FROM THE CLUB MANAGER

By Bill Crusselle, *Club Manager*

This past month we had our second in a series of training seminars and webinars for the Board, Committees, and residents. This session was entitled “Board Confidentiality in a World of Transparency” and dealt with the struggle with what information should or can be maintained confidential to satisfy the Board members' duties as opposed to the demand of owners that the Board be fully transparent in its governance of the community. These are very interesting and informative and if you have missed the first two then plan on attending the next one entitled “Ten Steps To Better Board Decision Making” on August 22, at 2 p.m....Also in June the Transition Committee finished up their project of rewriting the charters for all the committees and presented their work to the Board. The next phase will be the selection of the committee chairs by the Board which will be followed by the selection of the committee members and officers.... This past month we also began to do a lot of cleaning and upgrading in many areas of the clubhouse. New felt was put on the pool tables, new umbrellas were put out around the pool and the pool area was cleaned thoroughly. This will continue in and around the Clubhouse throughout the summer... This month we should be getting our drawings from the Landscape Architect for the front entrance and once they are finalized we will put the drawings on easels in the clubhouse lobby.....

FROM THE BOARD OF DIRECTORS

By Bob McGough, *HPCA Board President*

It's nice to wake up in this beautiful community of heritage Pines, surrounded by all the beauty that Florida has to offer. We are lucky enough to live in a secure facility without some of the issues that exist outside our fences.

From time to time the Board receives criticism from

residents about various concerns that they may have. We try to respond in a positive manner, and when the criticisms are something we can address we explore and try to find a resolution. Occasionally these criticisms are based on rumor instead of facts and we make every effort to present the facts to clarify the situation.

We are about to start the interview process for those of you who indicated your willingness to serve on committees. Hopefully we will have finished the process by the time you read this article.

The BOD is currently evaluating two projects that residents have indicated they are interested in seeing accomplished. Resurfacing the PAC floor with either a wood finish or laminate, and a structure to replace the tent by the tennis court that was destroyed by a recent storm. We will keep you updated on the progress on these two projects.

Safety is a primary concern of our residents. I have noticed that many vehicles both automobile and golf carts exceed the posted speed limits. You are encouraged to constantly check your speed to see that you are not exceeding the posted limits. This is important for you as well as all our residents.

Our many thanks to all of the residents who step up and volunteer for the Board, committees, as well as support all the charities this community supports. This speaks well for Heritage Pines.

GOLF COURSE AND GROUNDS DEPARTMENT NEWS

Best Regards from the grounds maintenance department. It looks like summer has finally arrived with both seasonal temperatures and consistent rainfall. With the overnight temperatures remaining in the 70s on most evenings our warm season turf has responded with new horizontal growth and renewed vitality. Our fertility programs have been put into place this season to take advantage of the summer growing weather. Curfew was applied to select fairways and tees on 6/10 to control nematodes. These pests are actually microscopic worms that feed on turf. Chemical controls are utilized in addition to cultural practices and targeted fertility programs to negate the effects of these pests. Our teeboxes are currently transitioning from ryegrass planted last fall to the existing bermudagrass. Several are thin and a couple may need to be sodded. The most severely affected are on holes 6 and 17. Our strategy for recovering the bermudagrass will be a combination of vertical mowing, aerification, fertilizer and sand topdressing. This process will help the tee surfaces recover faster and improve turf density and smoothness.

Our Common Grounds redesign is underway. Our initial design review will be presented to the Common Grounds Committee in the next few weeks. We'll keep you posted. In the meantime we are forging ahead with sod work and the addition of new plantings in the end caps along Grand Club and Scenic Hills Blvds. In addition all turf areas have been treated with fertilizer and insecticide to ensure a successful summer season. Looking forward to seeing you in the neighborhood!

COMMUNITY CELEBRATION FOR "PALEO PARK - THE ELLIOTT SITE 8PA596"

Please join us as HPCA celebrates the State recognition of our own Paleo Park!! Mark your calendars for a wonderful community celebration to be held on Wednesday, July 13.

The Paleo site is recorded by the State of Florida, and listed in the Florida Master Site file in the records of the Bureau of Historic Preservation. The first residents of Heritage Pines, Herb and Paula Elliott, became interested in the archaeological site and began their search for artifacts in 1999 and continued until 2004. The rest is a matter of record identified by the State of Florida as Paleo Site # 8PA596 also known as the Elliott Site after a donation of 4,000 artifacts by the Elliotts.

The Board approved the name change to "Paleo Park the Elliott Site 8PA596." The re-dedication will take place at 11 a.m. at the park and all are welcome. A luncheon celebration will follow at noon in the PAC Room. Tickets for the luncheon are \$13 and are on sale at the front desk.

COMMUNITY/MEMORIAL TREE PROGRAM

Sponsored by the Golf Advisory Committee

The Community/Memorial Tree Program provides the opportunity for our residents to purchase a tree in memory of a loved one or friend. Trees may also be purchased to honor a person or because you wish to donate one in your name to beautify our community. They can also be purchased as a gift, perhaps a birthday or anniversary idea. Prices vary according to the type and size of tree. Residents may choose a general location for a donated tree which can be on the golf course, along the main boulevard or in other areas of the community. The final placement of each tree will be approved by Heritage Pines maintenance facilities. Trees will be planted during the months of March/April and October/November. Please plan your purchase during the preceding months. The Community/Memorial Tree Program is headed by Linda O'Leary. Please contact Linda at 819-9207 for pricing information.

A map showing the location of all donated trees is located in the hallway by the Magnolia Room. Also, there is a book at the front desk of the clubhouse listing information about the many trees planted throughout our community. Each page includes the names of the honoree(s), sponsor(s), tree location and type of tree. Residents may look through this book as desired.

ENVIRONMENTAL ISSUES

What Do Those "Audubon International" Signs Mean? Is "Audubon International" The Same As "National Audubon Society?"

Do you know why we have two signs entitled "Audubon International" as you enter Heritage Pines? Many of our newer residents as well as long-timers have asked what the signs represent. Here's the answer. The **first sign** recognizes Heritage Pines as a

"Neighborhood for Nature" through Audubon International's Green Neighborhoods program. Awarded in 2012, the award recognizes outstanding efforts demonstrating environmental awareness and good stewardship. Projects completed included recycling efforts, development of Paleo Park, initiation of Household Hazardous Waste Collection Day, habitat conservation, and community education.

The **second sign** certifies that the Heritage Pines Golf Course has met the criteria set forth by the

Audubon Cooperative Sanctuary Program for Golf Courses. Awarded in 2014, the certification recognizes accomplishments in sustainable natural resource management

and environmental stewardship. Program components included wildlife and habitat management, chemical use reduction and safety, water conservation, water quality management, and outreach and education. This is the only golf course in Pasco County to have received this certification.

What is Audubon International (AI) and isn't it the same as the National Audubon Society? The answer is yes and no. Historically, The Audubon Society might be considered the parent of AI. In the late 1800s, Audubon Society groups were established in many states including New York. The New York group ceased meeting by the mid-1930s, but was re-instated in the 1980s. The original mission of the group was bird protection and habitat management. However, the mission was expanded to include environmental education and sustainable resource management. As a result, in 1996, the organization began doing business as Audubon International to better reflect the true scope of its operations. There is no longer any formal affiliation with the National Audubon Society, but AI often partners with many of the Audubon Society groups to promote common goals. The mission of AI is to deliver high-quality environmental education and facilitate the sustainable management of land, water, wildlife, and other natural resources in all places people live, work, and play.

Heritage Pines should be very proud of these two designations. We need to continue to promote environmental awareness and be good stewards of our beautiful surroundings. For more information, please contact Sara Brundage at sarabrundage@tampabay.rr.com.

COUNCIL OF VILLAGES

Rosie Tilton opened the meeting at 4:00 by introducing Bill Crusselle, Club Manager, to address the agenda questions.

continue to next page

1. What criteria are used to set the price for tickets for events here in HP? The contract amount? Some are priced at \$25 while others are \$16. Depends on how much we have to pay for the event. For example, some are \$700, some are \$3,000 + surcharges and also staffing costs. We don't know exactly how many will attend so setting a price is a gamble based on previous experience.

2. Does HP have plans regarding the condition of the exterior lighting and lampposts around the Clubhouse? Many need painting and all need cleaning. We are now in the process of looking at each individually to see if we need to replace those with bad bases and "paint and fix" the others.

3. What is the 2016 schedule for the HP sidewalk cleaning crew? Because the CDD has no equipment to power wash the CDD-owned gutter curbing, why can't the HP crew assume this task as they wash the sidewalks with CDD help to fund the project if necessary? The schedule is to clean the worst first. It is a continuing job. CDD considers curbs to be drainage areas which they do not clean. There were lots of questions and extensive discussion about who cleans sidewalks, when they are cleaned, and why curbs are not cleaned. Bill said he will get the answers to all the questions and e-mail it to Rosie for distribution.

4. It is still unclear to our residents about purchasing mailbox replacement numbers. We understand they can purchase a cheap, worthless, stick-on number for .25 which will never stay on the supports for too long of a time, or they can spend \$7.50 to purchase a special order number from out of state. Are the residents allowed to shop at Lowes, Home Depot or other websites to purchase a sturdy, more economical number, or will that violate ACC standard regs? Numbers are available at the front desk for .25 each. If you would like to upgrade, Rosie has a handout for a local person who does the name plates and address numbers at a reasonable price (see below). If you want to buy elsewhere, that is OK too but .25 per number at the front desk is a good deal.

5. This needs to be addressed at our next meeting. Myself and others I know call the gatehouse to let them know of people coming in, whether friends or a commercial vendor. Phone is not answered but a message is left on the answering machine. Later we get a call that someone is at the gate coming to my home. They never listen to the message machine. Annoying! Chuck was asked to address this issue. He explained that between 8-10 the phone doesn't stop ringing which creates an overload on the answering machine. At the same time the phone is ringing, visitors are coming in at the gate. The officers try to attend to both the phone and the visitors at the same time and sometimes the log is not updated quickly enough to get the names logged prior to their arrival and that is when a call is made. The answer to the problem is to have residents call as early as possible prior to their visitor's arrival, 3-4 hours would be appreciated and 24 hours is not too early. Resident noted that e-mail works well and Chuck agreed and asked that it be

done 24 hours prior to arrival so the e-mail has time to be received and logged. Chuck noted that there is a frequent visitor form that gets your visitor in without a phone call – if you have put that name on the form. Also if your visitor is staying for several days, let the gatehouse know and they will issue a pass to that visitor which gets them in without a call. Bill noted that it is critical that everyone give the gatehouse an emergency contact number. That person could be out of the area but in case of an emergency we need to know who to contact if we needed to get into the house to do a welfare check. The number could be anyone who visits – family member, cleaning people, lawn service, neighbors, whoever has a key to your house. This form is on line but it has to have a signature and be an original. You can get it at the gatehouse and front desk. Another important thing to do is advise the gatehouse if you change your phone number. It would be helpful to give your visitors directions on how to get to your house once they enter the community.

6. In light of a Capital Expenditure Fund item of \$200,000 budgeted for 2016, and some discussion at the BOD meeting of ideas seen at Heritage Springs and the rumor mill of ideas going around, as GM what projects, in your opinion, are ready for more discussion or are coming to activation in the near future? The emphasis is now on two areas, the floor here in the PAC room and the pavilion across the street. The dance floor is dangerous because of it being taken up and put down sometimes 3-4x per week. **Resident: Is it being considered to do the PAC room completely in wood?** Bill: We are looking at three different types of floor covering. The same type of floor used in the hallway is preferred because of its durability but no decisions have been made yet. The PAC flooring is not a capital expenditure, but is considered a replacement and will come out of the reserve. The pavilion would be out of capital. The original plans for the pavilion are being looked at but there are no conclusions. New roof and expanded pad are all in the plans but not approved. We are looking only for preliminary costs so the board has a starting point. Rosie stated her (and residents) frustration at never seeing a capital plan come to fruition and wants to know who "they" are who are "looking into it." She asked for a different approach to how to get things done. Bill continued by saying that this is a new management team and he will not let this go away. He will push to get this done and is trying to share that mindset with us. He reiterated that the board knows this is important and also wants to get it done. There were 8-10 events this Spring under the tent and they were good revenue producers and we don't want to give that up. **Resident: what is the process by which ideas come to fruition?** Bill: All kinds of ideas are out there and you have to filter through to get to those that will best serve the community now and in the future, and the best way to go about it. We are doing that now by picking two and there is a third out there that is being talked about. To get ideas started people usually come to me or the board. It is a continuous process with conversations between myself, the Board, and the residents. **Rosie: As the GM can you help us get a process in place so that we know what ideas are out there, have input and can comment on the conclusions?** Bill: It's not so much just the

continue to next page

COUNCIL OF VILLAGES cont'd

manager but also the board. We have lived thru all of the recent turnovers - GM and board members. Working together we will make this happen. I am here six days a week. Come in and talk to me, give me your ideas and suggestions. **Resident: Is there a "to do" list of projects when money is available?** Bill: There is for the reserve. I like working with a three-year plan and the board can say yes or no. It's all about planning and knowing what funds are available and being accountable. Going forward, once a process starts it will be transparent.

7. For years our Food and Beverage Department used as their office the room in the hallway by the restrooms and by the ice machine water dispenser. Perhaps we should move the employee break room to this room and use this very large room to relieve the strain in the offices by the front desk. Can't happen. The break room has a refrigerator, TV and is storage for our wine and liquor. The office staff needs to be where they are, not separated with some moved to another place. Space is very limited for everyone but this idea would not make sense. Wheelchair access to the stage is also now in that room. Bill: There is another project we will be taking bids on soon in order to become ADA compliant. We must redo the sidewalks in order to accommodate people entering the building for any outside functions which is the reason why the side parking lot is not complete. In order to have outside functions in here we cannot have people walking through the dining room. In addition, everyone likes to compare us with Heritage Springs and ask why we aren't like them. We do \$1.2M in food and beverage as does Heritage Springs. About \$300k of their income is from outside events which means their residents are doing \$900k. Our residents are doing \$1.2M. They close on Saturday to do outside events and they have a separate dining area. They are not open on Sunday PM. There are a lot of differences which are part of this process and we are talking about trying to choose what is best for our community. We want to serve and please our residents - which is our job - so we have to look at everything very carefully.

8. We realize that the furniture was selected by the previous BOD. What was the final cost? What was the cost of the mirrors? Who selected the furniture? Why a new color scheme? Name of the company? Furniture was selected by an interior decorator and had to be ordered and manufactured.

9. Also what is the plan to replace the umbrellas by the pool? They are disgraceful, the colors are all gone and they are very difficult to put up. Umbrellas are ordered and will arrive within the week. The color is brown to match.

Bill shared that we have had a very good five months and had a very good May. We are working lean, covering our losses and everyone is working hard to be the best that we can be for HP. Rosie thanked Bill for being the Manager to come here and answer our questions but noted it would be nice if we got some new questions on the agenda; as some are being repeated.

Handout for name plates and address numbers: Robert Cassels, 18715 Water Lily Lane, 727-869-0911 or rcassels1@tampabay.rr.com. He is on the HP website in the classified section. He is a resident and this is part of his business.

For \$10 you get raised numbers as originally used by the builder, on a sheet, already arranged, just peel and stick. You can visit his home at 18715 Water Lily to see what the numbers look like. As stated above you can get numbers at the front desk of .25/number.

Resident: There is someone in Scenic View Estates who makes the letters too – no other info provided but if someone knows, please share.

Reminder: You can find the CofV notes under official business on the website under Villages under Council of Villages. The sign-up sheet for the next class on June 20th at 2:00 for board confidentiality is at the front desk.

Discussion:

Rosie wants to reinforce what happened today and says she senses Bill's frustration. Lets use this Council to keep focused on finding the process that lets us go forward with projects that improve our community experience. Residents continued to ask who makes the decisions? Rosie asked why, if we have all these committees, aren't they part of a process, any process, in moving forward? She reminded us that we need to bring issues forward in a positive way so Bill doesn't feel he is the "complaint department."

Resident: Lack of storage and office space is an issue. Is anyone working on it?

Resident: The Committee on Committees is making sure that committees know exactly what their responsibilities are and she thinks they have a committee that works with process. Bill: Nothing is approved yet but once committees are approved and committee chairs selected, they will interview and select committee members and this will go forward. There is no meeting in July. Next meeting is August 11.

Attention Veterans/Military Families And Those Who Would Like To Help Our Soldiers

You notice in August we are having a workshop to make Paracord bracelets. Do you know what they are and the many uses they have? Here are a few examples:

American military personnel are allowed to wear a Paracord Survival Bracelet because it's a device they can use in an emergency. The bracelet unravels in a matter of seconds so that the cord can be useful in various ways. These uses include but are not limited to:

- Rope to secure objects, tie up prisoners, boat lines, and more
- Unraveled cord to make thinner thread to repair clothing or use to stitch wounds

- Binding for bows and arrows to hunt game
- Binding to create traps to snare small animals
- Replace broken boot laces
- Tie down tents and other shelters

Bracelets will be added to the Lifestyles Committee Packages for the Troops.

The supplies needed for this workshop are:

- One package of parachute cord, #550 – 100 ft. - in a muted color. This can be found at Michaels, JoAnn's or Hobby Lobby as well as online suppliers.
- Colors allowed are black, gray, shades of gray and white, or military camouflage green. No bright colors allowed such as blue, red, green, etc.
- There is NO clasp on this bracelet.
- Cost is about \$10.00 per package of 100 ft. and makes about ten bracelets.
- Scissors, very sharp

After reading that I am sure you are more interested. Remember these workshops are not for women only we would be proud to have some of our fine gentlemen join us.

Hey, have you noticed that Publix has "Buy One Get One Free"?

How about the next time you shop you take advantage of this program and keep one of the items for yourself and put one in the bin for the Mary Giella kids. ARCHITECTURAL CONTROL COMMITTEE

By Mike Miller, ACC Chairman

Homeowners are reminded that when submitting an Exterior Change Request (ECR) they must use the newest form. Older forms will not be accepted and will be returned. The new form is enclosed and is also available at the front desk. Starting immediately a "red sticker" will be affixed to your ECR advising the homeowner to ensure their request is in compliance with the ACC Manual.

Requests for satellite dishes are increasing. We ask that when installing a dish they be placed inconspicuous as possible. The guidelines are covered in ACC Manual Section as stated below: 10.13 Satellite Dishes/Antennas and Weathervanes.

All installations must conform to County, State and FCC regulations and must be preapproved by ACC. Installation of satellite dishes must be in accordance with the 1996 and 1998 amendments to the Federal Telecommunications Act. Placement must be as inconspicuous as possible.

Dishes may not be larger than 36 inches in diameter. No devices may be located on any portion of the Common Areas.

Where necessary, reasonable architectural modifications to the device, such as a change in color paint, installation of shrubs or landscaping (and the continuous maintenance thereof) and/or other architectural camouflage designed to conceal the device may be required when installation of the device is not practical or impairs reception by being located in the back or side of the house. Such instances shall be considered in a case by case basis.

All installations must meet the minimum wind local requirements of the Southern Building Code in "latest edition" concerning wind resistance and other applicable requirements.

Home owners must not permit their devices to fall into disrepair or become a safety hazard. Home owners shall be responsible for device maintenance, repair and replacement, and the correction of any safety hazard.

If devices become detached, home owners must remove or repair such detachment within 72 hours of the detachment. If the detachment threatens safety, the Association may remove the device at the expense of the home owner.

SURFACING

Functioning Values for HPCA

At the beginning of the HPCA Strategic Planning and Committee on Committee Realignment projects, committee members crafted four statements that we believed could help each group maintain focus as we navigated through various discussions. Referred to as Functioning Values, for a lack of a better description, these two very different committees relied upon these statements to remind us of the importance of our task and the importance for us to build toward long-term sustainability for HPCA. The surfacing of these types of principles could influence HPCA's thinking and help redefine

how we function as an organization.

Whether you recognize these proclamations as Functioning Values, Organizational Philosophies, or simply as a declaration of common sense, these types of statements can serve as guideposts for Associations like HPCA to help ensure effective and proper decision-making.

"The decisions that we make today must also yield benefits for the future Association for them to have been good decisions."

Here are the four statements to which we have begun connecting:
1. What is good for the Association is good for the member; what is good for the member is not always good for the Association. This statement is a universal truth that we all know and can apply in a multitude of ways.

This value was cited as our first statement because it is the foundation for everything that we do. HPCA cannot make decisions which satisfy the Member but hurt the Association. This particular value was established to help raise our awareness of this ideal and keep it at the forefront of our conversations.

2. The decisions that we make today must also yield benefits for the future Association for them to have been good decisions. It is often difficult to look into the future and forecast what we as an organization may need. Still, it is essential that HPCA do this - not only for efficiencies, but in order to remain financially sound. Last year, HPCA voted down a \$5 increase in our monthly HOA fees for 2016 without really understanding how that decision could impact us in the future, or what difficult future choices we may be required to make. For us as stakeholders in HPCA, we must connect ourselves to supporting the long-term health of the Association and make decisions which are consistent with building an organization which will be capable of serving us today, tomorrow and in the future.

3. The Member's responsibility for the Association must extend beyond today if the organization is to remain viable tomorrow. Last year, a fellow HPCA Member told me that he wasn't concerned about the future of the Association because he wouldn't be alive to deal with the future consequences. This person was concerned about the benefits that he could realize today, without regard for tomorrow. HPCA Leaders must understand that not every Member will be concerned about the long-term sustainability of HPCA. And because of that, we also must not be influenced by individuals or groups who attempt to sway decisions that do not support the ongoing welfare of our Association as a whole. The most sound, stable and forward-thinking choices for HPCA must begin to surface now so we have time to have the "right" conversations.

4. Not all Members will support the decisions that are made. As humans, we are compelled to try to make others happy with the decisions that we make. However, it is impossible to make every HPCA Member happy with every decision. As long as we consistently make decisions which will benefit the Association now and into the future, those decisions will be good decisions. We must always position our Association as the primary beneficiary in everything that we do. When our Association benefits, HPCA Members will benefit by default.

"WILL CALL" TICKET PROCEDURE

Are you out of town, travelling, or just plain busy when tickets for a major event go on sale? No worries, Heritage Pines is now proudly offering a "Will-Call" procedure for those residents who are unable to purchase tickets the day they go on sale. The events and shows at Heritage Pines have become incredibly popular. So much so, that we are booking many events and shows with back to back performances. Tickets are selling on the first day they go on sale! It goes without saying, that the Clubhouse has become the hub of social activity within our community.

Here is how it works:

1. Email mike.russell@heritagepines.net with the following information:
 - a. Your Name
 - b. Your Phone Number (the best one to contact you on)
 - c. Your address within Heritage Pines
 - d. The event you want tickets for
 - e. How many tickets you want
 - f. Your member number
 - g. And most importantly, you must include the following phrase in your email: "Through this email, I authorize Heritage Pines to charge my member account for the number of tickets requested. I understand that this charge will show on my monthly statement."
2. Click Send! – it's that easy...
3. Now, here are a few follow-ups:
 - a. Will-call tickets will be purchased AFTER all residents who have "lined-up" on the day of and received their tickets.
 - b. Only ten tickets can be purchased per resident account.
 - c. Tickets will be purchased in the order they are received.
 - d. We cannot accommodate residents who wish to be seated with anyone else, tickets will be sold to the first available seats.
4. Tickets can be picked up at the front desk at a time that is convenient for you!

We hope this added service comes as a benefit to you all!

At Florida's Sawgrass, Pete Dye got the idea to keep the weedy undergrowth in the rough under control by using small herds of goats as they do in Ireland. The idea worked for a short time and then they had to buy mowers. Pete forgot that Ireland doesn't have alligators.

LIGHTING SAFETY TIPS

- If you see lightning, even in the distance, get off the golf course immediately. Strong thunderstorms can develop quickly.
 - Rush to a dense, wooded area. Lone trees are dangerous.
 - When caught in the open, fall to your knees. Follow this procedure immediately if you feel the hair on your arms or head rise.
 - Get rid of your umbrella. Even umbrellas with nonmetal shafts are dangerous.
- Stand well away from your golf clubs and never get caught holding one. In an electrical storm, golf clubs are perfect lightning rods.
 - Get as far away from ponds and lakes as possible. Water an excellent conductor of electricity.
 - Golf carts are not a safe haven. The notion that rubber tires ground electricity is a myth.
 - Avoid the green. Greens are often a bit higher than the surrounding terrain. The flagstick is especially likely to be struck.

GOLF HANDICAP SYSTEM

By Joy Stefany, *Handicap Chair*, Joystefany2@verizon.net

“Two basic premises underlie the USGA Handicap System, namely that each player will try to make the best score at every hole in every round, regardless of where the round is played, and that the player will post every acceptable round for peer review. The player and the player's Handicap Committee have joint responsibility for adhering to these premises.”

That being said, I want to remind players to POST all eligible scores! It is the Players' responsibility to POST all acceptable scores, whether you play at Heritage Pines or any other course.

- If you play quota points and pick up after not making a point, record your most likely score – not to exceed your ESC.

- If you have an 18-hole handicap and play nine holes, record the nine-hole score. Let the GHIN system keep track of the nine-hole scores and combine to make an 18-hole score. It does NOT matter if it's two on the front, two on the back or 1 front & 1 back. This is true if you play either the front or back twice in one day.
- If you have a nine-hole handicap and play 18 holes, record the front and back separately.
- If 13 or more holes are played, an 18-hole round MUST be posted. Record par plus any handicap strokes that you are entitled to receive on the holes not played.
- If 7-12 holes have been played, post a nine-hole score. If 7 or 8 holes are played, record par plus any strokes for the holes not played. You must play at least 7 holes on the front or back in order to post a nine-hole score.

Scores from games that are not played according to the principle rules of golf cannot be posted. Some of these are:

- Limiting the number of clubs to be used is less than 14.
- Player uses non-conforming clubs, balls, and/or tees. Or when a player incurs a second breach of Rule 14-3. (NEW)
- When a player plays alone. (NEW)
- When a player ignores one or more rules of Golf and fails to post an adjusted hole score as required, or fails to record the appropriate penalty for a breach of rule. (NEW)

The game of golf relies on the players to post ALL eligible scores. This makes the game of golf fun and fair for all. As always, if you have any questions, please contact someone on the Handicap Committee or our golf professional, Ricky Weber.

NINERS LADIES GOLF

Welcome to Florida Summer! The hot, humid weather has arrived. We find ourselves using cart fans (for those lucky enough to have them), downing those cool drinks and parking in the shade whenever possible. Once out there, this is a good time for Golf Rule #24: “Don't buy a putter until you've had a chance to throw it!” Impatience rises with the temperature....

The Executive Board's quest for a new Vice-President was met with a prompt response from several members. The board decided upon Rhonda Gibson, who brings many years of experience with her, and will be an excellent partner with those involved. In addition, a group of past board members have agreed to become mentors for future endeavors and to assist in sorting out ideas etc. Thank you all! It takes a village.....

On Sunday, May 15th, Ricky and Peggy Weber joined Gracie Ellis' Niners and Diners for a basic scramble. Winners with the “best opportunity to improve” were Karen and Randy McArthur and Jackie Heath. The next game will be played on Father's Day, June 19th; so invite a father and play golf with this spirited group - dinner at the club to follow. A special thanks to the Food and Beverage staff for their support during this event.

The Niners organization was deeply saddened with death of long-time member Pat Straka on May 13th. Pat had been in ill health for some time and had moved to Atlanta to be closer to

her family. Who can ever forget those clever costumes at every event or her beautiful wide grin under that crowning glory of silvery blonde hair? Friends and laughter and "colorful" conversation followed Pat everywhere she went. Her happy spirit was infectious. Her best friends, Walt and Pam Lewan were willing side-kicks in these endeavors and we often saw her partnered with Pam at a Niner event or side by side with Mark Stanish, costumed as they greeted party-goers at the door. A retired airline stewardess, Pat brightened every room she entered. She was head of our Membership Committee for years and was involved in just about every aspect of the Heritage Pines Community. We miss her. We miss her devoted husband, Roger, who pre-deceased her. We miss her stubborn attempts to conquer the frustrations of the game and the laughs of anyone lucky enough to be in her foursome. We miss her hilarious demonstration on the lessons of golf. Another light has gone out in our lives, although we can't help but smile every time there is a Pat Straka "moment". We can hear the angels laughing.....

In Loving Memory

As we move on to upcoming events for the Niners, Debi will continue to collect for our Carrollwood overnight trip which will take place October 25th and 26th. A \$100 deposit is due by September 13th. Make your reservation early as this is a busy event.....

Our thoughts and prayers are always with fellow Niners who are going through difficult situations.....it lifts our spirits to have

visits from members who are on a temporary "time-out" and we love seeing you on Niner Tuesdays. Don't forget the sunscreen, sunshades, everything else to protect you from the sun and meet us later in the pleasant shade of the Clubhouse for a lovely cool-down.... Aaah..... Happy July!

MEN'S GOLF ASSOCIATION

Summertime is normally a very slow time for golf news so I thought I would do a "Member Profile" on each of your Board Members.

Immediate Past President Scott Taveau

Scott was born in Baltimore, Maryland in 1948. There were seven children in the family and Scott was child number 3. His Dad was career Military serving 31 years in the US Air Force. As a result, Scott and his siblings grew up all over the nation and overseas. After High School he attended Missouri State on a football scholarship. Upon graduation from CMSU in 1971, Scott was commissioned a Second Lieutenant (ROTC). In school, Scott met the love of his life Eva and they were married upon graduation. This August they will celebrate 45 years of marriage. Eva and Scott have two married sons, Rock and Brett (both of which tried to help him in the Member/Guest tournament but kids can only do so much for you) and four beautiful grandchildren.

After his tour in the Army was over, he began a 35 year career in education. Scott taught High School for seven years, was a Principle for six years and a Superintendent of Schools for 22 years. Scott holds the following higher educational degrees: Master Degree, Specialist Degree and a Doctors degree in Education Administration from the University of Missouri, Columbia. Upon his retirement in 2007, Scott served as the Executive Director of the Cooperating School districts of greater Kansas City. He also worked as a consultant for Scientific Learning, an educational research corporation. Scott fully retired in 2012, left Kansas City and moved to their Heritage Pines home that they had purchased in 2006.

Scott loves golf and since retiring, plays 4 to 5 times a week. He is very involved with the MGA and served as Vice President in 2012 and 2013 and as President in 2014 and 2015. He has served as Tournament Chair of the Member/Guest Tournament for the past four years making it better each year and will be a hard act to follow when he leaves it. Scott along with Jeff Edwards and Ron Burrows started the MGA involvement with Shady Hills Elementary School providing needy kids school supplies, food and Christmas gifts. Thanks Scotty! Eva is just as involved with the LGA as Scott is with the MGA.

Eva and Scott love Heritage Pines and enjoy their many friends and the many activities the community has to offer. He says that "the community and the area are great, with lots to do, but... what makes HP a great place to live are the many wonderful people who live here!.

Surgery Does **Not** Have to Be Your First Option

We treat each patient like fine wine – we do no surgery before its time.

“When I first went to Dr. Higgins I was impressed with his willingness to listen to me and understand my lifestyle. I appreciated that he wasn't one to rush into a surgical solution. Although he did tell me that surgery was in my future, he was willing to use less invasive techniques to give me more time. Dr. Higgins periodically monitored my condition and informed me when he thought it was time to do the surgery...I am so thankful to be the recipient of the God-given knowledge, skills, talents and compassion that Dr. Higgins used to give me back my life.” – Debbie O.

Dr. Higgins specializes in non-operative and operative management of general orthopaedic conditions and the spine.

MARY GIELLA SUMMER FOOD DONATION

By Penny Norton

Principal George at Mary Giella asked me if we could collect food for the children for the summer. He has asked the county for a van to pick up food from our community ; he will come once a week with Patti and get the food to some very needy children. We had to stop as the roof and ceilings at the school are being replaced and we couldn't store the food safely. So he was concerned that these children would be hungry. So with the van he can pick up the food and get it to the children. With this being said I hope we can collect enough for the summer. I have asked for the barrel to be put in the lobby on June 9th, so the first pick up of food would be June 16th. Please put any non-perishable food into the barrel. Any donation big or small will help these hungry children so much. Any questions you can call Wes or myself at 727-869-9642. Thank you so much.

BEWARE of the “Trojan horses”. Sometimes company’s mask their true intentions to sell you things you just don’t need. The best way to do this is to offer FREE services to entice you to call. Once you invite them in, they’ll try to convince you to buy high price items you probably don’t need or are overpriced. Nothing is FREE...the parts, the technicians’ labor, fuel, licenses and insurance, are expenses to the company. So in order to stay in business, they have to charge someone to cover this expense, and that’s the un-informed consumer.

REJUVINATION...means you’re probably going to pay more than is necessary. Rather than repairing or replacing the single part that’s bad, they offer to replace multiple parts. Sometimes because they’re not sure how to properly diagnose which part is really needed.

ACJ’s is a family owned, second generation company that operates with honesty and integrity. We are a Trane Comfort Specialist and our technicians are Nate certified. Call all ACJ’s when your system fails and our technicians will replace only the part that’s failed for the lowest price. We also install Trane & LG ductless systems as well. Call today for service.

“It’s unwise to pay too much, but it’s worse to pay too little. When you pay too much, you lose a little money - that’s all. When you pay too little, you sometimes lose everything, because the thing you bought was incapable of doing the thing it was bought to do. The common law of business balance prohibits paying a little and getting a lot - it can’t be done. If you deal with the lowest bidder, it is well to add something for the risk you run, and if you do that you will have enough to pay for something better.”.....*John Ruskin*

ASK THE TECHIE

Q: Windows 10 has been available for almost a year. Previously you did not recommend taking advantage of the free offer from Microsoft. Have you changed your opinion on taking advantage of the upgrade?

A: Microsoft began making **Windows 10** available on July 29th for computers running **Windows 7** or **Windows 8/8.1**. The offer is available for 1 year after the release date and is free. Unless Microsoft changes the deadline the upgrade will no longer be available after July 29, 2016.

In working with 75+ clients, who intentionally or inadvertently installed the Windows 10 upgrade, my experiences have been mixed. Clients with **Windows 8/8.1** systems had fewer problems than those with **Windows 7** computers. The clients that had no problems were in the minority. Most of the problems I've seen were software driver related due to an incompatibility with the new **Windows 10** system. For printers this was usually corrected by visiting the manufacturer's web site and downloading the latest version. In several cases, a software program that worked previously stopped working on Windows 10. In several cases a new version was not available requiring purchase of a new program. In one instance, a Windows 8.1 laptop lost Internet connectivity requiring the purchase of an external network adaptor to restore connectivity.

My philosophy is: "if it isn't broke don't try to fix it." Even though the software from **Microsoft** is free, you may not be able to successfully install the upgrade yourself. Microsoft announced that they will continue to update/support **Windows 7** until 2020 and **Windows 8.1** until 2023. The features in **Windows 10** are mostly cosmetic with only a few additional features that will benefit primarily their Tablet and Smartphone owners.

The reminders from Microsoft have been persistent and very difficult to avoid. I have a tool that I've used to remove the Windows 10 update reminder. However, once the update is installed, I recommend not attempting to uninstall it. Several clients who attempted this themselves had to purchase new computers due to problems that made their computer unusable.

Q: Can you provide some guidelines to help me know when it is safe to open email messages? A neighbor received a message they thought was from a friend and when she opened it her computer got infected with a virus that was very difficult to remove.

A: Even when using the best antivirus protection program available one has to be careful opening email. I suggest you pay attention to the **Sender** and **Subject** information before you even open an email. If you see a message from a source you don't recognize, delete and don't open it. Another clue that a message may not be safe is the wording in the email **Subject**. If the **Subject** contains misspellings, doesn't make sense or is inconsistent with what you'd expect from the sender be wary.

If you decide to open an email, think about whether the message is consistent with the sender's character. If there is no text just a link, clicking could result in a download that will infect

your computer. Recently, I've had clients receiving messages from friends with no subject and just a link in the email body. Several clicked on the link and their computers were infected requiring my assistance to remove the infection. Upon investigation, these emails were never actually from the friend. In one case, the friend's computer was infected sending out virus emails without their knowledge.

As an email sender you should always enter appropriate information in the **Subject**. If you're including a link to a web site, include some descriptive text so the recipient will know it's from you. I always include some sort of a signature too.

CAT SITTERS

By Rusty Peacock, rustybird357@yahoo.com

The summer months are filled with heat, thunderstorms, with less traffic and activity than the winter months when our friends from up north join with us to enjoy life in Florida. That doesn't mean that we can't enjoy a trip or two, a weekend or holiday at a resort, or go on a cruise.

And what about our pets, our furry feline friends?

They must remain behind at our residence cared for by friends or neighbors. The Heritage Pines Cat Sitters group can help you and your kitty cat pets by volunteering to care for them while you are away, feeding them, cleaning the litter boxes, playing with them. To reach this group of dedicated cat lovers, just call Terry Cubine at (727) 857-3090, or Rusty Peacock at (352) 232-5300, and they will help you send a message to our more than 25 volunteers. Then you pick your volunteer. Not hard, and certainly a good way to be sure your cats are safely cared for by a Heritage Pines volunteer.

To help you celebrate the 4th of July holiday, Dolly has written a story in her Journal of History where a cat named Miss Liberty helps write our Declaration of Independence.

Dolly's Journal of History – Miss Liberty

It was in 1776 at Independence Hall in Philadelphia that Tomas Jefferson and John Adams sat at a desk late one evening working on creating a manuscript that they would entitle The Declaration of Independence. It was a monumental task and one that would initiate a new nation if done in a compelling manner. It was early summer and the heat and humidity were felt throughout the entire building. Jefferson sat with his hands holding his head as he leaned over a blank piece of paper on the desk. "Thank you John for staying and keeping me company," stated Jefferson. "This is an awesome task and one that I feel inadequate to perform."

"Nonsense!" proclaimed Adams. "You have the gift and you will find the words to express exactly what our intent is as we prepare to form a new nation, one unlike any before in the history of mankind."

"That's kind of you but I require inspiration. The few words that I have fashioned do not reflect the importance and true meaning of this moment. I wish to begin with words that will ring loud and true, not only for today, but for all time, so that generations centuries from now can cling to them and use them to guide this nation from birth to maturity."

"And so you shall, I am convinced of that," said Adams with deep conviction.

As they sat there in the silence of deep thought, the resident cat named appropriately Miss Liberty, walked casually into the room and sat before them as she began to groom herself. She drew the attention of both Jefferson and Adams and they watched her as a diversion, releasing them momentarily from the tension of forming the proper words for the declaration that was needed.

"Behold the cat," declared Adams, "named Miss Liberty, I believe, by the assembly of men gathered here to form our new nation. See how graceful she sits, free and unfettered by any government that would forbid her the natural rights of a cat."

"Yes," agreed Jefferson, slowly awakening from his pondering an opening sentence. "Yes, she sits there, unafraid and enjoying her rights to life, her liberty, and to her pursuit of happiness, whatever her happiness may be."

Miss Liberty looked up at the sound of talk and surveyed the two gentlemen before her. She crossed over to one side of the room and laid down where she could watch and listen. Adams

cleared his throat and asked, "Thomas, have you wondered from whence cometh those rights? Did she fight and persevere to obtain them as she must to preserve them? I wonder if she does not believe that she has those rights simply because of nature. That they came to her at her creation."

"How true, John. That is self evident. And all cats are created equal. That is, they have an equal right to their life, their freedom, their pursuit of happiness. That right is often abridged by the tyranny of men who might shun them or even attempt to destroy them."

"Precisely, Thomas. And do we as men have rights as great as any cat? Are they not as true and evident for us as they are for a cat?"

"Yes, yes!" agreed an excited Jefferson. "And they are derived from the same Creator. Quick, John. Hand me that bottle of ink and a quill that I might write that down. Let me begin with truths. Let me say that we are equal and add the rights that we have been given. Yes, those rights are not given to us by other men nor governments of men, but are rights bestowed upon us by our creation, just as Miss Liberty inherits her rights from her birth."

"Good thinking!" proclaimed Adams. "Our rights come to us not from a king in a far off distant land or from any form of government wherever it exists. Write it down, Thomas. Write it down!"

Jefferson busily dipped his quill in the ink and began to inscribe words upon a parchment. Carefully, lest he smear the letter and destroy the sentence, he begin his writing and paused from time to time to allow the ink to dry and his thoughts to crystallize. When he was done he held the parchment up and read the words to himself. "I think I have done it, John," he said in a firm voice. "Read it and tell me what you think."

John Adams took the parchment and read the following:

"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty, and the Pursuit of Happiness."

When he had finished, Adams slowly put the parchment down and paused for several seconds before uttering, "Amen."

Jefferson bowed his head also as Adams continued, "Thomas, you have captured it exactly as it was meant to be written. Perhaps the Creator guided your thoughts and your hand."

"Thank you, John," he replied. He smiled as he nodded towards a cat that was lying in a corner of the room. "Perhaps I was inspired by our little Miss Liberty. It was she, was it not, that invoked our ideas of the rights of cats and the rights of men? Did we not discuss that these rights came from the same source of nature, our Creator? I wonder if in some mysterious way Miss Liberty transferred these thoughts from her feline brain to us. We cannot deny that it was in her presence that we formulated this passage."

"Perhaps she was a messenger sent to you so that you might find the right words, for surely they will pass down through the ages and guide this nation for all time," said John Adams.

"I sincerely hope that is true," concluded Thomas Jefferson. "I will be credited with the words, but perhaps they are the words of a cat named Miss Liberty."

Now that you have read a real story about a cat and the Declaration of Independence, would you like to read another real story from my Journal of History?

LADIES BOWLING LEAGUE

It is July already and we are looking forward to the 2016-2017 season at Spring Hill Lanes. The Ladies Bowling League is a group of ladies who get together and bowl on Wednesday afternoons at 1 p.m. We are always looking for new members. Don't worry if you have not bowled for years or have never bowled. The scores are handicapped so that someone with a low average score will have no problem competing with a more experienced, higher scoring bowler.

Bowling is a great way to meet your neighbors from other villages and have an enjoyable afternoon of exercise and definitely some laughter. Come join us on Wednesday afternoons. All women in Heritage Pines are eligible to join. Teams will be selected by random draw in August at a date yet to be determined and league play will begin in September.

In the meantime, join Heritage Pines residents at 7 p.m. on the second and fourth Saturday night at Spring Hill Lanes for open bowling. It is good exercise and a fun time with friends and neighbors. I encourage everyone to join us. For more information or to sign up, call Pam Cegla at 727-844-8298 or email at pcegla@tampabay.rr.com.

minutes earlier at 8:15, to allow a little more time to fit in Qigong and the Tai Chi form. All are encouraged to attend the Thursday class, regardless of your progress with Tai Chi (or even if you have never attended a Tai Chi class). I promise to make it interesting for all.

Saturday morning classes will be suspended from June 1 to October 1.

What is Tai Chi?

Tai Chi has evolved over hundreds of years from a Chinese martial art into a simple and gentle exercise that has many health benefits for all ages. Tai Chi practice raises chi, or life energy, which strengthens the immune system, improves health, and whole body energy (or jin), also called intrinsic energy, which improves coordination. As practice evolves, feet, legs and pelvis, spine, arms, and hands feel more connected, and the movements of head and body begin to feel coordinated. There comes a time when breathing and movements of all parts of the body follow one rhythm.

Tai Chi movements build energy gradually; generate warmth; and a sense of completeness. After a half hour of practice, you can feel this energy as heat in certain parts of the body (especially the hands). Each posture cultivates a different kind of energy flow. The role of the individual student, in the process, is to try, through tai chi, to create the conditions in which energy can flow and to give the body time to heal itself.

Tai Chi teaches people to become alert to intelligence from within while learning to listen to what is happening outside and to respond to others. When Tai Chi movements are performed correctly, they work to calm and focus the mind, so that mind, energy, and body work in harmony.

Tai Chi is quality movement. It is physically demanding, yet it works with the body to encourage the gradual developing of strength and reviving of natural openness and coordination. The movements of Tai Chi continually turn the spine, an action that gradually repositions misplaced organs, stimulating them at the same time through an internal form of massage. These same movements also dissipate excess nervous tension held in the body and help balance the nervous system. Practicing tai chi encourages the joints to open, that is, to relax completely, thus increasing the mobility in all joints of the body.

ROMEO Club Recently Completed Events for 2016

May 27th: ROMEO Breakfast for May 2016.

Since many of our members recommended we start our breakfast meetings later. So, we changed the start time of future breakfasts from 8 a.m. to 8:30 a.m. Food was served beginning at 9:15 a.m. Attendance was low since it was so close to the Memorial Day holiday. Therefore, we have decided not to schedule future breakfast meetings so close to a holiday. We inducted three new members into the ROMEO Club this month: Jerry Molito, John Morano and Bill Thomas. Jerry and Bill received their ROMEO shirts at the meeting. John received his ROMEO hat and his shirt was ordered and will be given to him at the next ROMEO breakfast.

June 24th: This breakfast meeting was cancelled. This breakfast was cancelled since several of our members were on vacation and a large contingent of ROMEO members returned to their homes up North.

Additional ROMEO Activities

Sunshine Committee

Our Sunshine Committee is responsible for sending out Condolence and Get Well cards. Three cards were sent out in May; one condolence, one for hospice and one get-well. We hope our members will keep us posted when they know of any ROMEO member who should be receiving a card. Send your information to our ROMEO secretary Skip Scott at frog44@gmail.com.

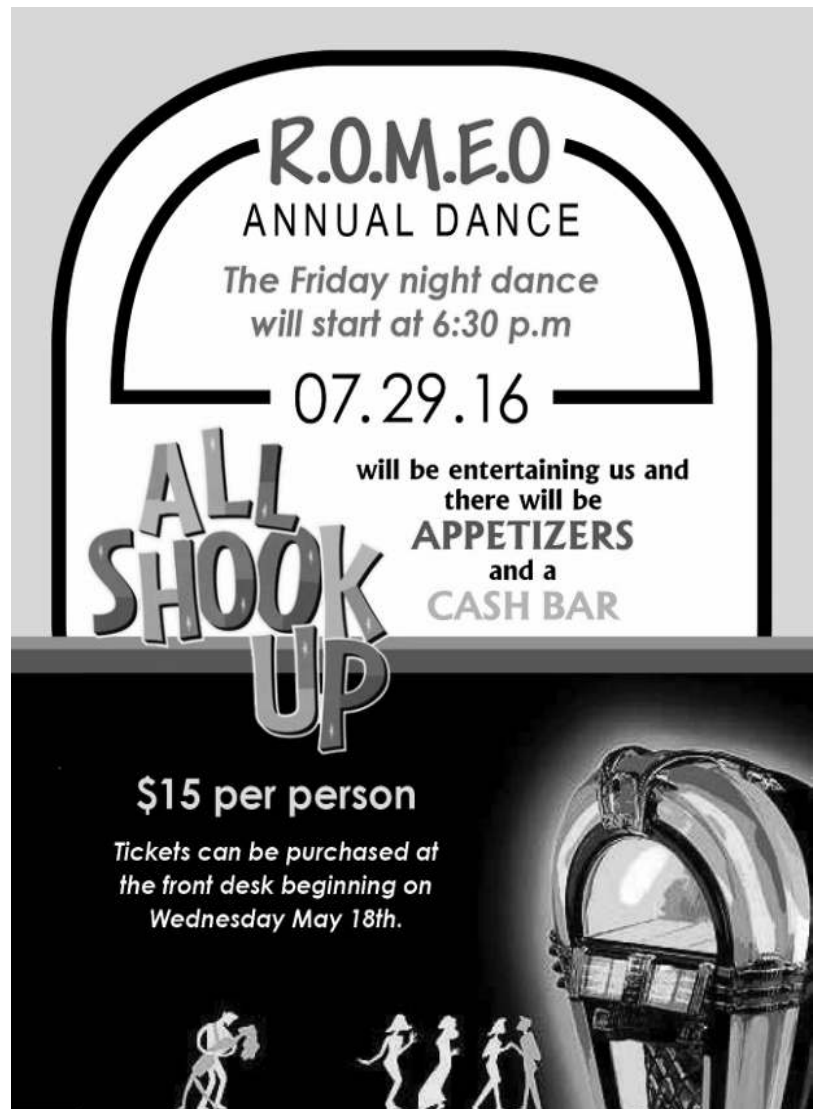

ROMEO Club Website

This website is currently under construction by our ROMEO secretary (Skip Scott). When completed, it will include a picture of each member as well as a short personal message. This way all members can get to know each of their fellow members better just by accessing the website.

Reporting Change Of Email Or Phone Number

Some of our ROMEO members have informed us they have not been receiving our emails. In checking, we found that the member had changed his email address. So, in order for all of our members to continue receiving correspondence from the Club, we are asking that if you change your email address or phone number just send a short email to our Secretary (Skip Scott at frog44@gmail.com). Skip is responsible for all data on our roster. Skip sends each ROMEO board member an updated ROMEO roster every month and also sends it to our entire ROMEO membership on a quarterly basis. The roster includes the phone number and email address for each and every one of our 200 ROMEO members.

Do you have friends interested in joining the ROMEO Club? Have them call: Phil Flynn at 727-378-3884 or Al Sacher at 727-862-0123.

The poster for the ROMEO Annual Dance features a large archway at the top containing the text "R.O.M.E.O ANNUAL DANCE" and "The Friday night dance will start at 6:30 p.m". Below the archway, the date "07.29.16" is prominently displayed. To the left, the phrase "ALL SHOOK UP" is written in a large, stylized, 3D font. To the right, it says "will be entertaining us and there will be APPETIZERS and a CASH BAR". At the bottom left, the price "\$15 per person" is listed, followed by the text "Tickets can be purchased at the front desk beginning on Wednesday May 18th." On the bottom right, there is a photograph of a clear, faceted glass award or trophy. At the very bottom, there are small white silhouettes of people dancing.

HERITAGES PINES SOFTBALL

We decided to discontinue having practices on Mondays since most of those players who came on Mondays were 'Snowbirds' who have returned to their homes up north for the summer months. So instead, we will be having practices every Friday.

We have had four softball practices (June 3rd, 10th, 17th, and 24th) since we submitted our last softball article for the June newsletter. All practices were held as scheduled since there were no cancellations due to weather related issues.

The following players were at one or more of our four practices held in the June time frame: Roy Barberino, Bob Gardella, Al Grosso, CB King, Ron Krow, Al Lang, Ric Layne, Jeff Mariano, Kevin McCrystal, Jim Pulver, Santiago and Chuck Winzer.

We had our most well attended practice on Friday, June 10th, for which there were ten players present. Also, Josh Lord (currently a pitcher for Hudson High School) joined us for the practice.

Since we now have fewer players in attendance (an average of seven players), players are getting more chances to hit; i.e., each player is getting two batting sessions per practice in increments of 35 hits per session or 70

continue to next page

HERITAGES PINES SOFTBALL cont'd

hits per practice session. Even though some of the players get tired out, they still want to continue with this hitting structure.

Any resident of Heritage Pines is welcome to join us for some fun and healthy exercise with your friends and neighbors. We are always looking for new players; so, if you are interested, just show up at Memorial Field on New York avenue (which is the 2nd left off Little Road) at 9:30 a.m. on Fridays.

WHO'S YOUR DADDY?

On June 11, an enthusiastic group of experienced and beginner HP Genealogists gathered in the Magnolia Room for an introductory class on creating a family tree. It was exciting to hear each person tell their personal family story, and present copies of historic family documents.

At the end of the class, our group of 20+ decided it was high-time Heritage Pines had its own Genealogy Club. So, we will plan to meet monthly and help each other discover our roots. In the future, we will endeavor to find local experts to teach us and make trips to the New Port Richey or Brooksville LDS Family History Centers for more in depth research. Stay tuned for an "ATTN: Residents" announcement for the date of the July meeting.

If you missed the class, but would like to join our group, contact Sherry Churchill at 697-3788 or Bill Stoehs at 861-3724.

TENNIS ASSOCIATION HIGHLIGHTS

Summer Break: Summer is in full swing and the HP Tennis Association board is enjoying a break from meeting and planning for future activities and events. But there is still much tennis play taking place!

Summer Leagues and Open Play: Summer leagues and summer open play are continuing. It's not too late to sign up and join in. In addition, subs are always needed so please consider helping out your tennis friends by signing up. See below for league and open play details and contact information for both men and women.

Men's League: Monday, 6:30 p.m. (May to Sept), Joe Gorecki (jgorecki@verizon.net)

Men's Open Play: Tuesday & Thursday, 8:00 a.m., Bill Tory (a711guy@gmail.com)

Women's League: Monday, 8:30 a.m. Carol Henningsen (chenni@tampabay.rr.com)

Women's Open Play: Wednesday, 8:30 a.m., Carol Henningsen (chenni@tampabay.rr.com)

New HP Residents: You are always invited to come out and join the open play. Even if you are rusty, open play is for everyone and is a good time and good exercise. Membership to HP Tennis Association is only \$10.00 for the year. Contact Veronica (Ronnie) Boxx (jrboxx@aol.com) or President Christine John (cjohn14@comcast.net) if you want to join and play and meet some of the friendly men and women that play tennis. You are also welcome to sub on the leagues as we never have enough subs! One other thing, membership gives you the opportunity to practice using the ball machine which has recently been repaired. The ball machine is locked in the storage area by the restrooms at the courts. You have to complete instruction on using the ball machine and Joe Gorecki is the contact to set this up. Get started today!

Welcome– new member Kasandra Wasylak and returning member Roy Barbarino! We are glad you have joined our group! Have a great summer filled with tennis!! See you on the courts!!!!

Their specialties are freshly made soups, sandwiches, salads and desserts.

Everyone is welcome, and if you wish to join us, the sign-up sheet is located in the Book Club Binder in the Library. Several of us plan to carpool, so please indicate whether you can drive or will need a ride. You must sign up no later than July 24. Hope to see you on the 27nd!

LIBRARY NEWS

If you want to save time, gas and/or money, please check out our own heritage pines library for your reading material. You won't have to buy books, drive to the nearest local library or bookstore. Just take your golf cart, bicycle or car and drive up to the Clubhouse. One of the big advantages of using our Heritage Pines Library is there is no "due date". You may return the books at your convenience.

The library contains both hard-cover and paperback books. Remember fiction books are on the right-hand side of the library and non-fiction books are on the left-hand side. Please place returns and donations on the cart at the far side of the library.

We are unable to accept donations of magazines, catalogs, puzzles, games and books of limited appeal. Please contact Mary Lou Ballmann (727-862-1438) or Susan Bell (727-868-4261) if you have any questions.

DRAMA CLUB

Our check for \$1394 to the Life Style Committee helped bring the donation to St Jude's to \$10,000. We received a very nice acknowledgement: "Thanks for sharing the good news. The Drama Club is not only talented but generous! What a wonderful contribution to benefit St. Jude. So happy we moved to Heritage Pines."

We also approved the purchase of two storage cabinets for the back of the PAC stage. Gary Wind will purchase and install the cabinets in our Clubhouse.

Watch future "The Pines" newsletters and "Attention Residents" broadcasts for announcements and details regarding our fall play. Have a Happy 4th of July from your Drama Club.

THEATER CLUB

We wish our snowbirds a wonderful summer. We can tell many have left already as tickets for the various shows are still available. Please check the theatre book for the up-to-date information.

Our next show at Show Palace will be "The British Invasion" on July 21st. Tickets are \$22.50 each and I only have 16 tickets for this one night only show. A full dinner show will be "My Way: A Musical Tribute to Frank Sinatra" Saturday, August 13th. Price is still \$42.50 for show, dinner and taxes. Gratuities are extra. I booked some shows for the Adults at Leisure program at Ruth Eckerd Hall.

"Tapestry", The Carol King Tribute Concert on Thursday, Jan 12th and "109 years of Broadway" on Monday, February 13th. Both are afternoon matinees. I've ordered 75 tickets for the "109 years of Broadway" with lunch. Pricing has not been announced yet, but probably will be \$34 to include it all. I've started a sign up sheet as this show sells out fast.

Call me with any show you would like to attend. We need 15 to sign up for group sales pricing. See you at the theatre. Marcia Gerber 819-1662.

BUNCO NEWS

Hope you are enjoying your summer so far and if you would like to get out of the house and have some fun, we are having our Bunco games on Thursday, July 28 starting promptly at 6:30 p.m. in the Magnolia Room. If you are new to Heritage Pines, please be informed that sometimes our games are filled quickly (we only have room for 36 players) so be there early in order to play. Don't worry that you don't know how to play because Bunco is a very easy game to learn. You do need to bring two envelopes and by contacting Marcia Gerber 819-1662 or Betty Plante at 863-8462 they will be happy to let you know about the envelopes. Hope to see you there.

In Loving Memory Kathleen M. Hendrickson

Kathy Hendrickson's life was all about caring, compassion, love, and charity. Years ago, she founded The Angels of the Pines and The Toy Makers of Heritage Pines. Her groups to this day work tirelessly to provide warm hats, gloves, scarves and toys for area school children. Many times those items were the ONLY gifts received on Christmas.

Her groups depend on donations and fund raisers to provide the materials needed to make the hats, scarves and toys. It is with our sincere thanks and appreciation that you have chosen to honor her memory by donating to The Angels of the Pines and The Toy Makers of Heritage Pines. Because of you, her memory and her work lives on. God Bless You!

For further information regarding the Angels in the Pines please call Geri Brousseau at 727-861-2224. For the ToyMakers please call Phyllis Matheson 861- 727-5556.

WHY OPERATE WHEN YOU CAN REGENERATE?

Mark N. Hashim, M.D. and the Interventional Pain Institute of West Florida is proud to announce we are now treating patients with the most innovative product available to date, Amniotic Stem Cell Recruitment Therapy.

This therapy treats numerous conditions such as:

Degenerative arthritis of the knee, hip and shoulder	
Sports injuries	COPD
Spinal arthritis	Asthma
Rotator Cuff Injury	Dry eyes
Ligament/tendon injury	Diabetic Neuropathy
Elbow tendonitis	
Carpal Tunnel Syndrome	
Plantar Fasciitis	

These treatments have been extremely successful in allowing patients to avoid the need for potentially risky surgeries and get back to doing what they love. This may mean a grandparent playing with a toddler, or an elite athlete getting back on the field quickly!

We only use Regennet's proprietary placental derived amniotic product known as *PDA Human Amniotic Fluid™*, which is the next generation of sterile human amniotic fluid for enhanced soft tissue healing results. In Time magazine's recent Health Discoveries' issue, the protein GD11 was discussed as one of the recent revolutionary findings for longevity. This protein is a vital component in the amniotic fluid regenerative medicine therapy. These treatments involve fluid that is NOT embryonic, and no fetus is harmed in the process. There are no ethical issues with the treatment, and donors are screened in accordance with FDA regulations.

Human amniotic fluid (HAF) has been used for centuries in the treatment of different maladies and conditions. HAF has been shown to be a mixology of beneficial collagens, cytokines, elastins and growth factors that can proliferate the treatment, healing and regenerative qualities of the human body. The presence of extracellular matrices can help to provide a natural scaffold that may accelerate healing while potentially reducing the incidence of inflammation and scarring. The fluid utilized in treatments contains over 100 growth factors that work diligently to regenerate and restore your native tissue. In addition, the fluid activates your stem cells to facilitate restoration of the cartilage, tendon or ligament tissue that has been injured. The technology is called Stem Cell Stimulators™, and represents a new paradigm in how we heal from injury.

For decades, physicians have been treating painful conditions with methods that are often effective, but do not change the condition itself. Getting past the proverbial Band-Aid with a breakthrough treatment that actually helps heal injury has been the Holy Grail. And now it's arrived!

We work with Regennet to offer patient financing so the treatments are affordable and within financial reach for most patients. Why wait? Call and make your appointment today to get back to living your life, pain free.
