. Do you agree?**

**A:** There are two reasons why the sound quality from your new TV isn't as good as your old TV. The speakers on the new ultra-thin HD TV's are at the rear instead of the front. Instead of the sound coming to you in a straight line it had to bounce off the rear wall before it eventually reaches your ears. This is noticeable in large rooms or a room with high ceilings. Another reason is that the speaker size is much smaller and thinner. This will often reduce the sound quality especially on less expensive sets. Speaker technology has come a long way in recent years but the laws of physics still apply.

The best setup to improve speaker quality is a full 5.1 surround sound system consisting of separate speakers: two fronts, one center, two rears and a subwoofer. If your budget or room layout prohibits this, a sound bar is a good compromise. The sound from a good sound bar won't

provide the full surround experience but it will be a significant improvement over a TV speaker only system.

My recommendation is that you look at sound bar systems that include a separate wireless subwoofer. In addition, if you have a separate DVD or Blu-ray player you should choose a system that supports multiple inputs to accommodate these devices.

The Toymakers meet in the Craft Room on the 2nd, 3rd, 4th and 5th Monday of each month at 11:00 a.m. until 2:00 p.m. and Thursday evenings from 6:00 until 8:30 p.m. Come join our happy group; we will show you the steps involved.

## Monday Ladies' Bible Study

Even if you have never attended a Bible study, you probably have heard of King David. We invite all interested ladies to join us as we continue our study of this important King of Israel. This month we will look at the reign of David through the Book of 2 Samuel and some of David's Psalms. Not only will we learn about David and God's relationship, but we hope to share insights that can be applied to our own lives.

Our group includes women from many denominations. We meet on Mondays from 9-11 a.m. in the Magnolia Room. Because of Memorial Day celebrations, we will not meet on May 26. We welcome all women who want to discover with us the intellectual and spiritual excitement that the study of God's Word can add to our life. There is no "prerequisite" study or knowledge required and the only material needed is a Bible. We hope you will give us a try. If you wish additional information, call Carole Hopkins at (727) 697-1664 or e-mail her at seacarole@springmail.com.

## Kitty Coalition

Two down - one to go! Kitty Coalition was able to take two (2) male feral cats to the Vets this month for treatment and/or vaccinations. Both went quite willingly as they both had a month to be socialized to the human touch. As it turned out, the white spotted cat had evidently once been a pet to someone as it had already been neutered. Both cats were returned to their original locations to be lovingly taken care of by very concerned people.

The only other untreated feral that we are aware of is a big black cat that hangs around Webster Grove. The Tribbeys have the trap and are trying to catch him for the third time. This cat is rather large and very strong. He has managed to break his way out of the trap twice so far but we will keep trying. One of these days, we will get him to the Vet also.

If any residents see other feral cats in our community, please call 819-8596. The neutered/spayed ferals will have a notch in their left ear so you'll know that these cats have already been through the system.

We are planning to have a fundraiser to be held at the Clubhouse on Saturday, October 25th. More details will be forthcoming as they are confirmed. Please mark you calendars to hold this date.

Kitty Coalition appreciates all the help we receive from the residents to accomplish our goals. Thank you

## From Our Resident Wildlife Peeper

**Charles Mack**

This is the first one of these I have seen since I moved here 3 years ago. It was circling over the 13th fairway. They make their nests at the very top of tall pine trees, preferably near water. Hopefully they have picked our community to take up residence this year. Very pretty bird and very aerodynamic. The American Swallow-tailed Kite is a raptor (hawk type) belonging to the elanid family of Kites. It measures 19 to 26 inches with a wingspan of around 48 inches and weighs about 1 pound.
