# Numbers, Symbols & Words

## Your Daily Warmup Puzzles

In bridge we manipulate puzzles involving numbers, symbols and words and strive for logical solutions (or at least inspired guesses). In each issue this week we will feature a pair of number/symbol puzzles, an easy one here on page two, and a harder one on the inside back cover; and, a word puzzle at the bottom of this page. In all of these puzzles, you will be able to solve them without guesswork, by logical deductions alone, which is what we're all trying to do at the table.

Today's puzzle is called **Unruly**. We start with a grid of squares, some of the squares with X or O in them. Your job is to fill in the rest of the grid with an X or an O in each cell, such that:

—There are no three consecutive cells horizontally or vertically with the same symbol. (There will be many instances of three or more consecutive diagonal cells with the same symbol.)

—Each complete row and column contains an equal number of Xs and Os.

The easy version is above. Hints, and a more difficult puzzle will appear on page 23. Answers will appear in tomorrow's Daily Bulletin.

	X				
			O		
X	X				
			X		X
O	X		X	O	

Word puzzles this week are from an app called **Unolingo**. It is a crossword without clues! There are exactly 26 blanks to fill in, and each letter of the alphabet fills one of the blanks. The puzzles are designed so that

				H	I		F	
				H			L	
			H	O	P			
S		U	E		L			
				T			I	E
B							N	
U			I	B				A
R			N				I	N
	I		G	O				O
				A		E		N

A	B	C
D	E	F
G		H
I		J
K	L	M
N	O	P
Q		R
S		T
U	V	W
X	Y	Z

only common English words are used; there are no unfamiliar, arcane centuries-old words found only in crossword puzzles. You'll do best by looking for the locations of the hard letters first: QU, X, J. Be sure to mark off the letters used in the checking area beside the grid to keep track of your progress. It's not as difficult as it seems! I did most of these in 3-6 minutes.

A list of words in the puzzle (in alphabetical order) is on page 24. If you need a more limited hint, ask someone to examine the word list and tell you if the list contains, for example, a six-letter word starting with D and ending in E.

# Okanagan Notes

## A sunny Penticton weekend!

The sun is out and attendance is looking good: 46½ tables ahead of the 2014 pace, about a 2% increase. Looking good for hitting the 3,000 table barrier that we just missed last year.

Apologies to those who were hoping to see their event on this page yesterday. I have wanted to write something special on the world champion Penticton Vees and on **Adam Fitzpatrick** for some time now, and when I read about the fantastic year Adam had at multiple Elvis Festival competitions last year, the theme of "world class" got into my head, and the piece wrote itself, nicely filling page 3 completely, for a bit of variety. The end result was a great energetic crowd on Friday night for Adam's performance, and I understand that copies of Friday's Bulletin went with Adam to show to his parents, who still reside in Penticton. (Along with success at Elvis Festivals in 2014, Adam has also married and moved to Calgary.)

Adam's show last night was an abbreviated version, added to a busy schedule which included performances yesterday and again today. The full show includes two costume changes during which **Joe Kelso**, who ran the soundboard last night, does a very impressive Roy Orbison. Check out the websites **elvisrevolution.com** and **roytribute.com** for more info on these talented gentlemen.

Back to the tournament info:

Today at 6:30 pm, the final bridge talk, by **Duncan Smith** of Victoria. These take place in the pairs area near Section Q.

As always, be sure to check out the Hospitality Desk with all of your questions about Penticton, local restaurants, events running alongside the tournament, and parking passes happily given by the city to its annual bridge guests. People with the answers to the stage last night. Maybe I will try playing!

your questions about Penticton and events will be there before each session.

You can pay for entries with your credit card, and purchase vouchers that can be used all week. David Schmidt has a small table set up beside the entry sellers before each afternoon session and occasionally before the evening session. There is no extra charge for this service, the vouchers cost \$14 Canadian at whatever the current exchange rate is. Remember though that you still need to line up and pay for an actual entry with the purchased voucher.

The concession stand is open from 8:00 until 2:00, and then moves over to the bar setup for the evening. Beverages, sandwiches, cookies, and other snacks. There is a fine deal on the Sunday lunch but they want you to sign up in advance and make your order, to minimize the break time and get us all on the road a bit quicker at the end. Order sheets were at the Hospitality Desk, but seemed to have run out yesterday evening. If more are not found or printed, I would guess that you can order at the concession stand itself.

Event winner prizes are now available near the concession stand. Overall winners of Open Pairs, Gold Rush Pairs, Side Game Series (the individual series winner, not the individual games), and bracket winners (limited to four prizes per team) are eligible. If you have won an event listed above, go get your prize!

Also, if you have won an event, come to the Bulletin office outside the far end of the pairs area, near Section Q. Bring your teammates or partner, and we'll get your photo for the Daily Bulletin.

Online results, Bulletins, and photos taken, from several different sources, are all contained at one page of links: **[tinyurl.com/d19pent2015](http://tinyurl.com/d19pent2015)**

I will try to spend the time after the afternoon and after the evening session near the Bulletin office, but with the help of David Taylor (the TournTables bookstore: visit!) and several industrious caddies, all the preduplication was finished just before Elvis took the stage last night. Maybe I will try playing!

# Friday Open Pairs

## Bad things happen when you decline the photo...

For the record, this was Andrew's idea (he's the one on the right) and Ben (he's not the one on the left) approved when I showed him the photo. Third in the afternoon and fourth in the evening added up to a win by about a full board for **Ben Takemori** and **Andrew Krywaniuk**, who had two nearly identical session scores over 61%. The B winners, **Don Sharp** and **Peter Jacquest**, won by 1.19 matchpoints on a 38 top, coming from 17th in B at the break!

Top on a board: 38. Average for the event was 988. Winning scores were 1218.55 (A), 1104.29 (B). To make the overalls you needed a total of 1054.52 (A), 1034.81 (B). Average masterpoints for players in this event: 2840 (afternoon), 2868 (evening).

Team **GETZ** began with 17, 18 and 19 VPs and was looking to hit for the cycle, but scored only 11 in the finale against **LIEN**, enough to leave them three VPs ahead. # Thursday-Friday Knockout Teams

**Winners: STEINBERG, LEVY, EMMERSON, MCCARTNEY, ELKIN, BOAN**

Players on the Bracket One winners are relisted in order of their photo places, but captain Jonathan wants me to point out that this same team (without Brenda) won the Wednesday Evening Swiss, and the same team with Ken Christiansen, Bothell WA as a sixth, won the Wed.-Fri. Morning Knockout Teams!

The winners of Bracket Two were apparently attracted to Elvis and forgot to report; what appears below is a guess. If we're wrong, blame the winners (but let us know).

# Unruly Hints

## Introductory Puzzle on Page 2

**Unruly** recap: Fill in the rest of the Xs and Os so that there are no horizontal or vertical three-in-a-rows (diagonal is OK), and so that the number of Xs and Os in each row and column is exactly equal.

**Unruly** hints: Look for pairs of adjacent Xs or Os and mark the opposite symbol on both ends. Look for X-blank-X or O-blank-O and mark the opposite symbol in the middle. When there are only two or three unmarked cells in a row or column, count the Xs and Os in the row or column. If one symbol already has half, fill in the rest with the other. If the remainder is 1-1 or 2-1 or even 3-1, often you will be able to see where the single must go to prevent a three-in-a-row from forming.

Now can you do the easy puzzle on page 2?  
How about the more difficult one on this page?  
Also, check the word puzzle on page 2.

Answers will appear in tomorrow's issue. The number/symbol puzzles were generated by software available (for all computers or smartphones) at this site — [www.chiark.greenend.org.uk/~sgtatham/puzzles/](http://www.chiark.greenend.org.uk/~sgtatham/puzzles/) — where you will find over three dozen types of such puzzles and controls to suit any size and difficulty level.

Afternoon 199er Swiss Teams.....	( 100-200 / 50-100 / 0-50 ).....	1:30

Events in **boldface** are the first session of a multi-session event.

All events are stratified by the average masterpoint holding of a pair or team, but all members of the pair or team must be under the event limit (if there is one), even if the average “just fits.” For Sunday this means that no B/C/D Swiss Team may include a player with more than 2000 masterpoints.

Expected On-The-Road Times: 6pm (teams), 5pm (fast pairs)

## Bridge By The Beach SATURDAY Edition

**Bridge By The Beach** is the Daily Bulletin of the 2015 Penticton Regional, at the Penticton Trade and Convention Centre, a short walk from the beach at Okanagan Lake. The tournament is Canada's largest and most enjoyable Regional, with events of all types for players of all levels, and excellent hospitality. The word ‘Penticton’ came from a local native language, meaning “permanent place where waters pass by.”

I welcome news, stories, photos, interesting deals, and other material for **Bridge By The Beach**, and I'll print as much as I can—from experts, intermediates, and novices alike. I will be available for digital

photos of overall winners in all strats following each evening session in the office near the north end entrance. You'll be able to find me preduplicating boards for pair games in the office during the afternoon and evening sessions—but my time may be limited. If you send me a photo by e-mail, be sure to tell me the event, and left-to-right names.

Each edition of **Bridge By The Beach** is posted online by breakfast time. There are at least three places where results are posted, and there is a separate spot for photos taken at the tournament. The District 19 web site **d19.org** used to be the hub for all of this online activity, but the untimely passing of Randy Corn last December has slowed the District site down a bit. For this tournament, I am posting and updating a page of links at this 'tiny URL':

**[tinyurl.com/d19pent2015](http://tinyurl.com/d19pent2015)**

This one short address will give you one-click access to all sites that are providing coverage for this tournament, explaining what each site offers and letting you know when things are posted. Bulletin links will be there as well for those who like to read the Daily Bulletin with breakfast!
