Buyer's Capital Contribution

The Heritage Pines Board of Directors approved a Buyer's Capital Contribution amendment to be added to the ballot in February. This Buyer's Capital Contribution will be \$1,500 which will be paid by all NEW residents who buy a home in Heritage Pines.

These funds will be placed in our capital fund which will give us the ability to grow and acquire new assets. These funds will not be used for day-to-day operations. We have been selling approximately 80-100 homes in a year. If we sell 100 homes next year and have in place the Buyer's Capital Contribution fee we will have increased our income \$150,000 in a year. Over three years we will have accumulated \$450,000. This will certainly help us in achieving some of our future goals.

A good example of one of our current requirements is our need for space. The office staff is working in cramped quarters including hallways and storage areas. We are also always struggling to find space for our current activities like walk aerobics, tai chi, yoga, ping pong, line dancing, ballroom dancing, and more. With pickleball now being an up-and-coming sport, there is also a request for new courts to accommodate this activity and attract new buyers.

This capital contribution fund is not new. US Homes and Lennar charged the new homeowners a similar fee. With the transition to the Heritage Pines owners, we lost the right to charge this fee. Most recently our sister communities, Timber Pines and Heritage Springs have voted and passed to bring back their Buyer's Capital Contribution.

The benefit of passing this amendment, is that it provides an additional revenue source to ensure adequate funding to meet both short-term and longer-term capital needs. If not approved, required funds will continue to be paid exclusively by current Heritage Pines homeowners via monthly HOA fees.

It is important that we continue to keep up with the times and the changing interests of retirees. This Buyer's Capital Contribution will help to keep us vital and desirable in the marketplace.

FROM THE GENERAL MANAGER

By Bill Crusselle, *Club Manager*

With the weather cooling this month and the activities increasing in the community, there will be much more activity throughout our community. The golf course is in much better condition this year

and this month the course will be overseeded. As a reminder, to do this the course will be closed from the sixth through the ninth of this month and when play resumes it will be cart path only until November 23rd. Other things that you will notice are the new tables and chairs on the tennis courts and the new carpet on the bocce ball courts. If you are using the pool or spa you will notice that we have increased the amount of lounge chairs around the pool and added more umbrellas. Also, a new amp and two new outdoor speakers were installed in the pool deck area and sound terrific. We hope that this month we will have finally got through the permitting process with Pasco County and that the construction work will begin on the new woodshop. Once this is done, the next step will be to finally make some moves with the locations of some of the office staff to provide more space.

Work continued last month around the front of the Clubhouse. Landscape lighting was installed by our facilities staff around the new palm trees in front of the Clubhouse. We also seal coated the driveway loop and handicapped parking area in front of the Clubhouse and all the parking space lines were redone.

In our continuing effort to increase our exposure and generate more Food and Beverage revenue, we are very

FROM THE GENERAL MANAGER cont'd

pleased to announce that Lisa Callea has joined our team here at Heritage Pines as our Private Event Director. Lisa grew up in Brooksville and has owned three different companies in the area, one of which was a very successful restaurant in Brooksville. She has been very active in both Hernando and Pasco County and serves on numerous Boards in the community. Her marketing and sales experience along with her relationships with the Chamber of Commerce and many other businesses in our area will allow her to promote Heritage Pines and generate outside events which will have a positive impact on increasing our Food and Beverage Revenue.

FROM THE ACCOUNTING DEPT.

2018 HOA Fees

The monthly assessment amount is \$185 per month for Heritage Pines Community Association. Many of the village assessments have changed as well. Please check with your village manager if you have any questions on that amount. You do not have to do anything to change monthly automatic debit amount if you are set up for ACH. It will be processed at the new amount.

ACH and Online/Email Services

If you are not set up for automatic debit (ACH), please consider this simple process. It's easy to set up and you don't have to worry about anything except deducting the amount from your checking balance each month. And in case you did not know, we never deduct your HOA fee before the third each month. We had many requests to hold off until the third from members that don't receive their direct deposits until then. Also please consider doing away with paper statements. You

can view online or have emailed. Just request an "Opt out of paper statement form" from the office, fill out and return with your email address.

Out of Town Mail Service

Recently it was brought to our attention that some mail does not get forwarded if the name on your account is something different, like a trust for example. If you are going out of town for an extended period of time, please let us know in the office. We can set your mail to go to another address so you don't miss important association mailings. Just remember to give us a call or email to change it back when you return home.

Member Charge (Jonas) System

We always ask that you bring your member charge card to the club for purchases. This just helps prevent charge errors. If you do not have your card, please do not sign your charge until you have verified it has correct member information at the top. Also as mentioned before, our Jonas system separates your HOA fees and club charges, so we need to have them paid separately. We appreciate that most monthly accounts are current and if not it is usually a one time oversight and we take that into consideration. Please keep in mind club charges not paid by the 20th of following month can be assessed a \$25 late fee as well as HOA fees not paid in the month they are due.

GOLF COURSE AND COMMON GROUNDS MAINTENANCE NEWS

We are starting to see a lot of changes that signify fall is coming starting with shorter days and some of the trees starting to drop their leaves. The night time temperatures have also started to drop which will start to slow down the growth of the turf and plant material, and hopefully the weeds.

We forfeited our closed day in October so we could have an extra day for over-seeding this month. So instead of verticutting or spiking the greens last month, we chose to utilize our brush attachment for a couple of days to stand up the turf prior to lightly topdressing. Standing up the turf canopy allows us to get a better cut, remove some of the excess material, and open up the canopy which helps move the sand into the soil profile faster. Frequent topdressing fills voids and creates a smoother ball and truer putts. It also helps to prevent scalping and dilute thatch build-ups which can cause localized dry spots or promote disease.

We had to stop treating for weeds in the areas that are going to be overseeded because certain herbicides can affect seed germination. We are going to continue treating the weeds in the rough areas and pine straw beds throughout the winter months and hope to have less weed pressure next year. We will also be applying a pre-emergent that we have had great success with at other properties while we are treating for weeds. The shorter days and cooler weather will also help reduce the growth rate and germination of certain weeds, but we will also start to see winter time weeds pop-up if we do not time our pre-emergent applications properly. Once we have the seed on the ground we

will have to be very careful about where we are driving to make sure that we are not collecting seed on our wheels and dropping it into areas that are not going to be overseeded. We will also have to be very careful when it comes to filling divots. We are going to premix divot sand with seed for filling divots on tees, fairways, and approaches but will also have sand without seed available to fill divots in the rough areas. I would like to ask that everyone is mindful of this so we do not have seed germinating in areas that it shouldn't be. We have continued to aerify and fertilize weak areas throughout the golf course. Most areas are along the cart path near the tees or greens that have become compacted due to heavy traffic. We are also trying to move our stakes and cart signs to reduce the amount of traffic in these areas and ask that you obey all traffic signs on the golf course. I have noticed the areas between the blue stake and the greens are getting worn from traffic as well so we are going to try to move those stakes more often. These things are hard to notice while the turf is actively growing, but once the turf goes dormant for the winter, these areas can become weak and bare quickly.

The efforts that we have put forth on controlling the weeds in the common area beds is starting to pay off. The areas that have been treated recently have less and less weeds coming back each month. We will continue these efforts throughout the winter months and hope that we have none to very little weed pressure next year. The common area crew has been completing detail in each section on a monthly rotation. They have been prepping the beds for our fall mulch application. We should have all of the mulch completed prior to Thanksgiving. With the shorter days and cooler temperatures, it is no longer necessary to mow the turf weekly. We will utilize the time that we would normally spend mowing to complete our mulch application and continue detailing areas that need it.

Between golf, common areas, and CDD, we have removed almost 200 dead pine trees in the last couple of months. When I spoke with the extension agent from the University of Florida, they said that they believe the Pine Beetle will slow down as the temperatures drop but cannot guarantee anything. We will continue to monitor the property for dead or dying trees and get them scheduled to be removed as quickly as possible.

We will be closed this month from the sixth through the ninth for overseeding. This will allow us to prep the course for seed, apply the seed, and have a day or two to water the course without interfering with play. The course will be cart path only until November 23rd and at that time will be opened back up to the 90 degree rule.

Thanks again for all the compliments about the property. The crew has been working hard to keep up with the Summer time needs and is looking forward to a change in weather.

COUNCIL OF VILLAGES NOTES

General Information and Updates

Q&A Between Village Representatives and HPCA Managers

Board members Linda McCann, Pat Liston, and Joyce Welsh were in attendance.

COUNCIL OF VILAGES cont'd

Michael Russell, F&B Manager

- A new menu will be out within the next couple of weeks.
- A few events are coming up which will bring in additional revenue.
- The restaurant will be open on Thursday night's beginning in October.
- Residents' favorite burgers will be added to the menu as specialty burgers.
- Will look into the possibility of getting specials out a couple of days in advance so that residents can plan ahead.
- Working with the Chef on adding small plates on new menu.

Linda McCann, *Board President*

The Board is looking into adding to the February ballot a Buyer's Capital Contribution. This will only apply to new buyers in Heritage Pines. US Homes charged a fee for new homebuyers. An affirmative vote of 2/3 of the membership will be required in order for this to pass. Both Timber Pines and Heritage Springs have done this. We are looking at charging \$1,500 for new buyers in Heritage Pines, which will help build our Capital Funding. Regarding outsourcing the restaurant, this has been researched in the past. If the restaurant is outsourced, then we lose control in different areas of the operation.

Pat Liston, *Board Vice President*

The Buyer's Capital Contribution will allow each new homebuyer to pay into the amenities that we have been paying into for years. They are coming in and are able to use all of the amenities that we have been taking care of, which need to be renewed and rebuilt. It would help fund both long term and short term goals. One of those goals is more space. We lost our outside events and we were tracking quite a bit of money the year that we gave them up. Now it is taking us a long time to go out and bring events back. The McGladrey Report said we need streams of revenue. We do well with our budget but we need to be proactive and aggressive with our community so that we do not look old.

We have gone 4-5 years without an assessment increase even though prices go up every year.

Some are concerned about the fee being advertised on the real estate listings and discouraging buyers, but we all paid a buy-in fee to the builder when we first moved here. The Board members are residents too and share the residents' concerns.

Joyce Welsh, *Board Director*

We are hoping that the new homebuyers will be paying \$1,500 into the Capital Fund. If we sell 100 homes in a year, that will be \$150,000, and over a three year period it will be \$450,000. Things are outdated and we need to remodel, and we need space for new activities. We need to move into the future.

Bill Crusselle, *General Manager*

Regarding the F&B budget, the budget forecast is currently \$20,000 short, but this does not include upcoming events, and we will end up exceeding our budget by year end.

Per the McGladrey Report the average annual operating expenses of similar clubs in our region per home are \$8,000,

and ours here at HP is \$3,500 per home. The average annual loss in F&B in this region is between \$700,000 and \$800,000 per Club. Heritage Springs has increased their monthly assessment every year for the past six years at a minimum of the cost of living increase. Heritage Springs is at \$205 and Timber Pines is a little over \$200, we are at \$185, so as things were going up they were keeping up with it, and we have not. We went up last year for insurance and reclaimed water.

Regarding the budget and expenses we are having to adjust to things such as our insurance which is increasing by 6% for next year. The infected trees could also turn into something much bigger than anticipated. Nearby communities are up to six digits for the cost of tree removal as a result of the pine beetles.

Chuck Gaffka, *Security Director*

Thank you to the community for the new security truck.

Residents will see some new staff members at the Gatehouse.

Herb Hurley, *Golf Professional*

The Golf Course and Driving Range will be closed for overseeding November 6-9. It will be cart paths only for two weeks. Watch the Golf Daily e-mail for updates.

Glow Ball will be on January 11th.

About 8-10 new golf packages have been sold this year, many of which have come from the golf clinics.

Kimberley Norton, *Office Manager*

Some residents have stated that they are not receiving e-mails from the Clubhouse. To make sure you are subscribed to the Clubhouse e-mails, please click on the Member Home tab, and scroll down to the Member Subscription tab. When the form pops up, enter your e-mail address and select the categories you are interested in. It is requested that all residents select the Official category since these are e-mails from the Board and management.

There is now a Classified Ad section on the new website, under the For Sale tab.

Gary Wind, *Facilities Maintenance Director*

Thank you to the community for the new facilities maintenance truck. It is much appreciated and much needed.

The Facilities Maintenance Department has had some staff changes. A couple of long time staff members have left us and new employee, Matt, started a couple of weeks ago with a strong background in maintenance.

The recycling containers have been removed. Residents can still recycle curbside. Recycling items are newspaper, cardboard, shredded paper in a paper bag, NOT in a plastic bag. No plastic bags are allowed. Please bundle as much as possible. The company that was taking the recycling before was losing money. Aluminum cans, lightbulbs, cooking oil, can all still be recycled. The Hazardous Waste Collection Day has not been set yet, but will be announced when it is scheduled. If the curbside service misses your home, call the Front Desk and tell them to contact Gary Wind to check on the status.

Our Architect is working hard to get the Woodshop permitting passed with the county. The permitting department keeps coming back with more and more questions.

COUNCIL OF VILLAGES cont'd

Working on setting a quarterly schedule for fence-line maintenance, and a Common Ground schedule.

The Golf Course and Common Grounds is making progress and working on getting things in good shape prior to overseeding in November. Temps will begin to drop soon and the weeds will begin to taper off. We will spend the winter months attacking the weeds and roughs. The rain washed out a lot of the bunkers.

The USF Extension has attributed the many dead pine trees to the pine beetle, not the reclaimed water. We have about 70 pine trees scheduled to be removed in early October.

Irrigation will be scheduled around the Hittin' the Pavement event.

Irrigation on the common ground that is hitting passing cars will be readjusted.

Greens and tees have different grass and do not get overseeded.

General Discussion Points:

- The flashing speed limit sign is a good reminder, successful in stopping speeders. It also counts cars and golf carts. It has also helped in monitoring guests and vendors.
- Guest fees are available to residents with guests who wish to golf.
- The fence-line will be maintained by either Facilities Maintenance or the Common Grounds Department depending on the issue.
- The new security and facilities maintenance trucks were scheduled for replacement in our Reserves due to their ages and mechanical issues.
- If the Buyer's Capital Contribution is approved the funds will go into a Capital Fund, not the Reserve Fund. The Board is looking at putting it into an Asset Acquisition Fund. It will not be used for day-to-day operations. Keep in mind that this is in the neophyte stages of being done and it requires a 2/3 vote to pass.

Hello to everyone in Heritage Pines Community. Remember to please watch your SPEED while driving in the community. It's not only for everyone's safety but your own. Please use the STOP signs, it's there for your safety and others!

We have a new phone system at the Gate and Clubhouse. When you call the Gate House, to let us know about someone coming in, you will hear a new answering system. If we are unable to get to the phone, please leave a message after you hear the music and a message. We want to thank you.

The Gatehouse Emergency phone number is **727-236-0591 (this is a backup number only used when phones are not working).**

It is required when residents come to the gate of the front visitor lane to have a valid resident I.D. in order to be let in on the property. Guests and visitors must present a valid picture I.D. also. Let the staff on duty know you are a resident. If coming onto the property and barcode lane is blocked by another vehicle, please stay in the barcode lane. This is an EMERGENCY LANE as well as the residents barcode lane. ENVIRONMENTAL ISSUES COMMITTEE

Ask the Recycling Techs – Ruby and Reginald

Meet Ruby and Reginald – They will be here in your HP newsletter to answer your recycling questions. Submit your recycling questions to sarabrundage@tampabay.rr.com and Reginald and Ruby will answer them in the newsletter. This month's question is:

Can I recycle ANY plastic bags at the grocery store, including thicker packaging plastic and ziplocs?

Answer: YES and NO. Most of you know that you can recycle your plastic bags at most grocery stores like Walmart and Publix. But here's where it gets confusing. Does that mean just the bags from that store? Or can you recycle more? Most drop-off bag collections accept polyethylene film. This includes high-density polyethylene (HDPE or #2 plastic) and low-density polyethylene (#4 plastic or LDPE). It's great if your bags have markings on them, but since most do not, it's good to know some general guidelines.

Some plastics that can go into the bin are:

- Plastic shopping bags (from any store – remove receipts, etc.)
- Food packaging (Ziploc-type bags)
- Bread bags
- Plastic liners from cereal boxes (do not include if they tear like paper)
- Produce bags
- Dry cleaning bags
- Plastic newspaper wrapping
- Product wrapping (such as covers a case of water bottles, etc.)
- Bubble wrap and air pillows (popped)
- Plastic shipping envelopes (remove labeling)

All materials should be clean and dry. Not just a quick rinse – if your bags are not completely clean of food residue, they will contaminate the entire batch.

Other plastics need to go into the trash. These include:

- Frozen food bags
- Cereal box liners that tear like paper
- Biodegradable bags
- Pre-washed salad bags

- Candy bar wrappers
- Chip bags
- Six-pack rings

Information from <https://recyclecoach.com>

Keep recycling, Heritage Pines, for the good of our planet and our children and their children. Ruby and Reginald thank you.

IMPORTANT REMINDER: DO NOT PLACE YOUR RECYCLABLES IN ANY KIND OF PLASTIC BAG. RECYCLABLES IN PLASTIC BAGS WILL NOT BE PICKED UP BECAUSE THEY INTERFERE WITH THE RECYCLING PROCESS. USE A CONTAINER OF YOUR CHOICE, BUT NOT A PLASTIC BAG. THANKS.

LIFESTYLE COMMITTEE

Your Lifestyle Committee meets the second Monday of each month at 2:00 p.m. to plan and facilitate events of interest to our community. You know what activities would interest you. Share that with us so that we may consider your ideas.

An ad-hoc committee is organizing the **Moffitt Cancer Center "Hittin' the Pavement" walk on Friday, November 9th with a Luminary Ceremony the evening of Wednesday, November 7th.** Registration began on September 11 and if you haven't registered yet, you still can. This community event is always well attended, exciting and fun as well as a most worthy cause. You will find another detailed Pines article this month on details and ways you can volunteer to help. Any questions or to volunteer please call Janette Pauley at 352-345-3524 or Deborah Layne at 813-833-4865.

A Christmas Wreath Workshop facilitated by Fran Cassano will be held Monday, November 26, in the Craft Room. Cost will be \$6.00 for the wreath and participants will bring five yards of wire-edged Christmas ribbon as well as items for decorating the wreath to coordinate with their home décor. Michael's, Jo-Ann's, and Hobby Lobby are good places to find these items. Sign up in the lobby. Participation is limited to 18. Call Fran at 727-862-9125 with any questions.

A Community Volunteer Day is being planned for some time in the spring. Representatives from

community organizations who need volunteers will be available to inform us of their different goals and needs so you may find a volunteer activity that interests you. If you volunteer with an organization which is looking for more help either at Heritage Pines or elsewhere, we would like to hear from you. Volunteering is one of the activities that keeps us young and interesting.

Call Lynn Aigotti at 727-862-6404 if you would like to take part in any of our activities or have suggestions for your committee. Your presence and input at our meetings is always welcome.

BINGO UPDATE

By Ginny GrandPrè

We were all saddened with the passing of our wonderful Bingo Chairman Jack Brand in September. Jack had set his goals to make our Bingo experience both fun and enjoyable for all who participated. He will be sorely missed.

Many people have asked, "What is going to happen to the Bingo and will it continue?" The answer is YES the Bingo will continue.

Although Ann Brand has decided not to continue on the committee; Ginny GrandPrè, Ellen Carreno and Bunny Stampf have agreed to continue. Ginny will assume the position of Chairman and Caller for the games. The State of Florida has been notified of the changes and have approved.

We welcome additional Committee members. You never know if someone will be called out of town or not feeling quite up-to-par on Bingo day and we prefer to have a complete group of volunteers for the games.

In keeping with Jack's wishes, we will continue to offer higher jackpot prizes when the attendance exceeds 50. We will also be continuing the King/Queen prize. There may be an additional surprise announcement at our next game.

So, plan to join us on Sunday, November 18th. Let's keep Jack's legacy going.

COMMUNITY/MEMORIAL TREES

By Linda O'Leary

The Community/Memorial Tree Program provides the opportunity for our residents to purchase a tree in memory of a loved one or friend. Trees may also be purchased to honor a person or because you wish to donate one in your name to beautify our community. They can also be purchased as a gift, perhaps a birthday or anniversary idea. Prices vary according to the type and size of tree. Residents may choose a general location for a donated tree which can be on the golf course, along the main boulevard or in other areas of the community. The final placement of each tree will be approved by Heritage Pines maintenance facilities. Trees will be planted during the months of February/March and September/October. Please

plan your purchase during the preceding months. The Community/Memorial Tree Program is headed by Linda O'Leary. Please contact Linda at 819-9207 for pricing information.

A map showing the location of all donated trees is located in the hallway by the Magnolia Room. Also, there is a book at the front desk of the Clubhouse listing information about the many trees planted throughout our community. Each page includes the names of the honoree(s), sponsor(s), tree location and type of tree. Residents may look through this book as desired.

HERITAGE PINES "HITTIN' THE PAVEMENT" EVENTS FOR MOFFITT CANCER CENTER FOUNDATION

We're in the final planning stages and the excitement is in the air! This year, we are offering two important events, the **Luminary Ceremony on Wednesday evening, November 7th**, and the **Cancer Walk, Run, Ride on Friday morning, November 9th**.

In addition to your donations, we are fortunate to have community partners who also sponsor our "Hittin' the Pavement" events. You will have their names and be able to support them. The more dollars we raise, the closer we get to our ultimate goal – A CURE!

The Luminary Ceremony will be held at 7:00 p.m., Wednesday, November 7th, at the Gazebo. This moving and meaningful ceremony honors those who have battled cancer, are still looking for the cure, or are survivors. Luminary bags are still available in the lobby November 1st and 2nd from 11:30 a.m. to 2:00 p.m. and 4:30 p.m. to 6:30 p.m. You may purchase these bags (\$5 each or three for \$10) to dedicate and decorate in honor or in memory of someone you know who has battled or is battling cancer. **Volunteers are needed to help with luminary preparation and set-up.** Let Deborah Layne or Janette Pauley know if you can help.

You can register up until the day of the Cancer Walk; run, ride to walk, run, bike or ride your cart or one of ours. Your \$25 entry fee includes snacks, water, and a "goody" bag, as well as your donation to Moffitt Cancer Center Foundation. Don't miss this opportunity to join your neighbors in a fun event for a great cause! A team from Terlep Chiropractic will be here before and after the walk to provide massages to participants - another perk for your enjoyment. The more participants we have, the more dollars we raise.

The schedule for **"Hittin' the Pavement" on Friday, November 9th is listed below:**

? 7:45 a.m. – Sign-in

? 8:30 a.m. – Opening Remarks and Warm-up Exercises

? 8:45 a.m. – Bikers start followed by Runners, Golf Carts, and Walkers, in that order.

SWEET SUCCESS FINISH LINE – Cheer for your fellow participants, congratulate fellow finishers, cool down and relax. Finally, be sure to stick around to participate in the drawings for GIFT CERTIFICATES!!

The Tee-Shirts you ordered have arrived in time to wear to both the Luminary Ceremony and the Cancer Walk, Run, Ride events. The pick-up schedule is as follows:

Thursday, November 1, 12:00 p.m. – 2:00 p.m., Craft Room.

Friday, November 2, 3:30 p.m. – 6:00 p.m., Craft Room.

Saturday, November 3, 11:00 a.m. - 3:00 p.m., Magnolia Room.

Don't miss these events! Not only will you get some exercise and fellowship with your neighbors, you will also get the satisfaction that comes with supporting a worthy cause. There's nothing more exciting than crossing that finish line to the celebratory cheers of your co-participants. If you can't do the physical 5K (3.1 miles), your presence along the route (the front nine holes of the golf course) and at that finish line to cheer them on is an important part of the event.

If you have questions, need additional information, or would **like to VOLUNTEER**, please contact: Janette Pauley, *Chair* at 352-345-3524 or Deborah Layne, *Vice Chair* at 813-833-4865.

GOLF ADVISORY COMMITTEE MEETING

Present: Stan Ely – Chair; Edie Godleski – Vice-Chair; Janice Benedetti – Niners; Mary Miller – HPLGA; Ric Layne – HPMGA; George McAnally – HPMNGA; Joy Stefany – Handicap Chair; Alan Bracchi and Lee Wittig – Members-at-large. Also present: Bill Crusselle – GM; Jeremy Martin – Course Superintendent and Chris Ansley – Golf Course Maintenance.

Meeting was called to order at 2:00 by GAC Chair, Stan Ely. Proof of Notice was noted. All Members were present, therefore quorum was present.

Opening remarks vice-chair Edie Godleski: 1) Rain update: August = 7.3" and September = 6.2") Suggested moving morning shotgun start to 7:30. Most in attendance favored 8:00 a.m.

Opening remarks from chair Stan Ely: "WOW!!!! I think the Golf Course is really coming around!" Applause.

First open forum:

o STEVE LIZAKOWSKI:

Thinks that those that use a credit card to pay for PRE-PAID GOLF, should receive free rounds of golf also (even if less than those that pay cash/check).

Wants new sand in bunkers.

o MARTY SABATINO:

Grass is too long in retention areas. Too much time is spent trying to find balls and hard to hit. 4" height is directed by SWFMD & CDD. Other areas are cut at 2".

Area next to the Green on Hole 2 has some deep ruts that are grown over. He is concerned of someone tripping. DTE will look at that area.

o JOHN DYER:

Weeds are looking better. However, still lots of grass in Sand Traps.

Ric Layne moved to approve the September GAC Minutes. Seconded by Mary Miller. All agreed. Minutes will continue to be published in the monthly HP newsletter. However, the minutes from the most current GAC meeting will be submitted.

NEW BUSINESS:

o Janice Benedetti: Handicap Stickers/Flags should identify the handicap person. People are abusing the handicap sticker/flag when the person is not in the vehicle/cart. Suggested that GM address this in his TRUE message to the community.

o Ric Layne: There is a piece of mesh on No. 14 that can be tripped on. This was put in initially to prevent erosion. DTE will look at it.

o Lee Wittig: Been away for four months. Pleased to see the condition of the golf course. Will be taking out pre-paid membership in 2019. This was echoed by others in attendance.

o Alan Bracchi: Best condition of the golf course in years.

Burgundy Tees (information from Handicap Committee).

- o Handicap Committee – Joy Stefany

Golf Genius is posting scores to GHIN. There have not been any errors except for HPLGA if any player has a 9-Hole GHIN. These need to be entered manually.

Village Tournament is scheduled for November 5, 2018. Handicaps have been verified or established for all those on the Village Rosters. A few still missing handicaps. Those without handicaps will be required to play 'scratch'

- o GM - Bill Crusselle

Golf rounds up 162 from September 2017 and revenue is up \$1176 for same period.

Golf Packages for 2019 will be announced later in November. Expect a slight increase in rate.

- o LEE WITTIG – suggested an incentive to those that are golfing elsewhere to try HP to witness the change in the golf course.

- o ALAN BRACCHI – Questioned the parking situation when Clubhouse is busy. Lines on the driveway (circle) need to be re-done. Overflow parking is to be near the mailbox on Scenic Hills Blvd.

- o DOWN-TO-EARTH Golf Course Supervisor – Jeremy Martin

Sand with seed is to be used only tees, approaches and fairways after the course has been overseeded.

Have stopped some of the spraying for weeds for now so that the overseeding will germinate.

Greens are doing well.

- o GOLF COURSE MAINTENANCE – Chris Ansley

Black Tees have been moved and are within 5-10 yards of the score cards, except for #13. #13 currently is at 211 yards. Cannot be at 236 because of the fairway.

Employee was hit by golf ball and is doing OK. Be sure to yell "Fore" if you see someone ahead of your shot.

CLOSING COMMENTS

- o STAN ELY – Had an article on lightning detection/warning. Suggestion is that players use their 'Smart Phones' for weather warning.

- o JOHN DYER – Why increase golf rates if play has increased? Increase has only been for a month.

- o LEE WITTIG – Players are reminded to wait to hit the ball until the group ahead is out of the way.

- o STAN ELY – Ball marks on Greens are improving. It is the Players' responsibility to rake the bunkers. Tee markers are being moved regularly. The dead tree on Hole #2 is to be removed. Grass in bunkers are an issue. DTE is starting to work on the bunkers and grass issue.

- o Edie Godleski – First person on Green is to attend to the Flag Stick.

- o MARTY SABATINO – Do we have a machine that rolls the Greens? YES

- o GM – Bill Crusselle - Equipment lease is up this year and we will have new equipment on the golf course.

Motion to adjourn at 3:05 by Stan Ely and seconded by Ric Layne.

is as great as it is because of the

men and women that have served in the uniform of the United States of America. Join us as we honor our veterans in a special ceremony on November 11th at 11:00 am. This special ceremony is organized by Heritage Pines resident, Ben Bell – and the guests of honor, speakers, and presenters are residents as well. We do ask that if anyone attending the ceremony is late, please use the rear doors of the PAC so as not to interrupt the opening ceremony honors.

GOD BLESS AMERICA.

HERITAGE PINES LADIES' NINERS

By Ann Verity

We're reminded by clever and colorful village signs throughout Heritage Pines, the holidays are just around the corner. Each welcomes the season - beautiful and inspiring! Lady Niners have a full lineup of events for (hopefully cooler) times ahead - Come! Enjoy!

There will be more to share next month about our Sock Hop which took place October 12th. The evening is always a spirited event, sending us back to the 50s and 60s, and celebrating as only HP residents can. We all look forward to our beautiful Niners' Formal Ball taking place February 22, 2019. It's been hinted a romantic theme of "Love Is In The Air" will be further enhanced by colorful hot pink, fuschia and black table settings and décor. A delightful evening of music with dinner and dancing is ahead. Start thinking - lovely cocktail dresses...oh!and those suits and ties.....

The Nine & Dine golfer's group is back in action. Gracie Ellis announces a schedule change for this gathering of enthusiastic players. They will meet the second Friday of every month at 1:30-1:45 and the game will start at 2:00. Dinner to follow at the Clubhouse. You may sign up for dinner and golf or either one. There is no handicap requirement to join but you must be invited by a member of the Niners to play. A sign-up folder is in the Pro Shop or at golf on Tuesdays.

Maggie Shell reminds us the needs of children in the Mary Giella Elementary School are never-ending. In a visit to our last General Meeting, Principal George Papamanuel thanked the Niners for our generosity and compassion and strongly encouraged us to continue our efforts. Food is needed urgently at this time. Items such as packaged portions of powdered milk and foods in pop-top cans are most welcome; as are dried cereals and most easy-to-prepare items. We collect food at pre-golf meetings on Tuesdays. In addition, food can be dropped off at Maggie's house any time. It goes without saying - cash donations are always appreciated to help fund our efforts in supporting these families. Results from the Mary Giella Golf Tournament will be in our next newsletter... many thanks to all in the Heritage Pines community who join us in the true spirit of Thanksgiving!

Did you get your new and revised copy of the HPNLGA Niner Handbook? Everything you wanted to know, (but were afraid to ask), about your Niners League, are answered in this beautifully organized printing. We thank Gloria Saunderson for this effort. She has your copy ready and waitingsign and receive it now. Celine Watkins reminds us to go to USGA.ORG for a copy of the new rules of golf. It's a handy thing to keep in the pocket of your golf bag. You never know.....

Schedule for November

November 6: Course Closed

November 13: Wear Your Favorite Sports Team Shirt or Hat Day and November 20: Wear a Decorated Hat Day - See the following - important!

November 13 and 20: Eclectic Tournament: Played on Back Nine. Players will play two consecutive Tuesdays and compare their scores on each hole per round. The lowest score made on each hole is recorded, producing one nine-hole score. The lowest of each round's scores per hole are recorded on one scorecard and turned in as the final score. Cards from week one will be kept in Pro Shop. Keep your individual scores for GHINN posting.

November 27: Question Game - questions will be placed on the green determining score for that hole.

We bring the summer months to a close - happy to see the faces of people we haven't seen in a while. We mourn with those who have lost a loved one and want them to know they are never alone in this group of friends. Celebrate a new season of good things to come and remember to appreciate and enjoy each dayHappy Thanksgiving!

HPLGA "PAR" TICULARS

By Marjorie Convery

This month the golf course will be closed on November 6th, 7th, 8th and 9th for overseeding. We will be planning an away trip during that time, so please be sure to check your email if you missed the last meeting in October. The stroke play tournament was held October 23rd and October 30th; results will be available next month in the newsletter. We will also have a report on the trip to Mission Inn, which was arranged by Pat Gatzke. Although it is also noted that what happens at Mission Inn, stays at Mission Inn!

HP GOLF HANDICAP COMMITTEE

By Joy Stefany, *Chair Handicap Committee*

"Two basic premises underlie the USGA Handicap System, namely that each player will try to make the best score at every hole in every round, regardless of where the round is played, and that the player will post every acceptable round for peer review. The player and the player's Handicap Committee have joint responsibility for adhering to these premises"

The annual Village Golf Tournament is November 5th. This is always a fun event where the villages compete in a net game. We have verified that the participants have a USGA approved handicap and that the handicap is current. Those that do not have an approved handicap are required to play 'scratch'.

If you have any questions, please contact a member of the Handicap Committee. And remember POST YOUR SCORES.

MEN'S GOLF ASSOCIATION

It's that time of year when our northern members return and we welcome them back and look forward to playing golf with them.

Hole-in-One – The luck of the Irish struck again for Dick Talty.

This was Dick's fourth hole-in-one. He had two at his home club in New York and this is his second at Heritage Pines. This occurred on the sixth hole on Monday, September 17th. Dick used a four wood to cover the 148 yards. He was playing from the green tees and his playing partners were Archie Acharya, Walter Kroll and Dick Dean.

November Games

Beer and Wings – On Wednesday, September 19th we had an all the wings you can eat and beer you can drink for \$10.00 event at the club. We had 34 members in attendance and all seemed to have a good time. I heard several members stating they think we should have more get-togethers like this in the future.

Heritage Cup will be over by the time you get this and I will post the results in next month's newsletter. At the conclusion of play on the second day we will have our second half semiannual Members meeting. The new tournament for next year will be introduced.

Member/Member will be held on November 28th and December 5th. A luncheon will be held at the shelter by the tennis courts on December 5th after play. A reminder that playing partners must have a combined handicap of over 20.

To all MGA members, if you change your email address please let the MGA Secretary know. In the past year, several members changed from Spectrum to another internet provider and as a result their email addresses changed. With the correct address, I can keep you updated on upcoming events and tournaments.

DONALD TRUMP REPUBLICAN CLUB

By Robert Houskeeper, *Club President*

The Donald Trump Republican Club of Heritage Pines meets Thursday, November 15th at 7 p.m. in the PAC Room. Coffee and pastrys will be served. Please join us.

INVESTMENT CLUB

The Investment club plans to have its next meeting on the last Tuesday of each month. So anyone interested can find us on November 27 in the conference room at the Clubhouse. We start at 9:30 a.m. Coffee will be provided. Should you find that the conference room has been hijacked by others, look for us in the dining room or lobby.

Everyone is invited, and people with no investment experience or knowledge should not hesitate to join us if they wish to learn and use sound investment principles. People with vast knowledge and experience are also invited, so that they can share their expertise with the rest of us.

This club is for information, knowledge, and insight only. No money changes hands.

DEMOCRATIC CLUB

Every Third Thursday
at 4 – 6 p.m. in the Magnolia Room

By Linda Myers, *Secretary*

The HP Democratic club members are currently volunteering their time and efforts to elect Democratic candidates on the local, state and federal level. Members are helping our candidates with phone banks, knocking on doors, and numerous election activities. If you are willing to volunteer some time doing any of these activities, call Rich Cunha at 857-3044 and he will provide phone or walking lists to you to make calls or knock on doors.

On October 4, 2018, we hosted a Meet & Greet with Chris Hunter, candidate for Congress, District 12. All residents of Heritage Pines were invited to attend. Over 70 people attended to hear Mr. Hunter's position on current issues. That same evening several members attended a Pasco County Democratic event in Lutz to hear Jill Winn-Banks, former Watergate prosecutor, speak about women's issues, as well as, current events happening in our nation.

Our club also contributed over 90 pairs of socks for a total of 331 pairs from Heritage Pines to the St. Leo's Veterans Project.

Thank you to the residents of Heritage Pines.

THE TOYMAKERS

It is November already and almost the end of another season for the ToyMakers. We will finish up our toys for the 2018 distribution by the end of November and then take time off until after the Holidays to enjoy the season with family and friends.

The ToyMakers here at Heritage Pines have made over 1200 toys again this year. We will distribute these cute wooden toys to four local schools for the grades pre-K through second grade and other charitable groups.

During the first two weeks of December we will take our toys along with the Angels In The Pines who make hats and scarves for the children to the schools so the children can choose their gifts.

The Mary Giella School children will again come to Heritage Pines to perform festive holiday songs to thank Heritage Pines residents for all that we do throughout the year. Watch your email for further information on the Mary Giella concert. All are welcome and encouraged to attend.

The ToyMakers meet on Monday mornings in the Craft Room from 11:00 a.m. until 2:00 p.m. We also meet on Thursday evenings from 6:00 p.m. until 8:30 p.m. This is a quieter time as fewer elves come on Thursday evenings.

For more information call Phyllis Matheson at 727-861-5546 or Vicki Hoffman 727-378-6800.

ASK THE TECHIE

Q: Recently a popup message appeared on my computer screen telling me my computer was infected with a virus. The message contained a number for me to call for assistance. When I called the number the person requested I allow them to access my computer remotely. I did this but became suspicious and terminated the call. Since the message continued to popup I called you to remove the popup and determine if my computer had a virus. Was I speaking to an actual support agent or was this a scam?

A: This was definitely 100% a scam. As far as I know, none of the antivirus programs alert with a phone number to call when a problem occurs. If an actual virus is detected the program will display a message indicating that a virus has been detected and report on the success of the repair.

Often, a fake popup message will claim to be from the manufacturer of your computer, the provider of the antivirus software you are using or Microsoft. It is likely that your computer doesn't have a virus at all. The only virus is the popup message itself which prevents you from using your computer until it is removed. If either of the above happens to you I recommend shutting down your computer immediately even if it means pressing the POWER Button. Do not attempt to close the message.

If you ever allow someone access your computer remotely and feel they may not be who they say they are, you should have your computer checked for viruses and other monitoring software. This type of software may be used for unauthorized access to your computer without your knowledge or permission.

Similarly, if you receive an unsolicited call from someone claiming to be from **Microsoft, Symantec** or **Hewlett Packard** telling you that they have detected problems on your computer and want to access your computer hang up immediately. This is **DEFINITELY also 100% a scam.**

In recent months, several of my HP clients didn't follow my advice and were talked into allowing a random caller, who claimed to be from **Microsoft**, access to their computers. When they refused to pay for bogus support they later discovered that their computers were password locked which prevented them from logging into their computers. Unfortunately, I was unable to remove the lock requiring a reinstall of **Windows** and the loss of all document, photos, etc. that weren't previously saved on an external backup. The scenario is as follows:

The resident received a call from someone who claims to be from either **Microsoft** or **Windows**. The caller claims that the resident's computer has a serious problem that requires immediate attention. The caller then tells the resident how to bring up an Event Log file and uses this information as evidence that the PC will soon fail to work correctly. The caller requests remote access to resolve the problem. The resident allows the caller remote access and the caller tells the resident that there will be a fee to correct the problem. When the resident was

informed of the cost they told the caller they weren't interested and hung up the phone. What they didn't know was that the caller had already installed a virus on the computer that will lock the computer on the next reboot.

The resident called me when they couldn't get into their computer. After I looked at the computer, I had to inform the resident that without the password I could not remove the virus. To restore the computer to operation I had to do a full install of Windows and all documents and files that were not previously saved were lost.

Be advised that no legitimate business will ever call you about a problem with your computer. These calls are ALWAYS scams. Under no circumstances should you allow an unknown person to remotely access your computer. My advice to everyone is to hang up on the caller.

TAI CHI

Tai Chi, Beginner –

Tuesday at 8:30 a.m. in the PAC (*New class is starting now!*)

Advanced – Thursday at 8:30 a.m. in the PAC

Qigong – Saturday at 8:30 a.m. in the PAC

By Rich Cunha, taichienvirorich@gmail.com

Help for Arthritis

Do you have aching fingers, wrists, elbows, or shoulders? Do your knees protest going up stairs, or even just walking? Are you tired of the pain and the limitations your arthritis causes?

I will be teaching a brand new series of Qigong exercises that is geared toward alleviating the joint pain of arthritis, and helps to prevent arthritis. You will learn through a series of very gentle Qigong exercises, how to reduce the pain of current arthritis, and how to help prevent arthritis from starting. These exercises are designed to perform two functions; the first is gentle manipulation of your joints (movement is the arch-enemy of arthritis); the second function is to bring healing Chi to your joints. Both of these result in gentling loosening your joints and helping to produce the much needed lubricating fluid that lets all your joints work smoothly. This class will start on November 17th and will be on Saturday mornings as part of the Qigong class in the PAC. Qigong will start at 8:15 and the Arthritis Class will start at 9:00.

New Beginner Class started on October 23rd. It is not too late to join this class – now is the time to jump into Tai Chi from the very beginning!! This class is geared toward all new students and those that may have come to Tai Chi classes before, but stopped coming for whatever reason. We will start at the very beginning and slowly progress through each step until you have mastered the Tai Chi form. Anyone can learn Tai Chi. Ask any of the students that have graduated, and they will tell you; "I thought I could never do that move" – "it is too hard" – "I will never be able to remember all this". They did, and they discovered all the many benefits of Tai Chi & Qigong. Start now to improve your health and flexibility.

PACKAGES FOR THE TROOPS

By Mel and Marcia Letterer and Ralph and Jeanette Pauley, mletterer2@aol.com

We are very grateful to Nancy Niarchos and the Lifestyle Committee for launching the Packages for the TROOPS program. With Nancy leaving Heritage Pines, the program has been passed on to the Drama Club to carry the program forward. Residents of Heritage Pines have been so generous and we thank you!

12 packages were mailed in late June and we plan another mailing for November, a holiday gift from us to our overseas troops. If anyone here knows of a deployed friend or family member, PLEASE let us know so we can include them in our gifting! We so APPRECIATE the money donations given in the past. Each package costs about \$17 to mail and checks can be made out to HPCA with "packages for troops" in the memo line. Mostly needed or requested by the troops are white socks, white Tee shirts, hard candy, gum, beef jerky, small packs of peanuts or magazines. We cannot ship large bottles of mouthwash or canned sodas or beer.

Again, we thank you all for your past support and hope you continue to be generous so we can help our men and women in this way.

ANGELS IN THE PINES

Thanks to the generosity of StoreSmart Self Storage (352-597-8585) who donated a storage unit for one year to the Angels, hat and scarf sets are piling up but there is still a long way to go to reach the 1400 sets needed for donating to the school children and others in need at Christmas time. Recently we have had several new members join as well as several "Snow Birds" returning so headway is continuing to be made, but more help is needed. Anyone interested in helping the needy children is welcome to join the group. Sundays from 1 to about 3 p.m. you will find the Angels busy chatting and working in the Craft Room.

As a reminder, Angels is now a not -for-profit organization, and all donations, either materials or money are tax deductible and very welcome. So please consider the Angels when you are planning your giving.

SOFTBALL NEWS

We had four practices for the month of October on: October 5th, October 12th, October 19th and October 26th. We averaged a total of 15 players per practice in October. We had one of our players return from his New York summer home (Rich Mariotti). Here is the picture of those 16 players who were at our October 5th practice.

Top row (from left to right): Paul Katzenbach, Al Velazquez, Bill Bourg and Jeff Geabino; Second row (from left to right): Lou Carde, Roy Barbarino, Ric Layne, Bob Gardella, Rob Cleaveland and Frank DeRochemont; Bottom Row (from left to right): Gil Montalvo, Billy Reuter, Al Grosso and Paul Scolaro. Rich Mariotti left early and is missing from the picture.

Bill Bough had a very good day in that he was able to hit eight balls over the 275 foot fence.

Our practices scheduled for the month of November are November 2nd, November 9th, November 16th and November 30th. All practices are on Friday and start at 9 a.m.

Note: There is no practice on Friday, November 23rd since this is the day after Thanksgiving and most of our players will either be away visiting family or have their family here for the holiday.

Anyone (gal or guy) in Heritage Pines who is interested in playing softball can come to Memorial Field, which is left off Little Road at New York Avenue. Just turn right into the park when you see an American tank monument and look for the three softball fields or you can call Al Grosso – Softball Manager or Jeff Mariano – Softball Coordinator.

SPORTSMEN'S CLUB

By Tom Squadrito

Bill Pizzi, president, presented an award to Howard Stringer for shooting 50 straight at a recent trap shoot at Robinsons' Ranch. Each participant must break the clay bird five times, from five consecutive positions; take a short break, and do it again. Howard is one of a few marksmen who have accomplished this task more than once. Hats off to one of our founding members. He deserves to be recognized.

The Sportsmen's club shoots trap, skeet, and crazy quail every Wednesday. Some of our southern members visit Silver Dollar

in Odessa every Thursday. Most of us may never shoot 50 or even 25 straight without missing, but we always have a great time.

Other members are fishing now that the water temperature is cooling somewhat. Party boats of two or more members can be accommodated for a day of fun on the water. We also bike, kayak, and socialize at our monthly dinners and occasional outings.

Bocce is back on Tuesday mornings starting at 9 a.m. on the HP courts. We welcome beginners and veteran players for a one to two hour competition every week. Soon, we'll have many players returning from the north for the winter. Everyone is welcome.

Also, if you wish to play Bocce at another time, just check with the front desk at the Clubhouse for the key to the locker. If you sign out for this key, ensure it's returned promptly. If you wish to play while the front desk is unmanned, look for the green notebook and sign for the key. The courts are well lighted for your enjoyment at any time, night or day.

In addition, your HP BOD is considering an improvement proposal, to refurbish the current courts, which are in need of a serious overhaul. After all, the courts were constructed in the 90's before our HOA took over management from Lennar Homes.

PS. It would also help if you mentioned this last item to a BOD member.

If you desire more information regarding our activities, or if you wish to join our club, contact Tom at 352-232-1149. You're always welcome to attend our one hour meeting at 11 a.m. in the Magnolia Room, the second Thursday of every month.

We have plenty of tables to spread out your work and this time is for any media and artists of all levels. CERAMICS

By Jackie Ciesla

We meet every Saturday in the craft room from 9 a.m. to 2 p.m. Even if you have never done ceramics before you can learn. Some of the ladies have years of experience and we all can help anybody that is new to the class. Something new to the class is that we now have a small inventory of items for sale at a reasonable price. These are what are called "bisque", which means they have been cleaned and fired. Ready to be painted. You can paint them two different ways. You can use acrylic paint with a clear topcoat for protection, bought from Walmart or some of the craft stores like Michael's. The other is to use a special ceramic paint that needs to be fired after you have finished. This paint has to be bought from a ceramic store; we can give you the names and addresses. If you have any questions stop in on a Saturday morning. Meet the ladies and get some information, or you can call Jackie Ciesla at 727-861-1965. Everyone is welcome. Hope to see some new faces.

BOOK CLUB

The Heritage Pines Book Club meets on the fourth Wednesday of each month. Please join us in the Magnolia Room at 10:30 for a discussion of *The Mistletoe Inn* by Richard Paul Evans. At 32, Kimberly Rossi, a finance officer at a Lexus dealership, is at a crossroads in her life, and it's time to either fulfill her lifelong dream of being a published author or let it go. She's had her heart broken more times than she wants to remember. With two failed engagements, a divorce, alone again with no prospects, and dreading another holiday alone, she signs up for the Mistletoe Retreat, a nine-day writing seminar in Burlington, VT.

In one of the workshops, she meets Zeke, an intelligent man with a wry wit who seems as interested in Kimberly as he is in the retreat. As Kimberly begins to open up to him about her stories and dreams, she inadvertently reveals her own troubled past. But as she grows closer to him, she realizes Zeke has his own darkness, a past he's unwilling to talk about. This holiday romance is a real deviation from the serious topics we usually read about, but it's a welcome respite at this busy time of year.

Penny Norton will report on the progress of plans for the Mary Giella Christmas project. After the meeting, members will adjourn to the Dining Room for lunch. Everyone in the community is welcome, so please come and join our discussions. If anyone has any questions about the Book Club, please call Judith Chase at 862-4545. Happy reading!

MARY GIELLA FOOD DONATIONS

By Wes and Penny Norton

Welcome back to all our snow birds. I hope you will be putting food in the barrel for the school. I was so thrilled when Carol Dimse, called me to let me know that her group, the Juliets, had voted to give the food bank \$470.00. I was worried about where the money would come from for the Thanksgiving turkeys. Last year Nancy and Bill from Pines Glen Village bought 25 turkeys on their own and took them to the school. They moved away this summer. I was trying to figure out how to make this happen again; when Carol called with the good news. I'm so blessed to have the Juliets to think of the children of Mary Giella. I will make sure that those turkeys get to the school. Thank you to all the Juliets that donated the money for the turkeys. With Thanksgiving and Christmas approaching I hope you continue with the food donations. We have the children coming to sing on December 14th. I hope we fill the PAC room. It is one of the best free programs. The children look so forward to coming. We have 68 children coming. I want to give a big THANK YOU to the Book Club that started and still supports the giving of books on Santa day at the school; that will take place on December 4th. I should have the names of children that will need clothing for Christmas by the middle of November. I have so many that take part in this program that Wes and I are always surprised by the many gifts that the children receive. If any one wants to take part in any of these programs, please give Wes or me a call at 727-869-9642. This is our 14th year of doing these programs. Thanks to Heritage Pines support. Happy Thanksgiving to all!

PICKLEBALL - BOWLING

Looking for Serotonin or Melatonin?

Feeling tired and a bit down. Get that serotonin moving! Let that melatonin sink in for a good night's sleep. Join us for a few of these, or all these sports, and see how much better you will begin to feel.

Bowling

Please join other Heritage Piners on the second and fourth Saturday of each month at Spring Hill Lanes (located on 19 going north but on the south side of 19) at 6:45 p.m. for a fun, non-competitive bowling night. You can bowl two or three games at only \$2 per game; shoes are a small additional charge. Newbies, married, single, guests, visiting with HP friends always, always welcome and there is no commitment! After bowling we usually head out for some Dunkin Donuts, Sweet Frogs or Dairy Queen to replenish those calories burned. A really fun night. C'mon and try it!

Big balls! Little balls! Great for your physical and emotional health! So many sports that we choose to engage in involve balls. Heavy as a bowling ball, big as a basketball, or as little as a tennis, wiffle, ping-pong, billiards ball, the movements involved are good for your physical and emotional well-being. Depending on the area in which you live, pickleball can be a great option for your physical fitness routine. Some have noted

PICKLEBALL - BOWLING cont'd

that playing pickleball has improved their memory, blood circulation, and energy levels, reduced stress and helps with weight loss plans. According to an article on Livestrong.com by Ryan Gargulinski, the benefits go even further:

Although you're burning calories and boosting your mood, you are not putting yourself — or your joints — at high risk, according to Pickleball Canada. The Wiffle ball is fairly slow-moving and much lighter than its tennis ball cousin or its racquetball distant cousin. Even if you do get hit with it, you won't suffer the same severity of injury of a denser and faster ball. The courts are also about half the size of a tennis court, which means less running around than tennis, another factor that keeps the intensity low. We do not yet have a pickleball court here at Heritage Pines. In the meantime, call Francine Raggi-Collins at 727-868-5152 and she will give you info where you can learn to play.

WATER AEROBICS

Water, water everywhere!

Working out in the water is one of the most therapeutic activities one can take part in.

Water aerobics builds cardio, strength and resistance all while being easy on the joints and in a cool and relaxing atmosphere!

Here are the Top 10 Reasons to do Water Aerobics:

Increase muscle strength – Water is a flowing and constantly changing product of nature, and as such can be every unpredictable in its movements. Since water flows in multiple directions, the resistance in the pool can range from four to 42 times greater than air, ensuring the body's muscles get a rigid workout. In fact, a study conducted found that after 12 weeks of regular aquatic aerobic exercise, participants had made significant gains in strength, flexibility and agility.

Build endurance – Unlike traditional weights, which require the human body to push and pull against the weight plus gravity, water resistance is a more natural resistance which requires the body to strain through the water rather than against it.

Increases flexibility – As the body is subject to water resistance during water aerobic exercise – which requires

movement in various directions while adjusting to the push and pull of water – the joints naturally increase their range of motion. A study conducted found a significant increase in flexibility after subjecting a group of older adults to aerobic therapy exercise.

Low-impact exercise – We may not often think of it, but the traditional impact we place on our joints during a “land workout” can be taxing. In water aerobics, the buoyancy of the water helps take off some of the impact we tend to place on our body, due to our own water weight. In layman's terms, our body's is not subject to gravity in the water, therefore the impact our joints take on when, say, running in water, is not equal to the impact when running on land. This is particularly appealing to those with joint conditions such as arthritis or those currently undergoing physical rehabilitation.

Alleviates pressure on the joints – Studies have shown water-based exercises such as water aerobics relieve pressure placed on joints from normal wear-and-tear and arthritis. In fact, hydrotherapy is shown to be the leading form of therapy for those suffering from joint problems.

Relieves stress and decreases anxiety – Watching bodies of water in motion can be one of the most soothing activities one can take part in to help relieve stress, which is why vacations to beaches and island paradises are so popular getaways. But being in the water can be just as relaxing! A study conducted found that aquatic exercise significantly decreased anxiety and negative mood states especially in women.

Burns calories – The combination of strength and cardio workouts mixed with water resistance in aquatic exercise ensures the body is getting a full workout. Depending on cardio activity, weight (including additional weights such as dumbbells and weight belts), water temperature, volume and buoyancy, the body can burn between 400 to 500 calories in an hour of exercise.

Reduces blood pressure – Water resistance is not just a buoyancy feature to help work the muscles. In fact, the water pressure actually works with your blood as well and enables one's blood flow to circulate more effectively throughout the body, effectively decreasing blood pressure and, in the long run, decreasing resting heart rate. This benefit means your heart is maintaining its productivity while putting less stress on your heart!

Cooling exercise – As temperatures get warmer and the summer heat draws near, the desire to exercise in the burning sun may suddenly not seem so appealing, and so naturally dipping into any body of water becomes alluring. Water aerobics can satisfy that need to feel cool in warmer temperatures while still enabling a person to exercise. It's cool, crisp and refreshing, especially knowing you aren't struggling in the heat!

Popular activity – Water aerobics is not limited to any age group or skill level. As a result, water aerobics is known to be one of the most popular bonding activities for friends and family. This is a wonderful way to make some new friends and meet your fellow neighbors. The sport appeals to all ages – with younger generations naturally enjoying the fun to be had in swimming pools while still appealing to the older generations and their need to maintain a moderate level of physical fitness.

Water Aerobics tips to know:

o Always wear water shoes for added cushioning, shock absorption and comfort. Nerve endings are very close to the soles of your feet and constant jumping without shoes may cause nerve damage.

o Stay hydrated. Though the water cools the body, you will still perspire especially during the summer months. I always suggest you drinking water before, during and after class. If during class you feel thirsty you are already dehydrated. Rehydration will prevent you from overheating, muscle cramping and heat stroke.

Come join us every Monday, Wednesday and Fridays. Classes begin at 10:00 a.m. and run for one hour. Classes are taught by Denise Mallek who is certified through the United States Water Fitness Association.

HPCA TENNIS

By Bill Tory

When was the last time you changed the strings on your tennis racket? Well, for me, I changed the strings on one of my rackets that had not been changed in a couple of years. The first time I took it out on the practice court and began to do some serving, I heard a strange and wonderful noise. There was a "pop" noise when I made good contact with the ball. I had not heard that sound in quite a while. I liked it. The new response from the strings was noticeably different on my ground strokes also. This exciting transformation for my racket led me to do a little more research on the subject.

Did you know that there is a rule of thumb about how often to change the strings on your racket? I didn't either, but here it is; "you should change the strings on your racket in a year the same amount of times that you play tennis in a week". That means if you play two times per week, you would have your racket re-strung two times per year. OK, that's the rule of thumb, but it can be a little more complex than that. Some of the variables are; strings begin to lose their tension immediately after the re-stringing process, as much as 10% in the first 24 hours and even more as you begin to play, the type of string you use can lengthen or shorten the time in between re-stringing, the length of time you play each time you're on the court will effect the strings, breaking a string can be a real shortcut to re-stringing and finally, budget. Depending on the type or combination of strings, it can be kind of pricey.

All this being said, it gives you something to think about. Are you playing the strings, or are they playing you? Don't forget, as your strings begin to lose tension, YOU have to adjust your playing technique to compensate for it. Keeping fresh strings on your racket will aid in your ability to play more consistently.

Thinking about serving a term on the Tennis Association Board? We always welcome fresh new ideas and people who like to take charge of programs and projects, if this is you, contact anyone on the current board and we will show you how to get involved.

Welcome back Snowbirds! Already some have returned and looking for most of the rest to return this month. Pretty soon we

will have a full complement of players on all four courts. Yeah!

Have you been thinking about how much fun and exercise you used to get when playing tennis? Well, c'mon out on Tuesdays and Thursdays for some open tennis for men and ladies tennis on Mondays and Thursdays. Make sure to contact Shirley Monroe for more information about ladies tennis. Dues to join the Tennis Association are a mere \$10 per year. Open tennis starts at 8:00 a.m. You don't have to sign up to play. There's no long term commitment. Come when you are able, don't when you're otherwise busy. It's a great way to meet new people and make new friends.

Kathleen Lonergan and Chuck Widlowski have volunteered to be the Heritage Pines Tennis Championship Tournament committee for 2019. They have set the dates for the tournament as March 4th through the 10th. Chuck has told me that these dates do not interfere with any golfing events. Now that you know the dates, be sure to reserve them for next year!!!

In the next edition of "What do they do?" we take a look at "Sunshine", a subcommittee of the Hospitality and Public Relations committee.

PURPOSE: The Sunshine Subcommittee monitors the wellbeing of the membership and extends the well wishes and sympathy of the Association to our members in need.

MAKEUP: The person shall be a member in good standing of the HPTA. This person is appointed by the President.

DUTIES: In the event of an illness or injury to one of our members or their spouses, a get well card is to be mailed.

In the event of the death of one of the following relatives of a member, a sympathy card should be mailed: a spouse, children, grandchildren, mother, father, sister, brother, mother-in-law, and father-in-law.

The chairperson purchases get well and sympathy cards along with postage stamps as needed. The bill for such items will be submitted to the HPTA Treasurer for re-payment out of petty cash. The chairperson will keep a list of mailed cards which were sent to our members..

snowboarding friends from up north. Some will bring a feline pet with them to add to our growing number of resident cats. If anyone is in need of a cat sitter, please reach out to Minette Salomon at (975) 651-7589, or email at minette1409. Or Rusty Peacock at (352) 232-5300, or email at rustybird@tampabay.rr.com. We will help you find a volunteer sitter through the group web site. Now read a recent story about a cat in Iraq.

Dolly's Journal of History - Bazzoona

Hi, it's me, Dolly, your beautiful feline historian with another exciting story. For some strange human reason, the capture of a fellow human named Saddam Hussein was extremely important. You might wonder what a cat had to do with the capture but now you will learn how that occurred. Through the months before December of 2003, special forces had been tracking and interrogating Iraqi citizens who had been known to have had contact with Saddam Hussein, the dictator of Iraq, over the years. On December 1st, Staff Sgt. Eric Maddox arrested and interrogated a driver who, after eight hours of interrogation, revealed the name of the man who held the key to finding Hussein. His name was Muhammad Ibrahim, and he had been Hussein's right hand man in ruling Iraq. Over the next several days a Special Operations Task Force rounded up 40 members of Ibrahim's family, and finally a lead took them to a farm house in Tikrit, just outside Baghdad. There, on December 13th, they found Muhammad Ibrahim and two others. Despite intense questioning, none would reveal the hiding place of Saddam Hussein.

However, there was a cat named Bazzoona that sat quietly watching the entire operation from a distance. After several hours of little movement, Bazzoona rose majestically, stretched, and walked slowly and deliberately to a spot where she performed her duty of relieving herself on a fresh pile of desert sand. This might have gone unnoticed except she made a big fuss about covering her waste with vigorous scratching and pawing. In doing so she uncovered a sand covered rope that would otherwise have gone undetected. A member of the team who had a fondness for cats, watched the performance of Bazzoona and became intrigued with the great attention she paid to covering her waste and uncovering the rope. Curiosity is a common attribute of a cat but sometimes humans exhibit the same trait. Cautiously, the soldier approached the rope and with the help of the scratching cat, saw that it led to what looked like a wooden plank in the sand. He brushed away more sand and discovered the outline of what seemed to be a trap door leading to a hidden underground hole.

Bazzoona and the soldier backed away and waited for other soldiers to arrive and assist in opening the trap door. When the door was pulled open it revealed the crouching figure of a human that was quickly identified as Saddam Hussein. The tyrant and once feared ruler of Iraq had been found hiding ignominiously in a shallow underground shelter. Hussein was later tried in an Iraqi court for crimes against the country, found guilty, and hung December 30, 2008. Thus, decades of a ruthless, brutal leader were ended and Iraq was freed. It was through the tireless efforts of an American Special Operations Task Force, a Staff Sgt named Eric Maddox, and an assistant,

that Hussein was brought to justice.

But the story of Bazzoona, a common female Iraqi cat, and her assistance has until now been entirely ignored. Bazzoona remains at a small farmhouse in Tikrit, raising her several broods of kittens, happy and content, unconcerned about the great service she rendered to the citizens of Iraq. But now we know what a hero she was and how she contributed to the discovery of the Tyrant of Baghdad. Would you like another real story from my Journal of History.

PALEO PARK - ELLIOTT SITE

November 17th is National Take a Hike Day. Take a Hike Day was established by the American Hiking Society to encourage groups of families and friends to get out into the wild and really get a taste of what it means to be away from it all again. Hiking is something that really helps to rebuild our connection with nature, and helps to maintain healthy hearts and bodies as well.

Take a Walk on the Wild Side

Hiking should not be an affair that one rushes through, nor should one idle their way through the journey, instead one should listen to their heart and body, and when restlessness strikes head out for the distant hills, and when weariness sets in let the body rest and take in the environment.

Take A Hike Day reminds us that we are creatures of the wild as well as creatures of civilization, and sometimes it does our wild heart good to be taken home again and get out in the wild.

Heritage Pines residents are fortunate to have such a beautiful community in which to take a hike within our own gates. No place is more lovely than within Paleo Park. So come out and celebrate "Take a Hike Day" with a walk on the wild side in Paleo Park – Elliott Site.

Directions: Drive toward the front gate on Grand Club Drive to Eagle Bend Drive. Turn left on to Eagle Bend Drive and go to the second left, which is Clearcreek Court at Fairway Village. Turn left and drive to the end of the cul-de-sac. You will find the park within the fenced area on the left side of the cul-de-sac.

This lily was seen in the park in September. Photo by Bob Johnson.

THE HERITAGE PINES COMMUNITY ARTIST IN RESIDENCE – NOVEMBER

Our featured resident artist for November is Sylvia Hicks. While traveling throughout North America, Sylvia enjoyed stopping along the byways to paint “*en plein air*” (painting outdoors). She says she is inspired by the peace of nature that engulfs her. Upon close observation, the shapes,

colors and textures of the surrounding landscape are revealed by the magical glow offered through the creative use of watercolor. Her works are her impressions of bits of the environment we are exposed to daily but rarely stop to see. Sylvia is constantly dazzled by the array of color around her. Water, sky and earth meld into a beautiful array of visual delights!

Sylvia has always been a creative person, enjoying the world's visual offerings from her earliest years in Upstate New York. Her formal education includes an AAS from The State University of New York, BA and MA in Fine Art from California State University at Fullerton. Adding to her formal education, she studied with selected internationally known watercolorists including Maine coast artist, Carlton Plummer, and Katherine Chang Liu from Los Angeles among others. As a teacher and mentor, Sylvia has taught watercolor classes at the college level as well as workshops, private instruction and critiques. Her award winning work has been exhibited extensively in the Northwest and California in juried exhibits and solo shows. Paintings are in private collections throughout the United States and Canada.

Sylvia lives in Heritage Pines, painting at her Water Lily Lane Studio and offering *en plein air* drawing and painting experiences to residents and friends. The studio is open by appointment. She also volunteers as a Docent at The Leepa-Rattner Museum of Modern and Contemporary Art in Tarpon Springs and has taught drawing classes here at Heritage Pines.

If you'd like to be considered for the *Artist in Residence Series*, please contact Hope Botterbusch at 727-233-2139 or esparanza2@gmail.com.

LIBRARY NEWS

By Roseann Andare

It is now November. Soon we will all be busy with so many things to do for the upcoming holidays. Studies have shown that the best way to recharge is to take 30 minutes each day to relax. What better way to relax and recharge than with a good book? The Heritage Pines Library has a great assortment of books in many different genres. You may find your favorite author among our collection or you might begin following a new author. There is something for everyone.

The hardcover fiction books are on the right hand side of the Library as you enter from the hall. Non-fiction books and

paperbacks are on the left hand side along with several large-print books. All hardcover books have no due date - you are on the honor system. Paperback books do not need to be returned.

AS A REMINDER: When returning books to the Library, do not place them back on the side shelves, but on the small return cart under the poster. Our volunteers have been trained to make a decision on where to place them. Also, we are unable to accept donations of magazines, puzzles, catalogs or books of limited appeal. While we do appreciate donations of books, space is limited and we ask that no more than five books be donated each month per household. If you have any questions, please contact Roseann Andare at 233-2257.

DRAMA CLUB

The Drama Club is well underway with their rehearsals for the Christmas play, "T'was the Opening Night Before Christmas" directed by Paula Routten and assisted by Gloria Saunderson. The performances will be on November 30th, December 1st and 2nd. We are very pleased six new members will be taking part in this play as well as several folks helping backstage, offstage and with the technical staff. In addition, this play will have 20 actors (including one understudy) PLUS a choir! This will be the largest cast ever in a play here at Heritage Pines!

The action takes place on Christmas Eve one hour before the pageant is to be performed and the players are still bumbling around in their roles. The producer's big plans are over budget, and the Pastor is worried that the pageant will not be successful because the purpose of the play is to raise funds for the homeless. The Director and the Music Director are at odds with one another and the Choir is not helping the situation! So, what will be the final outcome? Come and see for yourself and watch your friends and neighbors do their best to bring you a great play!

We are always appreciative of residents and friends supporting our productions as there is a lot of planning and effort to make our best performance available to you, our friends and neighbors. Thank you for your continued support!

The mission of the HP Food & Wine Club is to enjoy new culinary and wine experiences as a group with events that members may not have been exposed to in just

dining out. We are foodies and wineauxs (not wine-o).

The October article was mistakenly a duplicate of the September article. I blame that "nasty" woman, Irma, who made a totally rude and unwanted visit to Florida. We sure were lucky she didn't come to our door! We send out best wishes for a speedy recovery to all those affected by the hurricanes that devastated so many communities.

The Wallner's Cork has travelled all summer and sent back great photos we posted on our Facebook page. A little birdy told me "Mr. Cork" will be travelling again soon. We certainly are excited to see where it goes next thanks to, Carolyn and Ludwig Wallner, who keep that guy busy and us entertained. Safe travels, Mr. Cork!

The Club events you missed hearing about were:

- ? • A visit to Castle Winery in Tarpon Springs. If you are on heart medication, their wine has been approved by cardiologists because it contains no chemicals that interfere with heart medications. It's also very good tasting wine.
- ? • Carrabba's Wine and Dine Dinner. This is a wonderful gourmet meal of great value with a three course pre-set menu and all the wine you care to drink. In September, we went to the New Port Richey restaurant and October to the Brooksville Restaurant.
- ? • Octoberfest celebration at, the German Restaurant, in Holiday. A menu of all authentic German foods and entertainment to boot! Oompa oompa!

November's event will be a free "members only" on November 15th at 9:00 a.m., with a tour of the HP Kitchen followed by an Apple Tasting. Do you know your apples?

Several members are supporting the HP New England Clam Boil rescheduled from September to November 2nd. Get your tickets at the HP front desk.

In December, our thoughts turn to the holidays and this event will be open to all HP Residents for an authentic Colonial Christmas Dinner on December 1st with lots of surprises and authentic recipes prepared by Chef Josh Farrington and his staff. Look for our ad in the Pines and online e-mail bulletins. Tickets will be available at the front desk sometime this month.

New members are always welcome! The more the merrier! Like and follow us on Facebook at <https://www.facebook.com/Heritage-Pines-Food-Wine-Club-1645124982169665/>. For more information contact: Hope Botterbusch, Club Coordinator at esparanza2@gmail.com or 727-233-2139.

MONDAY MORNING LADIES' BIBLE STUDY

By Carole Hopkins

Our non-denominational group of women meets on Monday mornings from 9-11 a.m., in the Magnolia Room. We are currently studying the Book of James using our personal Bibles and a study guide by John MacArthur. We welcome all newcomers on any Monday and the study guide is not required for participation. All you need is a Bible and an interest in the Word of God.

Please consider joining us for lively discussion of scripture. It is an ideal opportunity to meet more of your neighbors and make some good friends. For more information, please call Carole Hopkins at (727) 697-1664 or e-mail her at oceancarole@gmail.com.

TUESDAY LADIES' BIBLE STUDY

This month we will start the third week of our study "Psalm 23 – The Shepherd With Me" by Jennifer Rothschild. Each week we are viewing a DVD and going over our homework related to the study. It isn't too late to join us as Jennifer explores the depths of God's care tucked in the psalm you have always loved.

Trade in the myth of self-reliance for the truth that God will take care of you, no matter what. Know that your vulnerability is not a liability, God made you to need Him. Release fear and trust the Shepherd's goodness in every season of life. Every woman longs for someone to protect and care for her, someone to guide her when she is not sure of her next steps, to provide rest when she is worn out, to walk with her when the valley is dark. God is the Good Shepherd whose companionship provides the comfort and confidence every woman needs. No matter what season a woman finds herself in, she is safe with her Shepherd.

We invite you to join us on Tuesday mornings from 9:00 until 11:00 in the Magnolia Room of the Clubhouse. For information about the study, feel free to call Pat Hepler at 727-819-2355 or Evie Clark at 727-868-3454.

MONDAY MEN'S BIBLE STUDY

By George Chudyk

Every Monday at 4:00 p.m. we come together to study, share personal testimonies, and pray. We are a Proverbs 27:17 group – "As iron sharpens iron, so a friend sharpens a friend." Come and let's sharpen one another. For information, call George Chudyk at 727-397-3428 or just show up in the Magnolia Room.

NEW BEGINNINGS BIBLE STUDY

Another New Beginnings starts on November 5th at 1:30-3:30. Our Women's Bible Study meets in the Conference Room. We will encounter a life-changing study opportunity with God's Word in the book of Acts. Discussion questions from Acts will be emailed weekly to the group members to download and bring to class with a Bible.

Learning, deliberation and application happens in a friendly group atmosphere. Augmenting the study will be periodic DVD's to help form better understanding of these Scriptures. We welcome all women! For more information and sign-ups contact Judy Peterson at judypeter@icloud.com or 603-833-0646.

WALK AEROBICS

By Roseann Andare

Want to get together with your friends and neighbor and do something good for your heart at the same time? Then walk aerobics is your answer. We meet Monday through Saturday at 9:30 a.m. in the PAC room. The range is from two to five miles depending on the day. Don't worry - even though we are walking inside you will work up a good sweat! Grab a towel, some water and join us for some fun.

WHAT'S HAPPENING IN YOUR GARDEN

Northern Mockingbird

October was Florida Native Plant Month. There are activities, fairs, festivals, and plant sales all month long. Watch your newspaper for announcements and check out <https://fnps.org/news/plantmonth>. Both Hernando County and Pasco County chapters of the Florida Native Plant Society had open houses with native plant sales, Master Gardener information tables, a large selection of quality nursery grown native plants, plus society members on hand to answer questions and direct you to the type of plant you're seeking, plant profiles for each plant purchased, and literature and nursery info for you as future reference.

The Nature Coast Chapter hosted their sale at the ROSEBUD CONTINUUM Fall Open House at 22843 Hale Road in Land O'Lakes (corner of Collier and Hale). The Rosebud Continuum is a sustainability education and research center with an extensive native plant demonstration area. Look at www.rosebudcontinuum.org for their website.

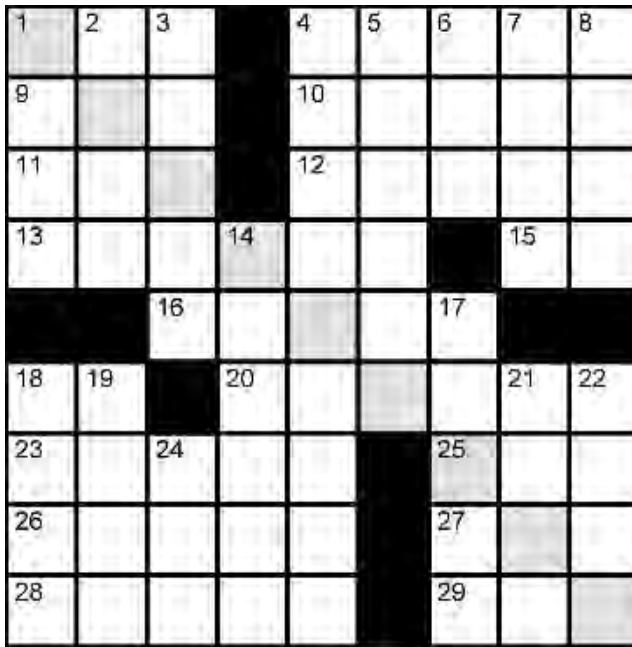

Also check out our beautiful collection of native Beautyberry bushes at Paleo Park. All that flower blooming time this summer . . . which kept the pollinators happy . . . has now produced the bright colored berries, which are now making the birds very happy.

How to solve sudoku puzzles

No math is required to solve a sudoku. You only need logic and patience.

Simply make sure that each 3x3 square region has only one instance of the numbers 1-9. Similarly, each number can only appear once in a column or row in the larger grid. The difficulty on this puzzle is easy.

TIPS FOR THIS MONTH

WHEN GETTING READY TO SELL YOUR HOME, remember that the majority of home buyers begin their home search on the Internet. That is why it is so important to make your photos stand out. **One** little thing you can do to make your home look spacious and clean is to clear off the kitchen and bathroom countertops before the listing photos are taken. **Easy fix.**

Check out my web site. You not only can see all the listings within Heritage Pines but you can check out the listings anywhere in the **USA**
