**“When you make an appointment with me...you get me.”**

This may mean that sometimes you will have to wait. I believe in taking the time that each patient requires and this is usually determined when we are face-to-face – not when scheduling the appointment.

So...sometimes it's more time than we budgeted. But...when it's your turn...you get the time you need.

## FROM THE GENERAL MANAGER

By Bill Crusselle, *Club Manager*

This year we have had a very hot summer. Last year it was the rains and flooding. Hopefully in another seven to eight weeks the weather will begin to change with lower humidity and cooler days. One benefit of the weather this year is that it has had a positive effect on the golf course. The greens and fairways have been much better and the tees are beginning to come back from transition. Work should begin this month on the sprinkler improvements to provide better coverage in certain areas... We were contacted by a division of the Florida Department of Environmental Protection this past month. The Division of Environmental Assessment and Restoration let us know that Heritage Pines was one of fifty sites in the state of Florida that was randomly selected to have water tested in a wetland area for research purposes. They visited the area last month and will be testing our wetland area this month...The new floor has been put down in the long hallway of the clubhouse. Thank you for all the positive feedback and we are looking forward to doing the PAC and dining room floor this month... Progress is being made to get the pavilion completed for the fall season. Meetings were held with the architect last month and bids from contractors will be coming in so we can take the project costs to the Board for approval... This month we should also start the work on the landscape renovation at the front entrance. Thanks to Meg Amelia and the Common Grounds Committee who have for many months spent a great deal of time meeting with architects and researching which plant varieties would be best for our entrance... All of these improvements just add to the fact that every day is a Good Day at Heritage Pines.

## FROM THE BOARD OF DIRECTORS

By Bob McGough, *HPCA Board President*

Another beautiful day in Heritage Pines. As I draft this article this morning I am watching the national news on a riot in Milwaukee, police shootings in

Georgia, a presidential contest that by polls has the two most distrusted party candidates ever and then I remind myself just how lucky I am to live in Heritage Pines. I recently met all of the newly appointed HPCA Committee Chairs and we are very fortunate to have these dedicated volunteers who are focused on making a great community even better. Our committees are finally fully functional and off to a good start in developing their annual plans. They have a significant number of ideas designed to increase activities, improve amenities and increase revenue.

We have a number of ongoing activities that address current needs and future enhancements. The Board has approved several projects to improve the Clubhouse. We initiated the replacement of the carpet in the hall by the library with luxury vinyl planks. This is the same material that has been in place between the dining room and PAC for a number of years. It is very attractive and cost effective from a wear, cleanliness and maintenance perspective. We are in the final stages off selecting a similar material to replace most of the carpet in the PAC. The Board has also approved this project which should be completed in the next 30-45 days. This renovation is forecast to save HP approximate \$125,000 of reserve funds scheduled for annual cleaning and scheduled replacement of carpet over the next 20 years and provide for more flexible use of the room. We are reviewing the architect's proposals for replacement of the pavilion tent near the tennis court and should have that ready for Board approval in September. The landscape project to enhance the appearance of the front entrance to HP is nearing design completion presentation to the Board for approval.

We continue to see improvement in both the common grounds and golf course and are looking forward to increased revenue as we move into the fall season in a couple of months.

The comments we receive daily on the dining experience of our residents are overwhelmingly positive. We appreciate your input and our staff makes every effort to correct deficiencies when brought to their attention.

Safety continues to be a focus at HPCA. Once again you are encouraged to observe the speed limits and warning signs. Rolling stops at stop signs continue to be a problem. You need to come to a complete stop and look both ways before proceeding.

## COMMON GROUND RENOVATIONS

The Common Grounds Committee has been working for almost 20 months on the common grounds initiative. It has been almost 18 years since the front entrance to the Clubhouse was initially planted. Some additional plants have been replaced along with various annuals seasonally. However, there has not been any significant updating done since its inception.

As you know, curb appeal plays an important role in selling your home. It is equally important in selling the community. The entrance greets potential buyers, guests, family and the residents. It is as important as the clubhouse and golf course to the overall appearance of the community. It's the first thing you see when you turn off County Line Road and we all know first impressions count!

In the beginning of 2015 the Common Grounds Committee, which was chaired by Gene Estensen, broke the common grounds down to manageable projects. The Committee, now chaired by Meg Amelia, is working on the first of a three year plan which includes: the front entrance. from County Line Road to the Guard House (Phase 1- 2016), Grand Club Drive up to Scenic Hills Blvd (Phase 2-2017), and finally the Clubhouse and parking lots (Phase 3-2018).

Request for proposals (RFP) were sent out in December to ten architectural landscape design firms in the Tampa/St Pete area. Five companies were interviewed and two were vetted. Terra Tectonics Design Group was selected. They are located in Clearwater and have been in business since 1992 (FL00254). The principle, Jonathan H. Toner, RLA, is licensed by the State of Florida as a landscape architect and is also a certified arborist.

Florida Friendly does not mean Florida ugly. There are hundreds of colorful and beautiful plants that follow some or all of the FF concepts the most important of those include: right plant right place, water efficiently, fertilize appropriately and attract wildlife (birds, butterflies).

It has been three months of meetings and workshops with the architect. The emphasis has been on colorful and varied Florida Friendly and Florida Native plants and incorporating them into the design with the hopes of making HPCA less dependent on

watering and intensive fertilizing and to continue to attract wildlife. The Committee had to consider the impact reclaimed water was having on current plants in HP. The Committee worked to keep maintenance costs down by selecting plants that follow FF principles but still gives us the effect we hope to achieve for the community.

The focus is on aesthetic impact of the design which reflects seasonal changes/variations of color. There will be updated and modernized lighting both on the signs and in the landscape beds. By adding some architectural interest with color, varied heights and texture along with some pottery and water features, we feel this will give us the kind of entrance we can all be proud of.

The Committee has forwarded the final design from Mr. Toner to the BOD and from there it will go out for a minimum of three bids. The money for this project is coming out of the reserves. Once the final plant list and renderings are completed the architect will present the designs to the community in the lobby. Please watch your email for a date and time.

Common Grounds: Chair: Meg Amelia, Members: Sara Brundage, Dolores Houskeeper, Karen Rumpitz, Terry Tagliaferro, Deb Tribbey

## GOLF COURSE AND GROUNDS DEPARTMENT NEWS

Best wishes from the grounds maintenance staff. We hope everyone has had an enjoyable summer. The precipitation has finally begun falling on the nature coast. A five day stretch in mid-August produced seven plus inches of rainfall. On the course we are actively cultivating tees, greens, fairways and rough via aerification and vertical mowing to enhance turf density and increase playability. Fall fertilization will also help to promote more healthy turf. Sod installation continues on thinly turfed areas to ensure optimal playing surfaces as we move into our fall golf season.

HPCA Management and the Common Grounds Committee is working with our Landscape Architect to finalize the design and plant material for our community entrance. Our final concept should be completed in a couple of weeks with design presentation to follow shortly thereafter.

We are adding a new feature to our newsletter. The plant of the month will focus on popular Florida plants and how best to incorporate them in your landscape.

**Knockout Roses.** Prevalent throughout our community these plants are good performers in our area. Very heat tolerant, they require minimal irrigation are accepting of reclaimed water and are relatively insect and disease free. They are relatively cold tolerant but may require covering during extended periods of below average winter temperatures. Bloom cycle is every five to six weeks. They require minimal pruning with no real need for dead heading. A minimally trimmed Knockout will fill out in the vicinity of four feet wide by four feet tall so plant accordingly. Granular spring and fall fertilization is recommended supplemented by foliar applications on a monthly basis. Don't forget to perform an occasional soil test to monitor growing conditions.

Our beautiful fall weather is soon to arrive and we look forward to seeing you often around the community!

## VISION & EYE HEALTH CLINIC

**Monday, September 3rd

*Signup sheet located in Clubhouse lobby*

Everyone's vision can change with age. Some changes are normal, but losing one's vision is not a normal part of getting older. Healthy Vision Institute will be visiting Heritage Pines to provide complimentary screenings to residents. With age, everyone is at a higher risk of developing glaucoma, macular degeneration, cataracts, and other eye-related diseases. There are no early warning signs or symptoms before they become serious.

# COUNCIL OF VILLAGES

August 11, 2016

Rosie opened the meeting at 4:00 by introducing Meg Amelia, Chair of the Common Grounds Renovation Committee to give us an update on our facelift with the following points noted:

- 18 years since the front entrance to the clubhouse was initially planted
- 3 phases – front entrance (entrance from County Line to gate house to be completed by the end of this year), Grand Club Dr. up to Scenic Hills Blvd. (phase 2), the Clubhouse and parking lots (phase 3).
- Terra Techtonics of Clearwater was selected out of 5 who submitted proposals. Principle Jonathan Toner, ASLA is licensed by the state of Florida as a landscape architect and is a certified arborist.
- Focus is on Florida friendly and Florida native plants working towards making HP less dependent on watering and intensive fertilizing while continuing to attract wildlife (birds and butterflies and the like). Considerations in choosing plants was in keeping maintenance costs down and having variations of color/height/texture with the changing seasons. The plan includes modernizing lighting on the signs and in the landscape beds and to add architectural interest with pottery and water features to give us an entrance to be proud of. Not all of the plantings will be taken out – will save as much as possible.
- Project was reviewed by the reserve committee and \$22,000 appropriated for the architect although the actual bid was awarded for \$6600.
- Over the last three months three conceptual designs were reviewed for phase 1. The design will be finalized and sent to BOD this week for approval and then it will go out for 3 bids for the plants. Work should begin in September and take 6-8 weeks to complete. Once the committee receives the final plant list and drawing back from the architect, the concept designs will be placed in the lobby for all to see. The architect will be available to answer questions. The money will come out of the reserve and will be between \$100 and \$120k.
- There is an opening on the committee. If anyone is interested in working on this project you can e-mail or call Meg Amelia.

Rosie introduced Bill Crusselle, Club Manager to respond to the agenda questions.

1. **If you are cited for wearing a hat after 4:00 p.m. or having a collarless shirt, etc., how long do these citations remain on your homeowner's record (statute of limitations)?**

Bill could not find any citations issued and the last one remembered by a resident who was in attendance and got a letter was 2013 and no action was taken then. There is no record of any outstanding violations.

2. **When a house in HP is in foreclosure or in “distress,” how does the guard gate determine who is allowed to enter the community and check on the property? Seeps any and all gain entry with what ID?** The owner whose name is on the deed (or those acting in his/her behalf) at the time is allowed thru the gate. If not a resident, the bank or realtor wanting admission must call ahead and get permission to enter HP.
3. **We are having a serious problem with sand hill cranes pecking at our screen enclosure and damaging the screens. What action are we as owners allowed to take to stop this expensive damage to our property?** They are an endangered species. Two helpful hints: (1) don't put dog or cat food on your lanai as the smell attracts the birds and (2) string fishing line on the bushes along the lanai at their body height and they will not cross it.
4. **How many villages are incurring large expenses replacing sprinkler heads? What has been done about it? How do you keep track of which head was replaced in the village?** Comments from reps of maintained villages confirmed that each village makes its own decisions whether to replace heads as needed or replace all at once. Pricing was shared and the suggestion was made that villages order and replace heads themselves as opposed to a service doing it.
5. **When you order coffee and it is served in a carafe, is the charge the same if it is served per cup? Who decides how the coffee will be served?** If coffee is served in a pot, most of the time it is ordered for a group in a private room and the person who requests it is charged. If a pot is asked for at a dinner table in order to speed up service, they are not charged for it as each person has already paid for their coffee.
6. **Noticed over the last few years there are more and more people in this**

*continue to next page*

community who are unable to drive, either age related or medical problems. When we moved here in 1999 part of the promotion was a residence for independent living. That never happened but in addition we were told that transportation to grocery store/drug store would eventually be provided. I know that the expense would be prohibitive but is there an outside company that could be hired? Heritage Springs has a volunteer program that covers this issue. Bill is looking into seeing if this could happen in HP.

7. **Why are the gates at the guard house periodically left open?** Mostly it is a mechanical issue due to power loss. In this last week we also lost the motor in the fountain and it must be replaced at a cost of around \$1800. If the gate is up and it concerns you, send Bill an e-mail stating the time and date. He will check it out. A lightening arrester is being installed at the rear gate.
8. **How many homes in HP have changed ownership?** Question is a result of a conversation wondering if new residents are not familiar with rules and regs and therefore not abiding by them. Every new homeowner goes thru an orientation so being new is not a justification for not going by the rules. Rosie said that going by percentages, there are only a small number of new residents - - so perhaps those not abiding by the rules are folks who have been here for years. There were 76 sold in 2014, 113 sold in 2015 and 56 so far this year.
9. **What is the status of the assisted living facility on County Line Rd. across from the Sun Trust Bank?** The original developer could not arrange funding and is no longer involved. A new developer has come forward and the closing is scheduled for November 15 if permitting is completed.
10. **Is there a reason we do not have a marked crosswalk at Eagle Bend and Grand Club. It's been requested a number of times.** There are other intersections that also have no crosswalks on Grand Club. Bill mentioned that when the traffic study was being done that there was concern about doing the crosswalks and the signage necessary for the safety of our residents. Bill will have the results of the traffic study posted on line. Rosie asked if there were any significant findings in the traffic study. Bill said the amount of signage to add or replace was significant and expensive. This expense is not a part of the common grounds renovations.
11. **Since the inception of HP and other gated communities, the issue of speeding continues to be an issue. The board president mentioned this matter in the Pines newspaper. Management has tried to curtail the speeding within our gates, residents have organized to slow down traffic by restricting flow (one resident's car was sideswiped), and residents continue to complain with no resolution in sight. Vendors know nothing can be done to them no matter how fast they go. My**

**question is what has and what is management doing to stop this out of control issue. Timber Pines has a zero tolerance for speeding and has 5x as many miles of streets as HP. How is their program working? This is a rule that is being ignored while other silly rules are strictly enforced. Where is the equality in enforcement?** The contrast of budget dollars between HP and TP was discussed. HP spends \$240,000 and has seven employees. TP spends \$690,000 and has 22 employees. TP also has two pickup trucks with police radar) and we have one. With all of TP's staff and budget, residents still complain about speeding in their community. We work on this on a daily basis and do the best we can with what we have. The traffic study addresses speed limits and not many changes were suggested. Vendors can be stopped for speeding and Bill has called their companies to report speeding by their employees. Residents be aware and report speeding.

12. **How many maintained villages include maintenance of trees in their village assessment fees or is the individual homeowner responsible for tree maintenance? Does that include removal of trees and pruning and shaping of trees?** After much discussion between at least seven villages, it appears each village makes their own rules. Taking tree maintenance out of their documents and giving responsibility to the individual homeowner is one way to go. Alternately villages can contract for tree maintenance on various schedules.
13. **On a positive note, the question is asked how does the kitchen work? Does the chef fix the menu and is he in charge of ordering? Is he here to prepare meals? The questions are asked because of the inconsistent meal prep - sometimes great, sometimes not so good.** The chef runs the kitchen. He cooks, he expedites (prepares plates to leave the kitchen), he works the line, orders all the food, and does inventory. We change our menu every 90 days. Daily specials are usually around 50% of the entrees that comes out of the kitchen. We get three deliveries from Sysco weekly and they are not just frozen food. We do most of the prep from scratch with fresh ingredients - chicken, ground beef, veggies (the only frozen veggie is corn). Resident comment was that consistency in preparation, presentation and price was very important - the choices on the menu were not an issue. Bill encourages everyone to fill out a comment card - if we don't know there is a problem, we can't fix it.

Rosie will not be here for the September 8th meeting but a rep from the Pasco Sheriff's office will be here and Bill is trying to arrange someone from the fire department to come also. Please try to attend and spread the word. Mike gets an e-mail and sends it out immediately whenever flags go to half staff. The responsible person for the village should be sure to put them back up.

# ARCHITECTURAL CONTROL COMMITTEE

By Mike Miller, ACC Chairman

This is the time of the year that committees reorganize membership and determine how to better assist the community. The Architectural Control Committee (ACC) continues to improve guidelines in the ACC Manual which includes adding options that allow the homeowners to improve their home and property that ultimately increase resale values. The committee, with the assistance of Dineen “Dee” Robinson, Assistant Property Manager, remain ready to provide the homeowners with whatever help they require. When submitting an Exterior Change Request (ECR) please use the new form included on page 15 and 16 of this issue of The Pines.

We are very excited to get this year underway. One of the projects we are currently working on, is our Newcomers project. Within the first three weeks of residency at Heritage Pines, we plan on contacting the new homeowners. When it's convenient for them, one of our Community Ambassadors will personally greet them with homemade cookies, or a loaf of fresh bread. At that time, we will answer any questions they may have, connect them to someone in their village as a village contact.

We will also give them a folder containing lists of Amenities, Activities, Committees, Clubs, Services, Charities and a resident contact name and number for each. The key here, is to help them get connected. You will be hearing more about this Newcomer program, in the months to come. Right now, we are in the information gathering process.

We are also working very hard on revitalizing “Hittin’”

### Disaster-Preparedness Kit For Pets

One never knows when the next hurricane, flood, tornado, wildfire or other natural disaster may strike. These events can be traumatic for families - but they can also be traumatic for pets. That is why it is important to make sure your family and pets are ready for a disaster by putting together a disaster-preparedness kit.

Some basic items to consider for your pet's kit might include:

- Food and water for at least five days for each pet, bowls and a manual can opener if you are packing canned pet food.
- Medications and medical records stored in a waterproof container and a first-aid kit. A pet first-aid book is also a good idea.
- Cat litter box, litter, litter scoop and garbage bags to collect your pet's waist.
- Sturdy leashes, harnesses and carriers to transport pets safely and to ensure that your pets can't escape. Make sure your pet is wearing a collar and identification that is up-to-date and visible at all times. Carriers should be large enough to allow your pet to stand comfortably, turn around and lie down.
- Current photos of you with your pets and descriptions of

your pets to help identify them in case you and your pets become separated.

- Written information about your pets' feeding schedules, medical conditions and behavior issues along with the name and number of your veterinarian.
- You may consider having other useful items such as newspapers, paper towels, plastic trash bags, and grooming items or pet toys.

REMEMBER: If it's not safe for you, it's not safe for your pets!

## ENVIRONMENTAL ISSUES COMMITTEE

Have you noticed anything New & Blue in the Billiard Room, Magnolia Room, and Fitness Center?

For the past couple of months there have been Blue Recycle Containers in each of these rooms. They are for plastic cups and plastic water bottles ONLY. Please do not throw any trash in these containers, and please try not to throw your plastic cups and water bottles in the trash containers. They have been placed next to the existing waste baskets, so you don't have to look far to drop in your plastic cups and bottles. Now you don't have to carry those bottles and cups home to put them into your recycling bin.

### What are recycled plastic bottles and cups turned into?

(Those plastic bottles) Recycled PET bottles can be turned into new containers for beverages, salad dressing and household cleaning products. Many of the large beverage producers are now producing PET bottles with increasing amounts of recycled PET – even up to 100 per cent recycled content! It can also become the fabric in your clothes, the fiberfill in your coat, and the upholstery and carpeting around your house. In fact, recycling just five two-liter bottles can produce enough polyester for a square yard of carpet.

(Those plastic cups) Polypropylene is recycled into brooms, auto battery cases, bins, pallets, signal lights, ice scrapers, and bicycle racks.

### How do recycled plastic bottles save energy?

Plastic bottles are made from petroleum, a non-renewable resource. Recycling one ton of plastic bottles saves 3.8 barrels of oil. It also saves 7.4 cubic yards of landfill space. Each year, the economic and environmental costs of running a landfill increase. Every pound of material we keep out of the trash helps extend the life of our landfills and create more sustainable communities. Bottles simply don't belong in landfills.

# COMMITTEE/MEMORIAL TREE PROGRAM

The Community/Memorial Tree Program provides the opportunity for our residents to purchase a tree in memory of a loved one or friend. Trees may also be purchased to honor a person or because you wish to donate one in your name to beautify our community. They can also be purchased as a gift, perhaps a birthday or anniversary idea. Prices vary according to the type and size of tree. Residents may choose a general location for a donated tree which can be on the golf course, along the main boulevard or in other areas of the community. The final placement of each tree will be approved by Heritage Pines maintenance facilities. Trees will be planted during the months of March/April and October/November. Please plan your purchase during the preceding months. The Community/Memorial Tree Program is headed by Linda O'Leary. Please contact Linda at 819-9207 for pricing information.

A map showing the location of all donated trees is located in the hallway by the Magnolia Room. Also, there is a book at the front desk of the Clubhouse listing information about the many trees planted throughout our community. Each page includes the names of the honoree(s), sponsor(s), tree location and type of tree. Residents may look through this book as desired.

## SURFACING

### Non-Profit Organizations

#### What Non-Profit means; and what it doesn't.

Let's get this out of the way now with the hope that clarification will help remove what appears to be a great deal of confusion: **"Non-Profit" is an IRS tax code; it is NOT a business philosophy, an organizational strategy, or a tax provision which requires that HPCA lose money on its business activities.** We have all heard the comments: "we are not suppose to make money," and "we will lose our non-profit status if we make a profit," and "we are suppose to lose money on what we offer."

We have even created a deficit budget for 2016 due to this mindset. **That is NOT what being a non-profit organization means,** and mistakenly, many believe that this is **exactly** what it means. The IRS established the non-profit tax status to allow businesses like HPCA to use surplus revenues and funds generated through its various business activities to further its mission and improve its offering to Membership without the tax implications afforded for-profit businesses.

"Non-Profit is an IRS tax code; it is NOT a business philosophy, an organizational strategy, or a tax requirement whereby HPCA must lose money on its business activities."

And therein surfaces the qualifying statement: **to further its mission and improve its offering to Membership.** Simply put, this means that all surplus funds realized by HPCA must be put back into the Association to improve HPCA - specifically, our amenities, physical space (buildings), grounds, infrastructure, services, etc. Our surplus funds must be reinvested back into the Association in order to meet the IRS requirement for non-profit organizations and allow HPCA to retain its current tax status.

"All organizations, whether they are for-profit or non-profit, cannot operate from a deficit position and possibly believe that this practice is sustainable."

Revenue realized through positive business performance allows HPCA to expand or redefine its physical space, make golf course improvements, create new amenities while improving and maintaining our existing amenities and services.

As HPCA begins to run itself like a proper business, we must begin to connect with the reality that there are two very different ways to ensure the future of the Association, and they both involve money.

**The first way** to address this situation is to open our wallets wide and continue to cover the ever-escalating expenses and financial short-falls that HPCA is incurring. Not a very practical choice given the current revenue options that are open to HPCA. Membership shouldn't be expected to carry the entire financial burden when smarter business choices are available. Special assessments, unnecessary increases in monthly fees, reductions in resident services, and lowering community standards are not viable options for establishing financial balance.

**The second way** is to actually **understand the IRS provision for non-profit organizations;** operate as an effective business model; and take advantage of all of the revenue streams that the Association has available. All organizations, whether they are for-profit or non-profit, cannot operate from a deficit position and possibly believe that this practice is sustainable. That view is not realistic.

As HPCA continues to turn the corner and become more efficient, our future becomes more assured. At this time, HPCA Staff has begun developing the 2017 budget, along with next year's strategic initiatives.

Staff is now entirely focused on developing meaningful strategies, tactics and practices to move the Association toward becoming the non-profit organization that HPCA should be.

## "WILL CALL" TICKET PROCEDURE

Are you out of town, travelling, or just plain busy when tickets for a major event go on sale? No worries, Heritage Pines is now proudly offering a "Will-Call" procedure for those residents who are unable to purchase tickets the day they go on sale. The events and shows at Heritage Pines have become incredibly popular. So much so, that we are booking many events and shows with back to back performances. Tickets are selling on the first day they go on sale! It goes without saying, that the Clubhouse has become the hub of social activity within our community.

Here is how it works:

1. Email [mike.russell@heritagepines.net](mailto:mike.russell@heritagepines.net) with the following information:
  - a. Your Name
  - b. Your Phone Number (the best one to contact you on)
  - c. Your address within Heritage Pines
  - d. The event you want tickets for
  - e. How many tickets you want
  - f. Your member number
  - g. And most importantly, you must include the following phrase in your email: "Through this email, I authorize Heritage Pines to charge my member account for the number of tickets requested. I understand that this charge will show on my monthly statement."
2. Click Send! – it's that easy...
3. Now, here are a few follow-ups:
  - a. Will-call tickets will be purchased AFTER all residents who have "lined-up" on the day of and received their tickets.
  - b. Only ten tickets can be purchased per resident account.
  - c. Tickets will be purchased in the order they are received.
  - d. We cannot accommodate residents who wish to be seated with anyone else, tickets will be sold to the first available seats.
4. Tickets can be picked up at the front desk at a time that is convenient for you!

We hope this added service comes as a benefit to you all!

## LIGHTING SAFETY TIPS

- If you see lightning, even in the distance, get off the golf course immediately. Strong thunderstorms can develop quickly.
- Rush to a dense, wooded area. Lone trees are dangerous.
- When caught in the open, fall to your knees. Follow this procedure immediately if you feel the hair on your arms or head rise.
- Get rid of your umbrella. Even umbrellas with nonmetal shafts are dangerous.
- Stand well away from your golf clubs and never get caught holding one. In an electrical storm, golf clubs are perfect lightning rods.
- Get as far away from ponds and lakes as possible. Water an excellent conductor of electricity.
- Golf carts are not a safe haven. The notion that rubber tires ground electricity is a myth.
- Avoid the green. Greens are often a bit higher than the surrounding terrain. The flagstick is especially likely to be struck.

## NINERS LADIES' GOLF

After weeks and weeks of unrelenting humidity and heat, we can add one more obstacle to the course- steady and persistent rain. Though our numbers have diminished, a small but stalwart core of Niners appear on Tuesday afternoons, ready to take it on. It won't be long now before seasonal residents trickle back and those waiting for a break in the weather decide to brave it once more.

A sign-up sheet is in the pro shop for a Scramble with the 18 hole Ladies on September 13th. It will start at 1:00. Come join us for food and fun even if you don't plan to play golf – just put “snacks only” beside your name and enjoy a tasty seven layer Mexican dip with salsa and chips at 3:00. Sign-up is in the 18-hole book as well as the 9-hole book. This is always a great time to meet and socialize with some of the league ladies of Heritage Pines.

There is still room in our Carrollwood Golf Resort get-away. Taking place on October 25th and 26th, the price for a condo, golf and meals is only \$263.64 payable to HPNLGA by October 4th. To facilitate the check in/check out experience, Niners will be pre-paying for food and housing. After a \$100 deposit (deadline September 20th), the balance of \$163.64 will be due no later than October 4th. Checks made out to LPNLGA go to Cathy Stoehs. For questions or concerns, contact Cher Armstrong. So come join us for some great golf, enjoy delicious

meals, gather around the fire pit with us in the evening and have some fun!

Think ahead to our Awards Dinner, taking place December 13th this year, and plan to join fellow Niners at our first event of 2017 – our fabulous Niners Ball. “Frozen Formal” is the theme and it will be held on January 21st. Decorating committees are already working out ideas, while others are arranging all the details needed to make this an extra special evening. If you wish to get involved– contact Cher Armstrong and become a part of her happy band of magic-makers. Be a part of the team.

Our four night sailing cruise takes place Feb. 6th through the 10th of 2017. Royal Carribean's Majesty of the Sea will take us to Coco Cay and Nassau. Call Rosemary Corrao for reservations. Transportation to Port Canaveral will be arranged depending on the number of people traveling. Check our bulletin board for all the details.

Niners will be holding their Member/Member golf tournament on March 7th and 14th of 2017. The theme will be “Swing into Spring.” Start thinking.

Thanks to our active committees, we have a full agenda of wonderful events to come and many more during the course of the year. Don't forget to check out Betty Tinchers beautiful bulletin board for photos and notices of happenings - past, present and future!

Maggie Shell has done it again – with the help of generous contributions from Niners and friends, she has collected an astounding supply of back-to-school supplies for the children of Mary Giella Elementary School. Early morning forays to Walmart and other stores, combined with the efforts of Niners who brought in supplies, resulted in the display of binders, paper, scotch tape, glue sticks and dozens of items which you see in the accompanying photo. Our thanks to Maggie for her happy and spirited attitude – so evident in everything she does! Can't wait 'til Christmas!

Keep all who are experiencing illness and difficulty in your thoughts and prayers at this time. Their strength and fortitude is a lesson to us all and we are always heartened by the spirit and humor with which some deal with their plight. As a caring and supportive group, Niners are always there for each other.

Law #2 of Golf remains: Your best round of golf will be followed almost immediately by your worst round ever. The probability of the latter increases with the number of people you tell about the former. Happy September!

## HERITAGE PINES MEN'S GOLF

Hole-in-One – Now this is leadership ability, MGA President Bill Stoehs had his first ever Hole-in-One on Wednesday 7-27-16 during league play. The ace occurred on hole 12. Bill was playing from the green tees hitting to a blue flag using a six iron to cover the 156 yards. Witnesses were Bob Thomas, Pete Henningsen and Mike Gallo. Due to declining eyesight, Bill didn't see it go in but Bob called it out to Bill. Congratulations Bill!!!

Shady Hills School (K-5) – Four years ago Ron Burrows came to then MGA Pres. Scott Taveau and Jeff Edwards with the idea of helping some of the less fortunate children at Shady Hills School. Scott and Jeff ran with the idea and got the MGA to

start a charity fund. Members decided to donate \$1.00 each of each week's prize money to the charity fund. The Ladies HPLGA agreed to partner with us. This year we provided 150 children with back packs filled with school supplies for the start of the school year. We also provide those in need with a turkey and all the "fixings" for Thanksgiving and Christmas presents obtained by members from the "Tree of Angels" program. Current President Bill Stoehs is continuing the tradition and on August 5th (tax free day) Bill led the group to obtain the supplies and transport them to Shady Hills School where they were met by HPLGA President June Bavetta and her crew to assemble the catch. Members of the MGA and LGA participating were: LGA - June Bavetta, Eva Taveau, Becky Lucius, Barb Stebler, Marjie Fuller, Pat Gatzke, Cheryl Lichtenberg, Sally Givens, Sandy Hreczuck, Margie Convery and Beverly Seaberg. MGA- Bill Stoehs, Scott Taveau, Ron Burrows, Jeff Edwards, Ric Layne and Brian Armstrong.

### Member Profile - MGA Vice President Ric Layne

Richard "Ric" Layne was born in 1950 in Greeneville, TN., and grew up not far away in Johnson City. Ric has two brothers, one three years older, one three years younger. Ric attended Science Hill H.S. graduating in 1968 where he was voted President of his Senior Class. In the fall of 1969, while three credits shy of his sophomore year, Ric was drafted into the U.S. Army. He completed his tour of duty in 1971 after spending 13 months in Vietnam with the 173d Airborne Brigade. Ric has three children, all raised right here in Florida. Jonathan, 30 living in Palm Harbor, Kristi, 35 living in Land O' Lakes and Ashley, 37 living in Jupiter. Ric and his lovely wife Deborah have been married eight wonderful years and have two grandchildren.

After his military experience, Ric and his father purchased a 100 acre farm in East Tennessee, where they raised beef cattle and three gaited pleasure horses. Using his G.I. Bill, Ric completed his college requirements and received his B.A. degree in 1976 from East Tennessee State University. Upon leaving the farm, Ric held several sales positions with different companies and was later hired by CBI, Credit Bureau Inc., (later changing their name to Equifax Credit Information Services), Ric worked with them for 22 years retiring at age 54 as Vice President of Government Services. Not quite ready to leave the work force, Ric purchased an automotive detail shop in Tampa which he owned and operated for nine years before selling it in 2012.

Ric and Deborah have lived in Heritage Pines for almost three years and currently reside in Hill Top Village. In addition to the MGA, Ric is involved in the Drama Club, Softball Club and enjoys the many amenities available here at Heritage Pines. Deborah is also very active in the community, serving as Secretary of the Drama Club and is a board member of the Architectural Control Committee. Ric and Deborah have made some really great friends here and are very happy they chose Heritage Pines as their retirement community.

Bill and Ricky will alternate picks from the list of those who sign up and then determine pairings with two members from each team playing against each other using a full handicap. The first day format will be Front 9 two man best ball and the back nine alternate shot. The second day will be individual match play. Two players from each team will be matched against the other team player closest to his handicap using the full handicapped system.

Sign up will begin Tuesday September 1st and end Wednesday September 30th.

A Luncheon and Semi-Annual membership meeting will follow the tournament at a cost of \$13.00 a person and will be billed to your account. Free beer and soda will be provided and prizes awarded at the luncheon. You do not have to attend the luncheon to play in the tournament and you may attend the luncheon if you do not play in the tournament. The MGA has obtained a unique gift for each member of the winning team. If you are not playing in the tournament, but wish to attend the luncheon, please do not put your name on the sign-up sheet, just let the pro shop know your intentions. You may attend the Membership meeting without participating in the luncheon or tournament at no cost.

## 18 HOLE "PAR" TICULARS

Due to the generosity of the HPLGA and the MGA On August 5th, ladies from HPLGA and men from MGA met at Shady Hills Elementary at 1:00PM in their library to load 150 book bags with much needed school supplies. Tables were organized as: Table 1--Kindergarten and First Grade, Table 2--Second and Third Grade, and Table 3 --Fourth and Fifth Grade. Age-appropriate book bags were located at each station.

In about 45 minutes, the book bags had been "stuffed" and were ready for the students to pick up the following Tuesday. Those ladies participating in this worthwhile event were Marjorie Convery, Pat Gatzke, Cheryl Lichtenberg, Sally Givens, Beverly Seaberg, Becky Lucius, Marjie Fuller, Cheryl Armstrong, June Bavetta, Barb Stebler, Sandra Hreczuck, and Eva Taveau. The MGA members were Scott Taveau, Bill Stoehs, Ron Burrows, Rick Layne, Brian Armstrong, and Jeff Edwards.

Thank you, ladies, for your time to help with the School Supply project. Many children will have a wonderful start to the school year because of our willingness to help those in need.

We are fortunate to be able to pay it forward and at Thanksgiving our weekly donations will help about 50-55 families have Thanksgiving dinner. Then at Christmas we join with MGA in their "Tree of Angels" ceremony.

We use a thorough 2 step process. First we Shampoo all the traffic areas using a commercial grade shampoo and rotary brush (this process loosens the dirt allowing it to lift to the surface). Second we use a high pressure, high heat steam extractor to rinse the carpets and remove the dirt. At this point we also apply a disinfectant, deodorizer and brightener which leaves your carpets clean and fresh.

## ARTIST CRAWL

### To all ARTISTS IN RESIDENCE

We are trying to put together an "Artist Crawl" for the last Sunday in October; October 30th, 2016.

### What is an Artist Crawl?

It is an invitation to our residents who would like to see artists in their homes/studios creating their artwork. Each artist will have wine and cheese to welcome art lovers to their studios for an hour at a time and then residents can move onto another home/studio.

This is a great way to showcase your artwork and skills and meet some interesting neighbors. We have two artists willing to do this - Fran Romano and Sylvia Hicks. We are asking for more artists who would like to participate in this event. If you are interested please contact: Fran Romano at [franetchings@gmail.com](mailto:franetchings@gmail.com).

## BILLIARDS FOR EVERYONE

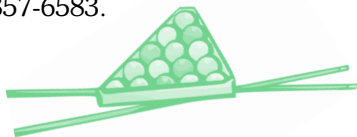

By Deb Tribbey

If you haven't played pool (billiards) with the Ladies, or the Couples Groups then you are missing a lot of laughs and fun. We do not have a league, but we do have some talented players who are very patient and are helping all of us to improve our game.

The Ladies Group plays on Wednesdays from 1pm through 3 p.m. and on Thursdays from 9:30 a.m. through 11:30 p.m. The "ladies" are always willing to welcome new players and teach novices. Simply drop in to play either Wednesdays or Thursdays in the billiards/card room at the Clubhouse.

Then we also have a Couples Group meeting to play on Saturdays from 2 p.m. through 4 p.m. This consists of beginners to some amazingly skilled generous players who want to share their knowledge while still having a good time with their partners. The comradery and support that everyone gives each other, whether a good shot has been made or a miss, makes the afternoon a lot fun while giving you an opportunity to meet some new residents. Makes for some very interesting matches!!!!

If you played pool "back in the day" or never at all, please feel free to drop in and join us. We know you'll enjoy it like we do. For further information, please call Ruth Stickel at 869-7848 or Deb Tribbey at 857-6583.

## LADIES BOWLING LEAGUE

The Heritage Pines Ladies Bowling League will soon be starting the 2016-2017 season.

Bowling is one of the easiest and enjoyable activities that you can do with friends and neighbors. The rules are easy to understand and a computer keeps the score. It is a sport that can be shared by all ages, gender and abilities and has been around for a very long time. Little or no bowling experience is needed to join our league.

Our Ladies Bowling League is a nonsanctioned league that enables women of all abilities and bowling experience to enjoy a nice afternoon of exercise (in a nice, cool air-conditioned setting). All women in Heritage Pines are eligible to join and we welcome new residents who would like to bowl with us. We bowl on Wednesday afternoons at 1 p.m. at Spring Hill Lanes on Commercial Way. The first day of league play at Spring Hill Lanes (either August 31 or September 7) will also be determined at that meeting. For more information or to sign up, call Pam Cegla at 727-844-8298 or email at [pcegla@tampabay.rr.com](mailto:pcegla@tampabay.rr.com).

### Remember these dates:

September 7 – first game of league play 2nd and 4th Saturday night of each month – open bowling at Spring Hill Lanes.

# ASK THE TECHIE

**Q: Recently a popup message appeared on my computer screen telling me my computer was infected with a virus. The message contained a number for me to call for assistance. When I called the number the person requested I allow them to access my computer remotely. I did this but became suspicious and terminated the call. Since the message continued to popup I called you to remove the popup and determine if my computer had a virus. Was I speaking to an actual support agent or was this a scam?**

**A:** This was definitely a scam. As far as I know, none of the antivirus programs alert with a phone number to call when a problem occurs. If an actual virus is detected the program will display a message indicating that a virus has been detected and report on the success of the repair.

Often, a fake popup message will claim to be from the manufacturer of your computer, the provider of the antivirus software you are using or Microsoft. It is likely that your computer doesn't have a virus at all. The only virus is the popup message itself which prevents you from using your computer until it is removed. If either of the above happens to you I recommend shutting down your computer immediately even if it means pressing the POWER Button. Do not attempt to close the message. This may cause a virus to be installed in your computer that may be difficult to remove.

If you ever allow someone access your computer remotely and feel they may not be who they say they are, you should have your computer checked for viruses and other monitoring software. This type of software may be used for unauthorized access to your computer without your knowledge or permission.

Similarly, if you receive an unsolicited call from someone claiming to be from **Microsoft, Symantec** or **Hewlett Packard** telling you that they have detected problems on your computer and want to access your computer hang up immediately. This is **DEFINITELY** a scam as are calls from the **IRS** telling you that you own money and will be arrested if you don't pay.

**Q: Even though I am on the Federal and Florida Do Not Call Lists I continue to receive nuisance calls from solicitors, charities and scammers. Is there anything I can do to reduce the number of nuisance calls I receive daily? As the Primary and General Election get nearer the number of these calls is increasing.**

**A:** If your phone service is **Frontier FIOS** a free solution is available that will eliminate Robocallers, Telemarketers, Charities, Debt Collectors and Junk Faxes. This service was definitely beneficial during the previous election cycle.

The Nomorobo service is free but requires your phone provider to offer the **Simultaneous Ring** feature. To sign up visit the **Nomorobo** Website ([www.nomorobo.com](http://www.nomorobo.com)). You will receive an email with instructions on creating a free account and to setup the service on phone. The setup can be done via the **FIOS** website (<https://frontier.com/account#/voice>) or via the

TV Set Top Box Settings Menu selecting **FIOS Digital Voice Calling Features** option.

The service is available immediately after activation. When an unwanted call is received, your phone will ring ONE TIME and disconnect before the Second ring. The website allows you to report calls that haven't been previously reported. For anyone who actually want to receive calls from Political or Charitable organizations these call types can be enabled via the web site.

Unfortunately, if your phone service is provided by **Brighthouse**, which doesn't offer **Simultaneous Ring**, you won't be able to sign up for **Nomorobo**. I suggest that you call **Brighthouse** and request they offer this service.

If you previous signed up for this service before **Frontier** acquired the FIOS business from **Verizon** on April 1st you may need to redo the sign up process.

## THANK YOU FROM THE ELLIOTS

By Herb and Paula Elliott

Paula and I would like to thank everyone who honored us in July with the archaeological site renaming and luncheon. A special thank you to all who attended and made it a joyful celebration!

## SHALOM CHAVURAH

Our group is open to all new and established residents of Heritage Pines. We look forward to meeting and getting to know you. Please join us. An Oneg follows the prayer service.

Chavurah meets on the first Friday of the month in the Craft Room at 7:00 p.m. If you have any questions, please call Sheila Schwartzman at 863-8802. We look forward to seeing all of you. Shalom y'all.

## SPORTSMAN'S CLUB

The Heritage Pines Sportsman's Club meetings are held on the second Thursday of each month in the Magnolia Room at 11:00 a.m. Afterward, many enjoy lunch together in the Clubhouse. This month's meeting is scheduled for September 8th.

Club activities include: bocce, pistol and rifle target shooting, clay target shooting, horseshoes, fresh and salt water fishing, biking, canoeing and kayaking. Everyone with an interest in these and other related activities is welcome to join us.

At our August meeting interest was expressed in the flying of radio controlled aircraft and drones. If you like to fly craft that are radio controlled, come to the next meeting or let one of our officers know.

On Wednesday mornings, in alternating two week intervals, those who shoot trap, skeet, five stand and crazy quail form groups and carpool to either the Silver Dollar Shooters Club in

Odessa or to Robinson Ranch in Dunnellon for some friendly competition with the All American Trap and Skeet Club of Timber Pines. After shooting, we have lunch together at one of the great local restaurants.

Car pools usually leave the community around 8:30 a.m. Silver Dollar and Robinson each offer traditional trap, and skeet shooting as well as other shotgun games like crazy quail, and five stand which are also a lot of fun to shoot.

All skill levels are welcome to join in the fun and friendly competition with the All American Trap & Skeet Club of Timber Pines. Jim Gosnell (Timber Pines) and Howard Stringer continue to be our top shooters this year, with Jim taking the top spot for the first quarter and Howard for the second quarter and July as well.

Should you need help in arranging transportation for the Wednesday morning excursions to Robinson Ranch or Silver Dollar, call Mike Milkowski at 516-857-2229.

Rifle and pistol target shooters shoot at The Phoenix Gun Club on Wednesday or Friday mornings. Check out the Phoenix website for their range schedule.

Paddling adventures are coordinated by Howard Stringer. Biking outings are being arranged by Pat Lanphier. If you would like to join in or have suggestions and ideas for other activities, give Howard and/or Pat a call. Howard can be reached at 727-819-8059 and Pat at 352-686-6598.

Now that summer is winding down, we are looking forward to the return of cooler weather and renewing friendships with members who have gone north for the summer.

**Tai Chi, Beginner** – Thursday at 8:30 a.m. in the PAC

**Qigong & Tai Chi Combination** –  
Thursday at 8:15 in the PAC

Believe it or not, summer is coming to an end soon. For those of you that have been enjoying the summer somewhere up north, the end of summer will be very soon. For those of us that are year round residents of Heritage Pines, we will have to wait another month or more, but soon the best time of the year will be here for all of us to enjoy.

## TAI CHI CLASS cont'd

With fall starting soon, so will the brand new Beginner Tai Chi Class. I usually try to start the new class in October, after some of the Snow Birds and vacationers have returned. This class is for people that have never taken a Tai Chi class before and those that have and have not come for a while and would like to start all over again. I also encourage students that have already graduated to come back to the beginning – you will be amazed at the things you missed the first time around.

### New Class

Also starting this fall (probably the first of November) will be a brand new class called “Chair Tai Chi.” If you would like a gentle exercise with all the benefits of regular Tai Chi, but cannot stand too long, or have bad knee, hip, or back problems; then this is the class for you. I will be announcing the starting date of this class and the day and time in future articles.

For the month of September, Tuesdays are still “teaching” classes and Thursdays are for Qigong, both old and new forms, and for quiet Tai Chi. We will be returning to the regular three days a week schedule starting October 11th, 13th, and 15th.

## TENNIS ASSOCIATION HIGHLIGHTS

By Veronica Boxx

Summer draws to a close... so the summer leagues will be ending in mid-September. Didn't summer just fly by? For those that enjoy watching tennis besides playing, the French Open and Wimbledon brought some excitement to our summer tennis and now the US Open is upon us to cap off the summer.

**Fall Leagues:** Joe Gorecki shares that the Men's Monday Night League will end on September 12 with a tentative start for fall on September 19. Stay tuned to your email for details and final start date and schedule. Carol Henningsen tells that she will continue to coordinate the Ladies Wednesday Open play at 8:00 a.m. through September and into mid-October until the Ladies Tennis League starts. Carol Vaughan is out with an injury and Toni Arevalo has kindly taken over implementing the Women's Play on Monday morning through September. Carol Vaughan continues to do the lineup. Watch your emails for both men and women's fall leagues and open play schedules and any tennis updates.

**Fall Leagues, Open Play, and Monday Ladies Play:** Summer open play continues in September and through the fall as noted below. See below for contact information.

**Men's League:** Monday, 6:30 p.m. ends 9/12; tentative start 9/19, Joe Gorecki (jgorecki@verizon.net)

**Men's Open Play:** Tuesday & Thursday, 8:00 a.m., Bill Tory (a711guy@gmail.com)

**Women's Monday Play:** Monday, 8:00 a.m. Carol Vaughan for scheduling (cvyingyang@gmail.com) and Toni Arevalo on the courts (tonita1@verizon.net); through September

**Women's Open Play:** Wednesday, 8:00 a.m., Carol Henningsen (chenni@tampabay.rr.com), through Mid-October.

**Snowbirds:** We are looking forward to your return! You might be able to join one of the fall leagues by scheduling 'byes' until you get back to HP. If not, subs are always needed so as soon as you get back, contact the coordinators listed above to sign up as a sub. This will get you some play that is a good time and good exercise.

Membership to HP Tennis Association ... is only \$10.00 for the year. Best deal at HP!! Contact Veronica(Ronnie) Boxx (jrboxx@aol.com) or President Christine John (cjohn14@comcast.net) if you want to join and play. You will meet some of the friendly men and women that play tennis. You are also welcome to sub on the leagues as we never have enough subs! One other thing, membership gives you the opportunity to practice using the ball machine. The ball machine is locked in the storage area by the restrooms at the courts. You have to complete instruction on using the ball machine and Joe Gorecki is the contact to set this up. After that, just get the key (list at the tennis courts) to the storage unit and practice as often and as much as you want. Joe's email is above. Get started today!

**New Residents:** You are invited to join the HP Tennis Association and we look forward to meeting you. It's only \$10.00 for the year. Tennis players are a fun group of people. Contact Christine John (cjohn14@comcast.com) or call 610-291-1088.

Whether on the courts or watching the pros on TV, there is lots of tennis taking place. By the time you get this newsletter, the Olympics will be over but the U. S. Open will just be starting. See you on the courts!!!!

## 80 + SUPER SENIORS

Come socialize and meet new friends to reminisce old times at the Clubhouse on Friday, September 9th at 12:00 p.m. for lunch. If interested, please call Loretta Fulda at 727-697-2060 or Stephanie Nunzianta at 727-860-4142.

## WHO'S YOUR DADDY?

The new Genealogy Club met on August 6 and we had ten new attendees. Our “membership” roster is already up to 42, although actual attendance is about half that. Our numbers may climb when the snowbirds come back.

Everyone is enthusiastic and some even admitted to becoming addicted. Genealogy is like being a detective or archeologist or treasure hunter! A detective must take tiny clues and put them together to discover the truth. An archeologist must uncover and preserve antiquities. A treasure hunter thrills at the discovery of gems or gold. Genealogy is all of that, and the treasure is your own family!

Beginners are always welcome. Our September meeting will be Saturday, September 10, 1:30 p.m. – 3:30 p.m. Also see our new Clubs and Groups page on the HP website. There, you will find a list of top genealogy websites, a blank family tree form, and Genealogy terms. For more information, contact Sherry Churchill or Bill Stoehs.

## PING PONG

FEEL GOOD EVERY DAY.... “One of 23 Ways to boost your Brainpower”, according to any article written by Lisa Mulchay, is to PING PONG! Table tennis has long been lauded for its ability to improve attention and concentration.

Japanese researchers also found that in players older than 50, ping-pong improved brain function by activating specific neurons, and showed promise in preventing dementia as well. Plus, it's lots of fun, and a great aerobic workout!

Please join us on Thursday mornings in the PAC room at 10:30 a.m. for some brainpower! For additional information, or playing at different times, please contact Francine Raggi-Collins at 727 868-5152.

## BOOK CLUB

**Book club discussions resume in  
September.**

The Heritage Pines Book Club meets on the fourth Wednesday  
of each month. On Wednesday, September 28, we'll resume  
our book discussions in the Magnolia Room at 10:30 a.m. We  
will begin with Orphan Train, by Christina Baker Kline, a  
historical fiction novel about the relationship between 17 year-  
old Molly Ayer, a troubled foster child in Maine who is about to  
"age out" of the system, and 91 year-old widow Vivian Daly.

Between 1854 and 1929, so-called "orphan trains" ran  
regularly from the cities of the East Coast to the farmlands of the  
Midwest, carrying thousands of abandoned children, whose  
fates would be determined by pure luck. Would they be  
adopted by kind and loving families, or would they have a  
childhood of hard labor and servitude? As a young Irish  
immigrant, Vivian was one such child, sent by rail from New

York City to an uncertain future a world away. Returning east  
later in life, Vivian leads a quiet, peaceful existence on the coast  
of Maine.

Molly is caught stealing a book, and knows that a community-  
service position helping the elderly widow clean out her attic is  
the only thing keeping her out of juvenile hall. But as she helps  
Vivian sort through her possessions, she discovers that she and  
Vivian aren't as different as they appear. A Penobscot Indian  
who has spent her youth in and out of foster homes, Molly is  
also an outsider being raised by strangers, and she too has  
unanswered questions about her past. This beautiful story  
reveals how, as the result of spending time together and sharing  
their experiences, they form a bond, learn from each other, and  
change in significant ways.

The reading schedule for the year is available on the Bulletin  
Board and in the Book Club binder in the Library.

Everyone in the community is welcome, so please come and  
join our discussions. If anyone has any questions about the  
Book Club, please call Judith Chase at 862-4545 or Mary Lou  
Ballmann at 862-1438. Happy reading!

## MONDAY LADIES BIBLE STUDY

We will resume our Monday morning meetings in the Magnolia Room from 9-11 a.m. on September 19. This fall season we will study and discuss the letters to seven churches in Asia that were dictated in a vision to John the apostle by Jesus Christ around AD 90. Our personal Bibles and a DVD series by David Jeremiah will be our resources for discussion. While these letters that are contained in chapters 2 and 3 of the Book of Revelation are addressed to specific churches, the assumption is that they were circulated among all the new Christian churches of the 1st century. Christ judges and advises each church according to how well they are obeying His teachings. Christian communities of believers today struggle with some of the same challenges faced by these early churches. It will be interesting to think about our own churches and wonder what Christ would say are their successes and failures.

We invite all interested women to come and share our study even if they have never participated in a Bible study before. We have members from many local churches and do not favor the tenants of any particular sect. Come and make some new friends while challenging your mind with the objective of attaining a better understanding of God's Word. If you have questions or need additional information concerning our group or the study, please call Carole Hopkins at (727) 697-1664 or e-mail her at [oceancarole@gmail.com](mailto:oceancarole@gmail.com).

## HERITAGES PINES CAT SITTERS

By Rusty Peacock,  
(352) 232-5300 or [rustybird@tampabay.rr.com](mailto:rustybird@tampabay.rr.com)

The Heritage Pines Cat Sitters have had an active summer with three new members added to our list of volunteers. Our snowbirds will soon be returning and we welcome them home and will be ready to care for their cats when they take a week end or longer trip and need care for their feline friends. We have appreciated the work that the Kitty Coalition has done to control the feral cats in the area. Many have been adopted by residents of the Pines, including two of my cats. As usual, if you are interested in having someone care for you cats in your residence while you're away, call Terry Cubine at (727) 857-3090, or Rusty Peacock on my cell phone at (352) 32-5300, and we will direct you to the group site where you can post a message to all the members seeking a volunteer. It is all free, of course, and available only to Heritage Pines residents.

## COWBOY ROBICS LINE DANCING

There is a PARTY going on in the PAC room. That is what it feels like when you attend the line dancing class being held every Thursday morning from 10:30 until 11:30 a.m. The Instructor is Phyllis Poirtier. Phyllis has been teaching dance for over 26 years. We learn a new dance each week and review the dances from previous weeks. Phyllis makes it so easy to learn and to fit in, no matter whether you are a seasoned dancer or a beginner.

We are all getting a great work out and getting ready to participate in all the up-coming dances at Heritage Pines.

Men and women welcome. The cost is only \$5.00. No reservation needed. Just show up and join in the fun. Bring your friends. There are several of the ladies that stay for lunch after the class.

Make sure to put the date on your calendar, and we look forward to seeing you there.

## TUESDAY LADIES BIBLE STUDY

Starting August 30th and for the entire month of September we will be looking at John Ortberg's Bible study called "All The Places To Go" Rarely in the Bible does God command someone to "stay". Instead, he opens a door and invites us to walk through it... into the unknown. And whether we stay or go will ultimately determine the kind of life we'll live and the kind of person we'll become. John opens our eyes to the countless doors God places before us every day, teaches us how to recognize them, and encourages us to step out in faith and embrace all the extraordinary opportunities that await. This is a six week study with a DVD each week.

Starting October 11th we will start Beth Moore's newest study "Entrusted", a study of 2nd Timothy. More information will be in the October issue of "The Pines Newsletter".

Plan to join us in the Magnolia Room at the Clubhouse on Tuesday mornings from 9:00 until 11:00 each week. For information about the study call Evie Clark at 272-868-3454 or Pat Hepler at 727-819-2355.

### ROMEO Upcoming Club Events

**November 6th: ROMEO TURKEY TROT Dinner and Dance** (couples). Open to all Heritage Pines residents. This is our MAJOR couples event for the year; so, we want to give our members an early notice about our annual Turkey Trot. Dinner/Dance since things start getting busy around Thanksgiving.

We have already hired our talented, high-energy All Shook Up four piece band to entertain us with their great music and singing. Cocktails will begin being served at 5 p.m. and dinner begins at 5:45 p.m. with two main entrees; i.e., a Thanksgiving turkey dinner buffet with all the trimmings and a fish lovers delight salmon dinner. A chocolate covered sheet cake will be served shortly after dinner.

The music starts at 6:30 p.m. and ends at 9:30 p.m. There will be a cash bar and we will be having three free raffles for prizes in which the ROMEO Club will be picking up the tab for your raffle tickets. Prizes to be awarded are: a Publix gift certificate, dinner for two at the Clubhouse and tickets for a foursome on our Heritage Pines golf course. These raffles will happen when the band takes its usual breaks.

Finally, we are only printing 175 tickets for this event and they will go on sale Wednesday, September 21st, at the front desk. The cost of each ticket is the same as last year; i.e., \$25 per person. This event is always a sell out so; be sure to get your tickets as soon as you can. Please reserve Sunday, November 6th on your calendars.

**September 30th: ROMEO Breakfast** for September (Couples Event). Breakfast orders will be taken by our Heritage Pines wait staff at 8:30 and food will be served beginning at 9:15 a.m. This will be followed by our monthly meeting wherein any new members will be inducted into the Club.

Our speaker this month will be Bill Stoehs. Bill has helped numerous folks locate and prepare the documents required after the death of a loved one. In so doing, Bill realized that there are many people who need this type of support and, in order to help them, he developed a presentation called Preparing Your Survivors which he will be presenting to us at this breakfast. We have had lots of very good feedback on this presentation; so, everyone should bring their spouses and/or significant others to see it.

### ROMEO Club Recently Completed Events for 2016:

**July 29th: ROMEO Breakfast** for July 2016. Breakfast orders were again taken by our Heritage Pines wait staff at 8:30 a.m. and food was served beginning at 9:15 a.m. This was followed by our monthly Club meeting. Tropicana Field. We sold all 53 seats on the bus. Our stadium seats were directly aligned with third base. The Rays won the game by a score of 3 to 2.

**August 26th: ROMEO Breakfast** for August 2016 (Members Only). The ROMEO Club provided this breakfast FREE to all its members as a way to thank them for attending our numerous ROMEO sponsored events throughout the year and for helping us bring in new members. Orders for this breakfast were taken, as usual, from our special Club breakfast menu by the Heritage Pines wait staff at 8:30 a.m. and the food was served beginning at 9:15 a.m. Rather than a specific speaker, we focused on the responsibilities of each ROMEO board member who presented their roles and contributions to the Club. We inducted two new members into the Club today i.e.; Frank Staar and Howard Green. Both received their ROMEO hats and shirts.

## DRAMA CLUB

By Sally Coppola

THE RADIO SHOW CASE # 9-29-2016. Here are the facts:

Fact #1 - The Drama Club is pleased to present a Radio Show performance directed by Dudley Saunderson. Fact #2 - It's called Dagnet-The Big Little Jesus. Fact#3 - It will be performed on Thursday, Sept. 29th at 7:00 p.m. There is no charge to see this show. Fact # 4 - Auditions will be held on Wednesday, September 7th at 2:00 p.m. in the PAC. All residents are welcome to audition.

The show is typical of the Dagnet Series performed in the 1950's. Joe Friday of the LA Burglary Division is called in to solve the mystery of a theft from the Old Mission Plaza Church. It is Christmas Eve and someone has stolen the baby Jesus from the crib in the nativity scene. This is a very special baby Jesus as it has been with the church for many years and the members of the church would be very upset to find it replaced by a new baby Jesus. The ending to this story is a heartwarming surprise.

### Coming later this Fall:

**DEATH OF A DEAD GUY** - Directed by Ralph Pauley

Play Dates: Friday, November 25th, Saturday, November 26th – 7:30 p.m., Sunday, November 27th 2:00 p.m.

This play is your typical comedic murder/mystery. The rich head of a household is found murdered at his desk with a knife in his back. His wife, not being the brightest pea in the pod, decided to call in a detective instead of the police to solve the murder. This detective is a Columbo type, constantly saying and doing crazy things, and pulling various gadgets out of his pockets. With the help of the staunch butler, the con-artist secretary and the lazy maid, they all proceed to put in their two cents worth to solve the murder. The ending is quite different than anyone suspects.

The following are those participating in the show:

Mrs. Bascombe: Carolyn Dillard  
Collette / Maid: Janet Neu  
Bertrum / Butler: John Popovich  
Pete Cannon / Detective: Tony Ravida  
Mary Fielding / Toots / Secretary: Suzanne Castelli  
Dead Guy / Mr. Bascombe: Ric Layne

**"A CHRISTMAS CAROL"**, with a more modern twist: Scrooge Makes Up - Directed by Janette Pauley, assisted by Debrah Lane.

By Sheri Flannery-Verrilli, fills the bill! It's a wonderful play based on Charles Dickens' 1843 novella. Bitter Ebenezer runs Scrooge and Marley Cosmetics without the help of his business partner Marley, who had tragically died from a reaction to their new anti-aging cream. (Their makeup also disfigured Tiny Kim so badly she now wears a paper bag over her head!) The only thing Scrooge likes about Christmas is that he makes a small fortune selling cheaply made, but expensively priced cosmetics. When Marley's ghost appears, she reveals that she's doomed to wander for eternity chaining together Mall-Mart carts. It seems the "Big Guy" gets a 75% discount at Mall-Mart in exchange for free ghostly labor! Worse, she reveals that. Scrooge's name has suddenly appeared on a Coshko smock! Can Scrooge avert a similar fate? Three loony ghostly visits follow, with zany characters determined to change Scrooge's outlook on life before it's too late. In this play you will see some familiar faces as well as new actors. We're all looking forward to it, and we're hoping you'll join us over the Thanksgiving weekend.

The following are the cast members.

Bobbie Cratchit / Nancy Niarchos

## FRIENDLY QUILTERS

The H.P. Friendly Quilters are a group of women (men are always welcome) who get together to enjoy each other's company, sharpen their quilting skills, or would like to learn how to quilt. They also donate their time to work on projects for those in need. Meetings are held on the 2nd and 4th Fridays of the month from 12 p.m. to 3 p.m. in the Craft Room. The second Friday of the month is when we work on a service project for a charity of our choice, and the fourth Friday is our "sew and tell" day as well as doing either a group project or working on individual quilting projects. We love to teach newcomers quilting skills, and this group of women has a tremendous amount of skills to share.

Several of our members have gone north for the summer but there is still a group of us that hang around here all summer long ready to be creative. A social hour has been known to follow in the Fireside bar after the meeting. So come see what we're all about, we'd love to have you.

Don't forget, we are always in need of fabric donations for our charity work and we'd be happy to make arrangements to pick it up. Call Faye Philie at (727) 697-0505 with any questions.

## ANGELS IN THE PINES AND THE TOYMAKERS

The Angels and ToyMakers would like to welcome back the snowbirds that are or soon will be returning and all new residents to Heritage Pines. These two charitable groups invite you to come to the Craft room to see the beautiful hats and scarves we make and the lovely wooden toys made by the ToyMakers to donate to the young Pasco County school children before the holiday break and other worthy groups. The number of hat sets plus a toy that we make is well over 1,000.

The Angels meet in the Craft Room on Sundays from 1 p.m. until 3:30 p.m. You are welcome to join us or you can call Geri Brousseau 727-861-2224 for more information.

The ToyMakers meet in the Craft Room on Mondays from 11 a.m. until 2 p.m. and Thursday evenings from 6 p.m. until 8:30 p.m. This is where we sand, paint and detail the toys and the wheels are put on last. The toys are cut in our Wood Shop here at Heritage Pines. For more information call Phyllis Matheson 727-861-5546 or Vicki Hoffman 727-378-6800.

# SEVEN BENEFITS OF WATER EXERCISE

## Recent Research

It is proven doing water exercise two to three times a week can have significant improvements in strength, flexibility and cardiovascular health. It can also decrease the risk of disability, improve balance and increase your ability to perform daily activities with ease.

Heritage Pines folks don't realize how fortunate they are to have this form of exercise right at their fingertips with a United States Water Fitness Instructor who is certified.

1. Less joint impact: The buoyancy of the water reduces joint loading, which is particularly beneficial after joint replacement as well as to help manage chronic pain. "Less joint stress" was reported by all of my clients as a key benefit. "Water exercise was recommended by doctors. After knee surgeries, it is the only low-impact exercise I can do."

2. Total body training: Water provides multi-directional resistance, making it easier to enjoy a more balanced workout. For example, on land arm curls targets the biceps both on the way up to lift the weight against gravity and on the way down to

control against gravity. In the pool, it's different. Resistance is everywhere. Try this same move. On the way up, biceps work against water's resistance, but the triceps must engage to resist against water on the way down. "Water exercise gives me a full body workout. I have gained strength and stamina!"

3. Reduce joint and muscle pain: Gentle exercises help to improve circulation and hydrate the muscles. Multi-directional moves help to pump nutrients to the joints helping to reduce joint and muscle pain experiences constant arthritic knee pain: "Water exercise is the only exercise that makes my knees feel better."

4. Gain more mobility: We can move more freely in water. Regular participation will reduce stiffness and make movement on land more comfortable. "Water exercise helps keep my back limber."

5. Improve heart health: Water exercise is a great low-impact aerobic activity. Depending on your fitness level, options from walking to high intensity intervals – each have a positive impact on cardiovascular health. Even very fit, 20 year-old says: "I get a great cardio workout in the pool ... just the same as on land!"

6. Build better balance: Water supports weak muscles and helps minimize the fear of falling. It provides confidence as the body is constantly challenged to stabilize against the continuously moving water. Try rhythmical moves to improve balance. For example, trying jogging; Right Foot, Left Foot, Right Foot – HOLD (on right). Then, Left Foot, Right Foot, Left Foot – HOLD (on left). Repeat several times.

7. Stay cool: What better way to burn hundreds of calories than staying cool while you work! Since water is cooler than your body temp, the heat flows away from your body and results in feeling as if you are never "breaking a sweat." "Water is so refreshing! I love being able to exercise outside." Most importantly keep moving.

## It is a Seller's Market Homes are selling fast!

There are only 19 homes listed for sale  
in Heritage Pines as of August 9th  
Call us. We can sell your home fast!

### DID YOU KNOW?

Did you know that a Realtor must base the selling price by using sold comparisons or comps only from our community? If a buyer needs a mortgage the lending institution will require an appraisal based on those comps. If they can't find comps from Heritage Pines, then your contract may fall through. Now if it is a cash transaction and you are lucky enough not to have the buyer request an appraisal, your contract is safe. Why take the chance? Price it right from the beginning.

We have noticed a few homes recently listed for sale in our community that were priced above current comparable homes that have been sold. The fact is, that the market dictates the selling prices in HP, not the Realtors. Be careful not to list with an agent who inflates the price of your home just to get your listing. That high price might sound great but can it be supported?

You have knowledgeable, resident Realtors right here in Heritage Pines with years of experience. Most of all they are better able to promote the life style of this community.

# PAIN RELIEF

WITHOUT MEDICATIONS

**MARK HASHIM, M.D.**  
**INTERVENTIONAL PAIN MANAGEMENT**  
**Board Certified Physician**

## WHY OPERATE WHEN YOU CAN REGENERATE?

**Mark N. Hashim, M.D.** and the Interventional Pain Institute of West Florida is proud to announce we are now treating patients with the most innovative product available to date, Amniotic Stem Cell Recruitment Therapy.

This therapy treats numerous conditions such as:

Degenerative arthritis of the knee, hip and shoulder	
Sports injuries	COPD
Spinal arthritis	Asthma
Rotator Cuff Injury	Dry eyes
Ligament/tendon injury	Diabetic Neuropathy
Elbow tendonitis	
Carpal Tunnel Syndrome	
Plantar Fasciitis	

These treatments have been extremely successful in allowing patients to avoid the need for potentially risky surgeries and get back to doing what they love. This may mean a grandparent playing with a toddler, or an elite athlete getting back on the field quickly!

We only use Regennet's proprietary placental derived amniotic product known as *PDA Human Amniotic Fluid™*, which is the next generation of sterile human amniotic fluid for enhanced soft tissue healing results. In Time magazine's recent Health Discoveries' issue, the protein GDI1 was discussed as one of the recent revolutionary findings for longevity. This protein is a vital component in the amniotic fluid regenerative medicine therapy. These treatments involve fluid that is NOT embryonic, and no fetus is harmed in the process. There are no ethical issues with the treatment, and donors are screened in accordance with FDA regulations.

Human amniotic fluid (HAF) has been used for centuries in the treatment of different maladies and conditions. HAF has been shown to be a mixology of beneficial collagens, cytokines, elastins and growth factors that can proliferate the treatment, healing and regenerative qualities of the human body. The presence of extracellular matrices can help to provide a natural scaffold that may accelerate healing while potentially reducing the incidence of inflammation and scarring. The fluid utilized in treatments contains over 100 growth factors that work diligently to regenerate and restore your native tissue. In addition, the fluid activates your stem cells to facilitate restoration of the cartilage, tendon or ligament tissue that has been injured. The technology is called Stem Cell Stimulators™, and represents a new paradigm in how we heal from injury.

For decades, physicians have been treating painful conditions with methods that are often effective, but do not change the condition itself. Getting past the proverbial Band-Aid with a breakthrough treatment that actually helps heal injury has been the Holy Grail. And now it's arrived!

We work with Regennet to offer patient financing so the treatments are affordable and within financial reach for most patients. Why wait? Call and make your appointment today to get back to living your life, pain free.

## Don't Get Burned by Air Conditioner Repair Scams

You've seen advertisements for a Free Service Call or Free Diagnostic. There is never anything FREE. Use caution. The cost to dispatch a vehicle including fuel, labor, overhead costs and vehicle depreciation runs about \$78. So a company gives \$78 to earn your trust and turns around and adds an extra \$350 to the ticket for things you don't need because you "trust" them. Do not be fooled! A FREE anything favors the company, not you. They are deceitful. Be sure you are using a Florida licensed air conditioning contractor. Their vehicle should be clearly identified, not an un-marked vehicle.

**Ain't NO instant rebate:** If we mark our price up by \$5000 more than it's worth and give you an instant rebate of \$2500, you feel pretty good .... and you still over pay by \$2500

**Fear induced sales:** Don't let an HVAC contractor use fear to sway your decision making or induce immediate contract signing. For example, the price that they give you and their ability to "get it in tomorrow" may cause you to feel pressure to make an immediate decision

ACJ's is a family owned company that operates with honesty and integrity. We are a Trane Comfort Specialist and our technicians are Nate certified. Call us for your next repair or a no obligation estimate to replace your current air conditioning system. We also install ductless system as well.
