"Seducing Heart" is a powerful and inspirational book that reveals the journey of a lost heart living an unfulfilled love. Second in Bryant Linda's best-selling series, "Revealing Heart," takes its readers on the journey where a lost heart living in regret is revealed.

"I consider myself a blackbird that finally has a song to share with the world. On social media, I regularly share messages of God's love and healing of my history in order to offer encouragement to others," acknowledged the author. "It took me until the age of 44 to accept, embrace and heal my brokenness. So often, we're embarrassed about expressing our brokenness. I'm on my way, and anxiously looking forward to sharing my poetically-recorded history with all who attend my breakout session at the "God's Leading Ladies" conference."

ABOUT BRYANT LINDA:

Bryant Linda was an infant poet when she began writing poetry for personal expression. Her first poem, 'I'm Talking about Love,' was inspired by a love for her Superman (unnamed gentleman). Several months later, her dear friend and mentor Dackeyia Sterling offered her encouragement and motivation to write a poetry book, thus began her writing career in 2014. Linda discovered the voice in her heart had a song for the world to hear.

Linda has traveled with Pastor Patrick Weaver Ministries' 2016 "Let's Talk about Love Tour."

In addition to writing best-sellers, Linda is a very busy single mother of two daughters, ages 17 and 12, and a full-time Assistant Vice President insurance professional who graduated from California State University, Hayward earning double Master's degrees in Public Administration with Health Care Administration Option and Public Management Option.
